If prompted for meeting number or access code: 177 584 9059

The Pioneer Trail Wetland Restoration Project consists of providing all labor, materials,

equipment and skills, and performing all operations for the removal and reconstruction of an existing outlet and restoration of approximately 7.3 acres of wetland and upland area ultimately draining to Bluff Creek. The Work consists of furnishing all labor, materials, equipment and skills, and performing all operations required to construct the Work within the site area. The Work includes, but is not limited to, mobilization and demobilization; control of water to perform work; existing utility locates; furnishing, installing, and maintaining erosion control measures and tree protection fencing; and site preparation including clearing and grubbing with select tree, vegetation, gravel, bituminous, and fence removal. The Work also includes excavation, grading, and smoothing of existing drainage channels; removal of stormwater utilities and existing mound/septic system; trench-cut and plugging of existing unwanted drain tile lines; locating and preservation of existing drain tile; installation of water level control structure; installation of new flared end sections, storm sewer piping, and inline check valves; installation of erosion control blanket and turf reinforcement mat; seeding and mulching, planting trees and shrubs; performing site cleanup, restoring and seeding of all disturbed areas; all as provided for in the Bidding Documents.

All quantities and work items in this advertisement for bid are approximate and not guaranteed.

The potential bidder's attention is directed to the Instructions to Bidders (IB-20.01A) with regard to the mandatory pre-bid meeting scheduled to be held on July 26, 2021 beginning at 9 a.m. CDT, at the project site along Pioneer Trail, unless otherwise modified by Addendum.

Complete digital project documents are available at www.questcdn.com. To access the electronic bid form, download the project documents and click the online bidding button at the top of the advertisement. You may download the digital plan documents for thirty dollars (\$30.00) by inputting Quest Project #7853067 on the website's Project Search page.

Please contact QuestCDN.com at 952-233-1632 or info@questcdn.com for assistance in free membership registration, downloading, and working with this digital project information. Potential bidders may obtain the printed documents from the Engineer for a nonrefundable price of one hundred dollars (\$100.00) per set. Please make your check payable to Barr Engineering Co. and send it to 4300 MarketPointe Drive, Suite 200, Minneapolis, Minnesota 55435. Please contact us at Phone: 952-842-3613; or Fax: 952-832-2601 if you have any questions. Partial sets of documents will not be issued.

A contractor responding to this solicitation document shall submit to the Owner a signed statement under oath by an owner or officer verifying compliance with each of the minimum criteria in Minnesota Statutes section 16C.285, subdivision 4.

The bid of the lowest responsible and responsive bidder is intended to be accepted on or before the expiration of sixty (60) days after the date of the opening of bids. The Owner, however, reserves the right to reject any or all bids and to waive any nonmaterial irregularities, informalities, or discrepancies, and further reserves the right to award a contract for each project in the best interest of the Riley-Purgatory-Bluff Creek Watershed District. (Published in the Chanhassen Villager on Thursday, July 15 and 22, 2021; No. 4073)
