

UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF GEORGIA
ATLANTA DIVISION

DAVID CAVENDER,
MICHELE BEAGLE,
MICHAEL DONDELINGER,

Plaintiffs,

v.

CRAIG OWENS, *in his official and
individual capacity,*

Defendant.

No.: _____

VERIFIED COMPLAINT
FOR PRELIMINARY AND PERMANENT INJUNCTIVE RELIEF AND
NOMINAL DAMAGES

COME NOW Plaintiffs, David Cavender, Michele Beagle, and Michael Dondelinger (hereinafter, collectively “Plaintiffs”), who, by and through counsel, bring this complaint pursuant to 42 U.S.C. § 1983, and the First and Fourteenth Amendments to the United States Constitution, for equitable relief and nominal damages, for the violation of the Plaintiffs’ First Amendment Rights.

INTRODUCTION

1. Defendant Craig Owens was displeased that certain persons, including the Plaintiffs, were publicly criticizing his performance as the Sheriff of Cobb County, Georgia. Instead of upholding the First Amendment and stomaching

speech he found personally distasteful, Owens decided instead to utilize the powers of his office to censor the speech of Plaintiffs, and others, based on viewpoint. Specifically, Owens deleted comments made by Ms. Beagle and Mr. Cavender, effectively censoring and silencing their speech, on the Cobb County Sheriff's Office official Facebook page ("Official Account"). Thereafter, Mr. Owens decided to censor all speech to prevent speakers with critical viewpoints from expressing their opinions.

PARTIES

2. David Cavender is a citizen of Cobb County, Georgia, and resides within the district. Mr. Cavender has decades of combined experience in law enforcement and the military. Mr. Cavender is and was particularly concerned with law enforcement in Cobb County and opposed the re-election of Owens.
3. Mr. Cavender spoke publicly against Owens in many fora, but particularly posted critical remarks on the Official Account. Mr. Cavender ran an unsuccessful political campaign against Mr. Owens and plans to continue his campaign against Owens in the marketplace of ideas.
4. Mr. Cavender has in the past been prevented from posting on the Official Account and will continue to be prevented from posting on the Official Account in the future. As soon as the unconstitutional restrictions are removed from the account Mr. Cavender will again be commenting on the Official Account.

5. Micheal Dondelinger is a citizen of Cobb County, Georgia, and resides within the district. Mr. Dondelinger is a law enforcement veteran and retired from the Cobb County Sheriff's Office after years of service. Mr. Dondelinger is and was particularly concerned with law enforcement in Cobb County and opposed the re-election of Owens.
6. Mr. Dondelinger spoke publicly against Owens in many fora, particularly wished to post critical remarks on the Official Account, but was prevented from doing so. Mr. Dondelinger ran an unsuccessful political campaign against Mr. Owens, together with Mr. Cavender, and plans to continue to speak out against what he sees as maladministration of the Cobb County Sheriff's Office.
7. Mr. Dondelinger has in the past been prevented from posting on the Official Account and will continue to be prevented from posting on the Official Account in the future. As soon as the unconstitutional restrictions are removed from the account Mr. Dondelinger will again be commenting on the Official Account.
8. Michele Beagle is a citizen of Cobb County, Georgia, and resides within the district. Ms. Beagle is and was particularly concerned with law enforcement in Cobb County and opposed the re-election of Owens. Ms. Beagle is highly active within the public sphere and concerned with politics nationally and locally.

9. Ms. Beagle spoke publicly against Owens in many fora, but particularly posted critical remarks on the Official Account. Ms. Beagle plans to continue to speak out against Owens and to continue to make public her discontent with his actions as the Cobb County Sheriff.
10. Ms. Beagle has in the past been prevented from posting on the Official Account and will continue to be prevented from posting on the Official Account in the future. As soon as the unconstitutional restrictions are removed from the account Ms. Beagle will again be commenting on the Official Account.
11. Mr. Owens is the Sheriff of Cobb County, Georgia. On information and belief, Mr. Owens is a citizen of Cobb County and resides within the district. When served, on information and belief, he will be subject to the jurisdiction of this Court.
12. As the Sheriff of Cobb County, Mr. Owens maintained and controlled the Official Account. On information and belief, he set all policies and practices of the Official Account and had final say over all relevant actions, including retaliatory censorship, that occurred on the Official Account during all times relevant to this Complaint.
13. At all times relevant to this Complaint Mr. Owens was acting under color of law.

JURISDICTION AND VENUE

14. This Court may properly exercise jurisdiction over this complaint pursuant to 28 U.S.C §§ 1331, 1343(a), in that it is a civil rights matter brought under 42 U.S.C. § 1983.

