Congratulations Readers' Choice 2021 winners

One of the most interesting things about Louisa County's business community is how many entrepreneurs operate from their homes or in offices tucked away from our main streets.

So many people start a business on a shoestring with a dream but limited savings, and they're not yet in a position to rent a storefront or office space.

The annual Readers' Choice awards, besides their value for recognizing citizens' favorite local shops and services, are also an opportunity to make people aware of some of these fledgling businesses.

Of course, many people have their businesses in their homes by choice. A mom raising young children might choose to keep a business small and in the home because

it's convenient. If her product or service is a good one and she knows how to market it, her customers will find her.

I'm always thrilled when I find out about a business based here in Louisa County that I never would have expected. Like the guy who makes delicious candy in his home, using antique machinery. Or the recording facility, tucked away on an area farm, frequented by diverse musicians who play in

venues in Richmond and Charlottesville. Or the artist studios that produce paintings that appear in leading galleries in those cities.

We try to write about as many Louisa and Lake Anna businesses as we can, to give them the attention they deserve. And of course, we appreciate when they support us, for we operate a business, too.

I want to thank our readers for taking a moment to

vote for their favorite businesses.

We list the winners and the others that were nominated.

Please take a moment to study the list. I'll bet you don't recognize everyone on it. And then, the next time you need

to buy something, remember to check and see if you can get what you need without leaving Louisa County. As our community continues to grow, the odds will be increasingly in your favor.
