

## **NPI/Franklin News National Tracker – October 2024**

**Methodology:** The poll was conducted by Noble Predictive Insights from Oct 2-4, 2024 and surveyed registered voters nationally via opt-in online panel and text-to-web cell phone messages. The sample included 2,560 respondents comprised of 1,135 Republicans, 1,162 Democrats, and 263 True Independents (Independents who, when asked if they leaned towards one of the major parties, chose neither). Of the full sample of registered voters, 2,290 were qualified as “likely voters.”

The poll weighted each party – Republicans, Democrats, and True Independents – independently. In other words, our Republican subsample is weighted so it matches the national Republican population, and the same is true for Democrats and True Independents. Additional weighting variables include age, region, gender, education, and race/ethnicity.

The margin of error was +/- 1.9% for registered voters and +/-2.1% for likely voters. Numbers may not add up to 100% due to rounding.

**The report below shows the results for REGISTERED VOTERS. The report - showing toplines and cross-tabs for registered voters is a separate PDF.**

**Q01: Would you say that things in the country are going in the right direction or heading in the wrong direction?**

<b>Demographic (raw n) (weighted n)</b>	<b>Right direction</b>	<b>Wrong direction</b>	<b>Not sure</b>
<b>Registered voters</b> (2560) (2560)	28%	61%	11%
<b>Female</b> (1409) (1330.9)	25%	61%	14%
<b>Male</b> (1151) (1229.1)	32%	61%	8%

**Q10: The Biden Administration recently expanded Title IX ' which originally protected people from discrimination based on sex in federally funded education programs ' to include LGBTQ+ people. Some effects of the change include strengthening anti-harassment protections for LGBTQ+ people and allowing transgender women to use women's bathrooms and locker rooms. But pending lawsuits against the new rules have blocked its implementation in 26 states. Do you approve or disapprove of the changes to Title IX?**