15. This Court has jurisdiction to grant declaratory and injunctive relief pursuant to 28 U.S.C. §§ 2201, 2202, and 42 U.S.C. § 1983.

16. Venue lies in this Court under 28 U.S.C. § 1391 because the events giving rise to the Plaintiffs' claims arose in this district.

FACTS COMMON TO ALL COUNTS

17. Plaintiffs wish to engage in constitutionally protected speech on the Official Account and are currently being prevented from doing so because of certain restrictions Mr. Owens has put in place. Plaintiffs seek to comment and post on the Official Account as a whole and seek unfettered access to all posts of the Official Account.

18. The Official Account was created in or about January 2021.

19. The Official Account is associated with the Cobb County Sheriff's Office and is maintained by the Office rather than any individual. As the Sheriff of Cobb County, Mr. Owens, at all times relevant to this complaint, controlled and maintained the Official Account.

20. The Official Account is labeled an "official" account and the posts on the Official Account detail the doings of the Cobb County Sheriff's Office. The

Official Account is apparently operating under the authority of the Cobb County Sheriff's Office and in his role as Cobb County Sheriff, Owens has the actual authority to control the account and communicate with the public.

21. The posts published by Owens on the Account concern, as a general rule, the Cobb County Sheriff's Office and its official business.
22. In or about October 2024, Owens began making laudatory posts on the Official Account celebrating his performance as Sheriff and the accomplishments of the Cobb County Sheriff's Office during his tenure as Sheriff.
23. This was done, on information and belief, to better his chances of re-election in the run up to election day on November 5, 2024.
24. During the same time, *i.e.*, in October of 2024, a video of Owens utilizing Cobb County Sheriff deputies to intercede in a personal dispute with Burger King employees became viral. Owens had placed an order for a Whopper without mayonnaise, and to be cut in half, and apparently the staff had provided him a hamburger with mayonnaise. Rather than simply accept the order, or deal with it himself, he called deputies to have them intercede in the dispute on his behalf. Throughout the complaint, Plaintiffs refer to this controversy as the "Misuse of Public Funds."
25. In addition to this, also during October of 2024, it became clear that Owens was misrepresenting certain facts relating to his supervision of the Cobb County

Sheriff's Office. Specifically, Owens falsely claimed that for the first time in the Office's history "pepperball guns" were being utilized; they had in fact been used by the office for decades.

26. Additionally, controversy arose around the murder of an inmate within the Cobb County jail and the avoidance of legal process by Owens.

27. In reaction to all of the above, the public generally, and the Plaintiffs particularly, had been leveling harsh criticism against Owens.

28. Much of this criticism came in the form of comments on posts made on the Official Account.

29. Both Ms. Beagle and Mr. Cavender were making multiple comments that were critical, embarrassing, and critical on the Official Account.

30. This continued throughout October, but reached a tipping point in the final days of the month, specifically between October 25, 2024 and October 29, 2024.

31. Until this point there were no restrictions of any sort present on the Official Account any person could post about any topic. Even today the same remains true; however, Owens has put in place sweeping restrictions on all posts made after October 29, 2024.

32. On information and belief from October 29, 2024, Owens has utilized Facebook's "filtering tools" to limit the ability of the public to post on eleven

separate posts. There are thousands of other posts all of which remain open to comment on any topic by any person.

33. On information and belief, these restrictions were put in place because of the viewpoint of commenters' posts grew increasingly critical of Owens and his performance as Sheriff; in other words Owens put the restrictions in place to prevent the expression of a viewpoint.

34. On information and belief, a significant portion of the comments made between October 25 and October 28, 2024, focused on the embarrassing public controversies in which Owens found himself, including the Misuse of Public Funds which had received both local and national media attention.

35. Although these eleven posts cannot be commented on unless, on information and belief, you are a "friend" of the Official Account or "referenced" within the post, there remain no broad for-wide restrictions on the Official Account.¹ Anyone can continue to comment on any particular topic but must do so on older posts which are not prominently displayed.

36. The Official Account, in its entirety is a designated public forum and from its inception has been open to all comment, on every topic, by every person.

¹ These Per-Post restrictions are similar to standardless permitting, *i.e.*, were a commenter a friend or referenced that commenter could post speech, but there are absolutely no standards by which that occurs other than the unbridled discretion of Owens.

37. The Official Account from its inception and over the course of years, sought public comment and to interact with the public absent any limitation, actively seeking interaction with the public.

