NPI/Franklin News National Tracker – July 2024

Methodology: The poll was conducted by Noble Predictive Insights from July 8-11, 2024 and surveyed registered voters nationally via opt-in online panel and text-to-web cell phone messages. The sample included 2,535 respondents comprised of 1,073 Republicans, 1,221 Democrats, and 241 True Independents (Independents who, when asked if they leaned towards one of the major parties, chose neither). Of the full sample of registered voters, 2,295 were qualified as "likely voters."

The poll weighted each party – Republicans, Democrats, and True Independents – independently. In other words, our Republican subsample is weighted so it matches the national Republican population, and the same is true for Democrats and True Independents. Additional weighting variables include age, region, gender, education, and race/ethnicity.

The margin of error was +/- 2.0% for registered voters and +/-2.1% for likely voters. Numbers may not add up to 100% due to rounding.

The report below shows the results for LIKELY VOTERS. The report - showing toplines and cross-tabs for registered voters is a separate PDF.

Q01: Would you say that things in the country are going in the right direction or heading in the wrong direction?

Demographic (raw n), (weighted n)	Right direction	Wrong direction	Not sure
Likely voters (2295), (2300.6)	*24%*	*65%*	*11%*
Female (1286), (1185.9)	22%	65%	13%
Male (1009), (1114.7)	26%	66%	8%
White (1705), (1603.9)	22%	69%	9%
Black (283), (256)	41%	44%	14%
Hispanic (166), (257.3)	28%	60%	12%

Q12_1: Here are some statements about trade policy. Please select whether you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with each. If you're not sure, you can indicate that too. - Cheap foreign goods are wiping out U.S. companies. The government should tax foreign products until the playing field is level.

Q13: The Biden Administration recently expanded Title IX - which originally protected people from discrimination based on sex in federally funded education programs - to include LGBTQ+ people. Some effects of the change include strengthening anti-harassment protections for LGBTQ+ people and allowing transgender women to use women's bathrooms and locker rooms. Do you approve or disapprove of the changes to Title IX?

Q22: When it comes to the timing of Trump's trials, which of the following statements best reflects your view?

Demographic (raw n), (weighted n)	These trials must wrap up as quickly as possible - Americans need this information to decide their vote.	It doesn't matter if the trials wrap up before November - voters will be able to make an informed choice.	The trials should take as long as they need - even if it means that Trump wins and then faces trial while serving as president.	These trials are politically motivated, and Trump should be acquitted as soon as possible	Not sure	Something else
