Oxycodone - 60 pills and 0.7 grams

Carisoprodol - 1 pill

Alprazolam - 1 pill

Hydrocodiene - 10 pills

Narrative

Narrative

Describe all work activities or areas of interest/concern not reported in the prior sections.

Include any activities that will assist the Department of Public Safety to properly review and evaluate the program. For example, it might be appropriate to describe (without confidential information or details) a lengthy intelligence operation, which has not yet resulted in arrests or significant drug/asset seizures. Describe all special training programs completed by task force officers (e.g. SERT, polygraph, criminal prosecution classes, etc).

The Unit has been undergoing a transition this past quarter and we really have nothing to add other than what was reported in the above sections. In the coming quarter we are working on revamping our clandestine lab operations including recertification for our detectives.