38. Only after highly critical comments became the norm did the Official Account limit comments through post-specific limitation; limitations that do not affect the forum as a whole.

39. On information and belief, these restrictions were put in place to burden and disadvantage the critical speech then being posted on the Official Account.

40. During the period, from October 25, 2024 until October 29, 2024, virtually every post made by the Official Account had significant user engagement, *i.e.*, each post received numerous comments, and the majority of those comments were critical.

41. During the same time, the Official Account deleted, hid, or otherwise made unavailable multiple critical comments of users, including comments made by Ms. Beagle and Mr. Cavender.

42. On information and belief, five comments were deleted, hidden, or otherwise made unavailable.

43. On information and belief all of these deleted comments were critical of Owens.

44. On information and belief, these comments were deleted due to the viewpoints expressed.

45. On or about October 29, 2024, Ms. Beagle learned that posts on the Official Account purported to have comments limited. Ms. Beagle immediately commented on a post from October 29, 2024, which remained at the time open to comment and noted her concern that this practice might be violative of the First Amendment. Immediately after posting this comment, Ms. Beagle's comment was deleted, and the October 29, 2024 post on which Mr. Beagle had made her comment had its settings altered to prevent her from making further comment—Ms. Beagle was neither a friend nor referenced in the post.

46. On or about October 29, Mr. Cavender, and Mr. Dondelinger, noted the same limitations.

47. On the same day Mr. Cavender, unable to comment on newly made posts, posted a comment on an October 25, 2024 Official Account post, and published a comment relating to the Sherriff's avoidance of the service of legal process. This comment of Mr. Cavender's was likewise deleted, that same day.

48. Mr. Dondelinger, a relatively new Facebook user, had learned recently how to properly comment on other party's posts and wished to post on the Official Account. He attempted to do so on October 29, 2024, but was unable to post on a post newly made, prominently displayed post relating to deputy training published October 29, 2024 because the ability to comment on the same had

been curtailed and Mr. Dondelinger was not a friend nor referenced within the post.

49. On information and belief, because of the method in which Facebook is utilized commenting on recent posts rather than older posts has a drastic effect on the audience one's comment will reach and the interaction that will be had with one's comment. Older posts appear lower on a user's Facebook account and require the other user to scroll down the page to locate the older account—in essence the newer the post the more prominently it is placed. Thus comments on older posts are in effect hidden and likely will never be seen by any other Facebook user/interacted with by any other Facebook user—commenting on a weeks-old post is the same as screaming into the void, it is generally futile.

50. Facebook allows its users to impose various restrictions on the ability of the public to comment or participate on both entire pages (“Forum-wide Restrictions”) and specific posts (“Per-Post Restrictions”), but by default all posts can be commented on by all users.

51. Owens has never utilized Forum-wide Restrictions and has only placed Per-Post Restrictions on a handful of posts. This was done immediately after the tone and tenor of the comments became highly critical of Owens and his conduct. On information and belief, the Per-Post Restrictions were put in place to

suppress speech that was critical of Owens, including specifically the speech made by Plaintiffs.

52. Facebook does not allow users to bar all comments or interaction through an alteration of settings alone, such can only be accomplished through settings and additional actions.

53. On information and belief, Owens utilized at different times and on different posts a “Friends Only” restriction, which limits the ability of users who are not friends and followers to comment on specific posts, and a “Reference Restriction” which prevents any user not referenced in the post itself from commenting on a post.

54. Of the eleven posts which are subject to Per-Post Restrictions, Owens allowed comments on five of those posts before putting in place the restrictions, and on information and belief certain select users remain able to comment even on those eleven posts.

55. After beginning to utilize the Per-Post restrictions, Owens posted a *post hoc* pretextual explanation of the censorship on November 1, 2024:

The Cobb County Sheriff’s Office is committed to creating an informative, safe and respectful space on our social media channels. To help ensure our posts continue to focus on providing community safety updates and educational information about the Sheriff’s Office and what we do, we have turned off the comments feature. No one will be able to comment on posts although Facebook may display that comments are “limited,” all posts will be restricted from being able to comment. We remain dedicated to keeping residents, visitors, and

stakeholders informed while maintaining a respectful online environment . . .

