

# MEDICAID EXPANSION CUT MORTALITY RATES

A recent study found states which expanded Medicaid saw reduced mortality rates from 2014-17. A look at neighboring states where one expanded Medicaid access and one didn't.

■ Did not expand    ■ Expanded

Missouri  
**+194**  
**DEATHS**

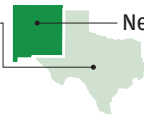

Illinois  
**-345**  
**DEATHS**

Tennessee  
**+241**  
**DEATHS**

Kentucky  
**-176**  
**DEATHS**

Texas  
**+730**  
**DEATHS**

New Mexico  
**-71**  
**DEATHS**
