I was told of the convictions you are using in the penalty face of the trial. Some of them are wrong.

Enclosed is my court record from my past. I did not include my arrest & nolle pros. charges. I have at least 50 or more charges that were dropped, nolle pros, or got a fine. If you need that Greg Kalin has my complete history. He has had this info for a long time now.

Sincerely

Plus the list you have
I got from Greg Kalin...
I heard Judge Carrico
never tried a Capital case before. I guess
that's why he didn't know he had to call
the capital defense team.

This should be fun with
2 ~~no~~ no experience judge & 2 half
with comm. attorneys.

I'm call Lamont Douglas
as a witness. I hope you don't block him
because Judge Carrico has history with
him and LOST - like a dummbass he is.
Or because he stabbed a CP —
Don't fuck up —