56. The pretextual explanation is not only demonstrably untrue—various users remain able to comment on the Official Accounts posts: absolutely any user may comment on virtually anything whatsoever on well over 99% of the forum’s posts; any user referenced in the Reference Restricted posts may comment on that post; and any friend or follower may comment on Friends Only posts—but also fails to set forth any standards by which one may gain the ability to comment on newly made posts, *i.e.*, posts which are Reference Restricted or Friends Only.
57. Owens continues to allow certain persons to comment on new posts and has set forth no objective written standards as to who may do so, and how one might gain such permission, either by becoming a friend/follower or by being referenced in the post. Owens exercises complete and unbridled discretion over such friend selection and as to who is referenced in posts.
58. Moreover, even assuming that the pretextual explanation is true, the Per-Post Restrictions do not appear to further the goals stated, none of the previous comments interfered with the ability of the Official Account to provide educational information, safety information, community safety updates, or the maintenance of a “safe” or “respectful” space, nor do the Per Post Restrictions limit all comment.

59. Moreover, the restrictions act as a prior restraint to the vast number of public users and commenters.

60. Further, any number of restrictions or regulations would better further those pretextual goals while burdening less speech. Owens could have established and enforced clear rules of etiquette for public comments on the Official Account, including rules against disrespectful, distracting, unsafe, repetitive, or off-topic comments. He could have set forth clear guidelines on what comments would be deleted or blocked. He could have completely closed off the forum to public comment as said, this at least would affect all parties uniformly, be coherent, and actually be true—again the pretextual explanation simply is untrue. He could have put in place word filters. He could have set forth a coherent system on which posts would be subject to Per Post Restrictions or any other number of other less onerous regulations.

61. No plaintiff, and on information and belief, no person, has ever made a comment that is pornographic, obscene, threatening, inciting violence, or otherwise not protected by the First Amendment on the Official Account.

COUNT I

Retaliation for Exercise of First Amendment Free Expression under 42 U.S.C. § 1983
(By Ms. Beagle and Mr. Cavender against Defendant in his individual and official capacity)

62. Plaintiffs incorporate all allegations set forth above as if set forth here at length.

63. Ms. Beagle and Mr. Cavender engaged in constitutionally protected speech throughout October 2024 by commenting on the posts of the Official Account.
64. Specifically, the comments made on or about September 29, 2024, referenced in paragraphs 45 and 47, were speech protected by the First Amendment (“Actively Punished Speech”).
65. Mr. Owens deleted, hid, or otherwise made unavailable to the public the Actively Punished Speech, censoring that speech and effectively silencing Ms. Beagle and Mr. Cavender.
66. Moreover, Owens has prevented Ms. Beagle or Mr. Cavender from making new comment similar to the Actively Punished Speech on newly published posts on the Official Account, which has the effect of hiding their speech and removing it from public sight.
67. Such conduct would deter a person of ordinary firmness from the exercise of First Amendment rights. Moreover, the blocking of Plaintiff from commenting on current posts is a prior restraint on their future speech.
68. On information and belief both the Per-Post Restrictions that Owens has put in place and the deletion of the Actively Punished Speech was the result of the viewpoints expressed by Ms. Beagle and Mr. Cavender; the viewpoints of the protected speech was the but for cause of both the retaliatory deletion and the Per-Post Restrictions put in place by Owens.

69. Plaintiffs were damaged by the conduct of Owens related above and are suffering ongoing injury as a result of the retaliation complained of above.

70. Monetary relief will not fully recompense Plaintiffs for this continuing and irreparable injury.

71. Plaintiffs seek injunctive relief requiring Defendant to (1) cease its unlawful practice of retaliatory censorship Plaintiff's comments on the Facebook page due to viewpoint discrimination and to restore all deleted, removed, or otherwise hidden comments on the Official Account; (2) cease the current unconstitutional and standardless practice of deleting comments, blocking posters, and restricting commenters to those who are friends or referenced within posts, *i.e.*, the Per-Post Restrictions; (3) restore posting privileges to the eleven posts that have been blocked and afford Plaintiffs full access to comment on all posts on the Official Account; and (4) require the Defendant to set forth clear standards that limit discretion of Defendant should the Defendant attempt to regulate future speech on the Official Account concurrently with the implementation of any such future regulation.

72. Additionally, because a controversy has arisen between Owens and Plaintiffs Beagle and Cavender, Plaintiffs seek a declaration that the retaliatory and discriminatory practices described above violate Ms. Beagle's and Mr. Cavender's First Amendment rights.

