Are cops not allowed to be citizens at times and just be able to be themselves like everyone else?

Hey Alexa, what is white privilege?:

'White privilege is storming the capitol building and not getting shot'.

Is she getting any letters from police agencies? Nope

Yes they absolutely are. The problem lies with the fact that like it or not we are all public figures and need to uphold a higher standard. You're in a position where young kids look up to you and want to be like you. Common sense delegates that this was not going to stay peaceful for long. Plus it'

You're in a position where young kids look up to you and want to be like you. Common sense delegates that this was not going to stay peaceful for long. Plus it's my understanding he had some colorful fb posts that he has since taken down and even deleted his account so what does that tell you?

I've been doing this job long enough to know these things. I'm not defending Jeff Farmer. He's done a lot of dumb shit, no doubt. I'm wanting to know what did he do this time and what exactly was it he said (maybe I didn't catch it) to make your office right that letter

Mmmm how about racial profiling, intimidation and excessive use of force?

7:26 PM

0

He did that in DC?

7:26 PM

No, he does it everyday to our clients

7:27 PM

And I don't know exactly what he said bc the only smart thing that guy has ever done is block me from his fb day 1 😂

I've heard those things and that's why we work with the SO on a limited as needed basis.

I'm isolating DC.

And is Skye Hanson going to be held accountable for her obvious racially based Twitter post?

7:29 PM

Eh? You were isolated in DC?

Heck no bc she's being racially biased in a positive way! 😊

Well I'm trying to have an honest full hearted conversation with you about it but apparently that's not going to happen. Thanks

7:30 PM

I am being honest and full hearted, you and I have always been friends and I care a great deal about you. I guess you just have to look at it as a totality of circumstances kind of thing. For example, I would not have given my support if it were you on the other side bc I know that's not who you are

Again...I agree somewhat on where you're all coming from. Im assuming you all don't care, but this letter is circulating quickly and it may be (for the sake of relations) to offer some type of clarification because all cops in Franklin County are pretty appalled by it.

For example, I would not have given my support if it were you on the other side bc I know that's not who you are at your core. But when you add him going there to what would clearly turn into a violent attack on everything we all should believe in with the fact that those same violent tendencies are getting applied and misused in our own city against our clients something should be done.

All cops in Franklin also know how shady Jeff can be so no one is arguing that.

It's really not about Jeff. It's a bunch of defense attorneys saying a cop can't go to dc off duty and protest or exercise his 1st

But Skye can get on Twitter and insinuate we shoot black any chance we get. If she wants to know what it's like to kill someone have her call me

7:43 PM

Gotcha. I will pass that along. But I do hope you all that know me at least know that I would never take action against an officer just for that. I've only made it my mission to screw with 3 in all the time I've been there; Qualls, Melton, and Farmer.

Hey don't get mad at me for her transgressions!
