

Chaska Education Association extends our deep gratitude and congratulations to these colleagues entering retirement.

They've provided extraordinary service to our community this year and throughout their careers! We recognize their unwavering dedication to students, families, and colleagues. The past few years required dramatic changes and innovation and these teachers met their students' needs in unimaginable conditions.

Thank you!

We acknowledge the incredible efforts of everyone involved in making this school year a success. School district leadership, county health department, IT personnel, school staff, community members, parents and students worked with teachers as a team to support learning. Our community's commitment to ensuring that their students receive quality education is evident in the colossal effort that was put forth this past year. We are grateful for the partnership of everyone involved. We could not have done this without them.