COUNT II

***Violation of Plaintiff's First and Fourteenth Amendment Right to Free Speech
under 42 U.S.C. § 1983***

(By All Plaintiffs against Defendant in his individual and official capacity)

73. Plaintiffs incorporate paragraphs 1-61 and 63-70 as if set forth here fully at length.
74. Speech utilizing Facebook and other social media pages for governmental bodies is subject to the same First Amendment protections as any other speech.
75. The Official Account is a designated public forum, or alternatively a limited public forum.
76. Speech posted on the Official Account, specifically the speech of Plaintiffs' made on the Official Account and wish to make on the Official Account, is protected speech.
77. Defendant's retaliatory censorship, including the deletion of and censorship of speech based on viewpoint constitutes a viewpoint discrimination and violates the First Amendment.
78. Defendant's prospective censorship of Plaintiffs' speech through Per-Post Restrictions constitutes a prior restraint and violates the First Amendment.
79. Defendant's Per Post Restrictions were put in place to suppress speech based on the viewpoint expressed and is forbidden under the First Amendment.

80. In any event the Per Post Restrictions lack any concrete standards and allow Owens unbridled discretion to limit any post to “friends” or “followers” and to those “referenced” without clearly setting forth standards of who may belong to those groups or upon which posts the Per Post Restrictions may apply and on what basis.

81. Further, the restrictions complained of are neither narrowly drawn nor reasonably necessary to further a legitimate government interest. Indeed, in this case there is no legitimate government interests because on information and belief Owens has put in place the restrictions solely to burden speech and speakers based on viewpoint.

82. Defendant’s actions constitute direct attacks on the speech of Ms. Beagle and Mr. Cavender; chill the speech of the citizenry more broadly; and prevent Mr. Dondelinger and other concerned citizens from utilizing a designated public forum.

83. Defendant violated and continues to violate a clearly established constitutional rights of Plaintiffs.

84. The Plaintiffs, as well as all of the members of the public who are subject to the unconstitutional restrictions, are suffering an ongoing irreparable injury, namely they are being prevented from exercising their First Amendment rights.

85. There exists an actual controversy as to whether the above actions violate the First Amendment and a judicial declaration as well as injunction are necessary.

86. Plaintiffs seek injunctive relief requiring Defendant to (1) cease its unlawful practice of retaliatory censorship Plaintiff's comments on the Facebook page due to viewpoint discrimination and to restore all comments which have been deleted, hidden, otherwise made unavailable on the Official Account; (2) cease the current unconstitutional and standardless practice of deleting comments, blocking posters, and restricting commenters to those who are friends or referenced within posts; (3) restore posting privileges to the eleven posts that have been blocked and afford Plaintiffs full access to comment on all posts on the Official Account; and (4) require the Defendant to set forth clear written standards that limit discretion of Defendant should the Defendant attempt to regulate future speech on the Official Account concurrently with the implementation of any such future regulation.

87. Plaintiffs seek a declaration that the acts described above violate the First Amendment; Plaintiffs specifically request that the Court declare that the retaliatory imposition of Per-Post Restrictions based on viewpoint violates the First Amendment.

88. Because Plaintiffs have suffered damage, as a result of the actions set forth above, each Plaintiff seeks nominal damages in the amount of \$3.50 against Defendant in his individual capacity.

WHEREFORE, Plaintiffs respectfully request this court:

- A. Assume jurisdiction over this action;
- B. Hold a jury trial on all issues so triable;
- C. Award nominal damages to each Plaintiff against Defendant in his individual capacity in an amount of \$3.50 or any other amount to be determined by jurors;
- D. Award reasonable attorney's fees, expenses, and costs of litigation pursuant to 42 U.S.C. § 1988 and other applicable law;
- E. Enter the preliminary injunctive relief, requested in the concurrently filed motion for preliminary injunction, and schedule a hearing for the same as soon as reasonably practicable;
- F. Declare the actions of Defendant Owens, including the retaliatory imposition of Per-Post Restrictions, to be view-point based restrictions in violation of the First Amendment;
- G. Enjoin the Defendant's unlawful practice of retaliatory censorship of Plaintiffs' comments on the Official Account and enjoin the Defendant

from deleting comments, blocking posters, or restricting commenters to those who are friends or referenced within posts;

- H. Enter a mandatory injunction requiring Defendant to restore all comments deleted, hidden, or otherwise made unavailable on the Official Account, requiring Defendant to restore posting privileges to the eleven posts that have been restricted through Per-Post Restriction, requiring Defendant to afford Plaintiffs full access to comment on all posts on the Official Account, and requiring the Defendant to set forth clear standards that limit discretion of Defendant should the Defendant attempt to regulate future speech on the Official Account concurrently with the implementation of the regulation put in place;
- I. Award such other and further relief as this Court deems just and proper.

Respectfully submitted this 13th day of November, 2024.

Honoring Our Heroes

Yesterday, we had the privilege of thanking the brave firefighters at Cobb County Fire Station 16, who saved the life of our very own D/O Waller. Their swift action and expertise made all the difference, and we are beyond grateful for their dedication.

It was a powerful reminder of the strength in our community and the commitment of our first responders. Thank you, Fire Station 16, for being there when it mattered most.... See more

The Marietta Business Association and LGE Credit Union honored three deputies for their heroic lifesaving efforts. Sgt. Newell, Dep. Garcia and Dep. Granger responded to a citizen in medical distress and performed emergency medical procedures to resuscitate the individual.

Sheriff Owens was the keynote speaker and discussed the various divisions of the sheriff's office and how the office is dedicated to keeping Cobb County's residents safe. [#cobbsheriff](#)

CCSO Strategic Plan : Achieve Organizational Efficiency, Effectiveness, and Adaptability (Part 1)

Sheriff Craig D. Owens has implemented key initiatives to ensure the Cobb County Sheriff's Office operates at its highest potential. By holding regular bi-weekly meetings with command staff, introducing cost-saving software, and modernizing services, the agency is more efficient and adaptable than ever. Renovations at key facilities like the South Annex and courthouse checkpoints further enhance our capabilities.

Under Sheriff Owens' leadership, CCSO has earned the prestigious Triple Crown Accreditation, a rare honor recognizing excellence in law enforcement, corrections, and healthcare, awarded to fewer than 100 sheriff's offices nationwide. Lieutenant Lolita Jones explains how this distinction sets CCSO apart and highlights our commitment to the highest standards in public safety. Additionally, we have achieved Mental Health Accreditation, showcasing our dedication to mental health services and professionalism.

Together, we are raising the bar for law enforcement in Georgia!

Happy Halloween 2024

7 tips to keep kids safe and healthy this Halloween

Tips 1
Costume Safety
Choose costumes that are bright and visible. Make sure they fit well to prevent tripping. Use face paint instead of masks for better visibility.

Tips 2
Candy Inspection
Parents should check all candy for tampering or unsafe items before allowing children to eat any treats.

Tips 3
Traffic Safety & Supervision
Encourage children to walk on sidewalks and cross streets at crosswalks. Remind them to look both ways before crossing. Young children should be accompanied by an adult while trick-or-treating. Older kids should go in groups and have a set route.

Tips 4
Household & Neighborhood Safety
If you're handing out candy, make sure your walkway is well-lit and clear of obstacles. Remind kids to be polite and respectful, and only visit houses that are participating in Halloween.

Yesterday was a historic day in law enforcement. The DEKA Research and Development team, founded by Dean Kamen has partnered with the Cobb County Sheriff's Office (CCSO) to reveal the Sentry robot.

The robots are designed to reinforce security around the perimeter of the jail and seamlessly assist deputies with some of their duties inside the facility.

Standing at nearly 6 feet tall, Sentry robots are equipped with 360 degree cameras, night vision, lights, heat detection and two way audio capabilities which allow the robots to communicate in real time. The inclusion of Sentry robots fundamentally transforms the approach to security and eliminates risks associated with human intervention.

A 90 day pilot phase will see the DEKA and CCSO teams collaborate and tailor security protocols that meet the agency's specific needs. The agency will not incur any cost during this testing phase. @dekaresearch #cobbsheriff

Meet Deputy Smith! 🌟👤

Guided by her grandfather's words, "Be the change you wish to see in the world," she always aspired to be in law enforcement. She began her law enforcement career with Lee County Sheriff's Office in 2021.

Not only is she committed to protecting and serving, but her love for animals shines through in her work training horses and coaching at shows, she makes the most of every moment, and is always ready for her next adventure. Off-duty, she loves hiking through scenic trails, or kayaking down wide open rivers, always planning her next big adventure.

With aspirations to join the Cobb County Sheriff's Mounted Patrol Unit and eventually moving on to work in the Domestic Violence Unit, Deputy Smith is dedicated to making a positive impact. She is the true embodiment of patience, kindness, and reliability. Whether it's lending a helping hand or simply being there with a caring heart, Deputy Smith always goes above and beyond to serve our community. We're grateful to have someone so dedicated to making a difference every day.

We are please to have her on our side as she embarks on her law enforcement journey.

Caught in the act! Recently Sergeant Bowden pulled up on a stranded motorist blocking a turn lane. The motorist stated he ran out of gas and did not have anyone to call. Sergeant Bowden drove to the nearest gas station and filled up a gas can. After a few gallons of gas, the car started and Sergeant Bowden made sure he knew the location of the nearest gas station.

On this World Mental Health Day, let's remind ourselves of the importance of staying safe online. Cyberbullying can have a serious impact on mental health, especially for children. !!

Encourage your kids to speak up if they or someone they know is being bullied online. There's always help available – reach out to a trusted friend, family member, or teacher. If anyone feels in danger, contact your local police immediately.

Let's work together to protect our children's mental well-being and ensure a safer digital space for them. ❤️

Am I posting sensitive information?

Cyberbullying is the same as bullying and is never ok!

Should I post this/ Should I share this?

Check privacy settings and make sure passwords are secured

Should I click? Is it too good to be true?

Am I using free Wi-Fi?

If you think you or someone you know is the victim of cyberbullying: Don't keep it a secret. Reach out to at least one person you trust, such as a close friend, family member, counselor or teacher, who can give you the help and support you need. Don't be a part. Avoid forwarding messages or images, and tell others to stop. Another way is to report it to the site or network where you saw it. Get Help. If you feel you're in immediate danger by someone else, contact your local police. If you or someone you know is being bullied and needs immediate help, contact the National Suicide Prevention Lifeline online or call 1-800-273-TALK.

Did I hear accountability? It hasn't happened yet so how in the world should we take his word for it since he's hellbent on protecting the child sex traffickers and domestic terrorists on his watch?
My uncle Clifford was a deputy for Cobb County and I imagine he's rolling over in his grave right now over the corruption inside of the Cobb County Sheriffs Department and that child sex trafficking operation in Bentley Farm. I bet Sheriff Owens is assisting my cousin Robert Veitch to remove the human remains from that farm. Any takers on my bet?

 He put 150k of his own money in a primary against me. He's a fraud hiding behind a crappy media campaign. It's insane. I met with him before he ran against me. I suggested that I was going to encourage Latinos who had 33k registered voters to be more active in politics. His response? Brown people don't vote. He then went overboard trying to befriend the Latino community hoping no one would know. That's when I decided to go my own way rather than be with a bigot. Have y'all seen the way he speaks to his own people?

He even hired his own mama, and a former CCPD captain who hit a driver head on in a Cobb police car and was arrested by GSP and this clown made him a colonel.

He's had a pile of unqualified staff in made up positions. He won't release a budget though he says he would.

He's got a deputy that shot an unarmed man asleep on his couch. The gbi presented to the grand jury that recommended charges. Owen's response - he promoted him. Truth thrust and transparency is his make America great again slogan.

He can't even speak without a team behind him of dummy cards. Just watch his eyes bounce back and forth. You can't feign intelligence.

He was a housekeeper before becoming a cop - he's a joke. Mr Walking small. He claims "combat tours". He's been no where near men in combat. No need to lie. It's in his employee file. When he scored near the very bottom on a promotional exam he sued and eventually got promoted to oversee the dog pound.

A federal judge threw out his racist claims because other men who were minorities were promoted and he couldn't even score high enough on the test to be competitive. He's vindictive, a liar and petty. He's a coward. He shouldn't even be sheriff. The entire election board including his own party disqualified him because he couldn't read and follow the simple law to run. A judge from Rome in a hearing I was not even told about

 Yeah the buried bodies on Bentley Farm are my motive to expose Cobb County. I'm going to prove that Cobb Sheriffs Department was the last agency to be considered for the Triple Crown Award simply because child safety means nothing to your agency and that this department couldn't rescue over a dozen children from sexual predators and human traffickers even if the life of Sheriff Owens depended on it. This department is a total disgrace to the terms integrity and honor as long as you sponsor and support child sex trafficking with the Bentleys. The good men and women in your department do not deserve the bad rap the past 5 sheriffs of this county have earned this agency. So don't blame me for telling it the way it truly is. Craig Owens needs to open his Bible to the 18th chapter of the Book of Matthew and get on his knees in prayer and ask our Heavenly Father for guidance, correction and reproof because the greatest achievement in life is the sacrifice of oneself for the glory of our Lord and thus far Sheriff Owens is highly lacking in sue diligence. So let's pray for the poor guy and if a new sheriff is elected let's pray for him too but until then Shane on you Craig Owens for putting the safety and welfare of children of Cobb County on the back burner.

How about the June 13, 1997 truck bombing attempt on the Home Depot Corporate Headquarters Sheriff Bill Hutson, Sheriff Neil Warren and Sheriff Craig Owens continues trying to hide from the public? I thought black sheriffs were supposed to protect their counties from child traffickers and domestic terrorists but not Sheriff Craig Owens. He's apparently a dirty cop like my cousin Robert Veitch was when he was employed as a police officer for Cobb County. Speaking of Robert guess who is one of the 15 primary suspects in the homicide of 6 year old Jonbebet Ramsey? My cousin Robert Veitch. Which other relative of mine was another suspect until his death in 2021? My brother Fred Rogers. Guess who in the Cobb Judicial Circuit was involved with them in Jonbenets homicide? Cobb Assistant Magistrate Mike McLaughlin who is also responsible for the 1981 homicide of 28 year old Mary Carter of Dayton, Ohio with Frank Floyd and yes Judge McLaughlin is suspected of murdering Ms Carter in front of her 2 and 3 year old daughters. Guess who told me about that? He did.

 How much of a success was it? How many applications has CCSO received as a result of this event?
 Do those applicants realize that they can never be promoted above the rank of lieutenant unless they brown-nose the Sheriff. Those positions above the rank of lieutenant are by appointment only, by the Sheriff himself.
 If you want a career in law enforcement, look elsewhere!

How about the June 13, 1997 truck bombing attempt on the Home Depot Corporate Headquarters Sheriff Bill Hutson, Sheriff Neil Warren and Sheriff Craig Owens continues trying to hide from the public? I thought black sheriffs were supposed to protect their counties from child traffickers and domestic terrorists but not Sheriff Craig Owens. He's apparently a dirty cop like my cousin Robert Veitch was when he was employed as a police officer for Cobb County. Speaking of Robert guess who is one of the 15 primary suspects in the homicide of 6 year old Jonbebet Ramsey? My cousin Robert Veitch. Which other relative of mine was another suspect until his death in 2021? My brother Fred Rogers. Guess who in the Cobb Judicial Circuit was involved with them in Jonbenets homicide? Cobb Assistant Magistrate Mike McLaughlin who is also responsible for the 1981 homicide of 28 year old Mary Carter of Dayton, Ohio with Frank Floyd and yes Judge McLaughlin is suspected of murdering Ms Carter in front of her 2 and 3 year old daughters. Guess who told me about that? He did.

 How much of a success was it? How many applications has CCSO received as a result of this event?
 Do those applicants realize that they can never be promoted above the rank of lieutenant unless they brown-nose the Sheriff. Those positions above the rank of lieutenant are by appointment only, by the Sheriff himself.
 If you want a career in law enforcement, look elsewhere!

Last weekend's Youth Commission meeting was a powerful exchange of ideas, as Sheriff Owens and other Cobb government leaders spoke with our future leaders about their roles in shaping the community. The discussions focused on the importance of service, leadership, and making a positive impact.

 The Sheriff's Office has posted more "look at what we did" videos in recent weeks that in the last 3 3/4 years. Is that because it's election time and Craig Owens is just using the official department website to bolster his own reelection campaign?

Brianna Owens I don't have that much time on my hands. But when I saw the #whoppergate video, I was appalled by the actions of Cobb Sheriff Craig Owens and had to speak out. It's called the First Amendment, not trolling. And please tell us all about his greatness. If you equate greatness to spending taxpayers dollars then I must agree with you.

Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- I.(a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
- (b) County of Residence.** For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)
- (c) Attorneys.** Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".
- II. Jurisdiction.** The basis of jurisdiction is set forth under Rule 8(a), F.R.Cv.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.
 United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here. United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box.
 Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.
 Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; **NOTE: federal question actions take precedence over diversity cases.**)
- III. Residence (citizenship) of Principal Parties.** This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit.** Place an "X" in the appropriate box. If there are multiple nature of suit codes associated with the case, pick the nature of suit code that is most applicable. Click here for: [Nature of Suit Code Descriptions](#).
- V. Origin.** Place an "X" in one of the seven boxes.
 Original Proceedings. (1) Cases which originate in the United States district courts.
 Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441.
 Remanded from Appellate Court. (3) Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.
 Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date.
 Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.
 Multidistrict Litigation – Transfer. (6) Check this box when a multidistrict case is transferred into the district under authority of Title 28 U.S.C. Section 1407.
 Multidistrict Litigation – Direct File. (8) Check this box when a multidistrict case is filed in the same district as the Master MDL docket.
PLEASE NOTE THAT THERE IS NOT AN ORIGIN CODE 7. Origin Code 7 was used for historical records and is no longer relevant due to changes in statute.
- VI. Cause of Action.** Report the civil statute directly related to the cause of action and give a brief description of the cause. **Do not cite jurisdictional statutes unless diversity.** Example: U.S. Civil Statute: 47 USC 553 Brief Description: Unauthorized reception of cable service.
- VII. Requested in Complaint.** Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P.
 Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction.
 Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.
