Sip, Savor, Shop.
December 6th at 12:00pm to 4:00pm.

The Brookville Chamber Tasting Tour, formerly known as the Wine Walk, is an annual event hosted by the Brookville Area Chamber of Commerce in Historic Downtown Brookville. This event has been a local favorite since 2011 and offers a unique way to celebrate the winter holiday season.

The Tasting Tour features a variety of wineries, breweries, and distilleries, allowing participants to sample wines, beers, and moonshines as they stroll

through the shops along Main Street. In addition to the tastings, the event includes opportunities for holiday shopping at local businesses, making it a festive way to support the community.

The Tasting Tour also features live music, food trucks, special guests, and enhanced souvenirs. VIP ticketholders receive early access to the event, allowing for an extra hour of exclusive tastings and activities. It's a day filled with flavors, entertainment, and holiday cheer, making it a must-attend event for residents and visitors alike.

Live Nativity

The Real Reason For The Season

The Trinity Point Church of God will hold its annual Live Nativity on Friday, December 12 from 6:00-8:00 p.m. and Saturday, December 13 from 6:00-8:00 p.m. in the Veterans Memorial Park across from the Courthouse.

As the holiday season approaches, we all get busy with the hustle and bustle of the season. The live nativity reminds us of the real reason for the season by depicting the birth of Jesus. Come

and see members of the church acting out the different characters of the Nativity, such as Mary, Joseph, the three wise men, the shepherds, and the angel. The scene is accompanied by traditional Christmas carols, sung by a choir of church members. In addition to the characters, the scene also includes live animals such as sheep and donkeys.

There is no charge for viewing the nativity.

For more information about the Live Nativity, call (814) 226-8672.

This show is rated R for adults only, Cindy Lou's sto-

ries are a little spicier than the ones you may remember from childhood.

IF YOU suffer from low back pain and sciatica, you are one of more than 50 million adults in the U.S. with this often crippling spinal condition.

Shooting, stabbing and burning pains from the low back, sometimes with additional pain through the buttocks and down the legs, are all symptoms of a pinched nerve often called "sciatica".

In severe cases it can lead to muscle wasting, numbness, and constant tingling down to the tips of the toes. Left untreated, the intense pain can rapidly wear you down and drain the joy out of life.

That is, until now...

Recent advances in the treatment of sciatica and lower back pain have led to the development and huge success of Non-Surgical Re-Constructive Spinal Care.

The excellent results of this treatment have been published in major medical journals. With some success rates as high as 90%, some back surgeons are recommending that their patients try this treatment first before having back surgery.

In Butler, you can try Non-Surgical Re-Constructive Spinal Care at Discover Wellness Center – the office of low back pain and sciatica relief expert Dr. Ram Parikh, D.C.

Dr. Ram and his team of fully-trained spinal care specialists have helped more than 3,000 patients find relief from their agonizing back pain and sciatica.

According to Dr. Ram, "We use a combination of ultra-advanced technology not found elsewhere in Butler for precisely

diagnosing the cause of low back pain and sciatica, and a unique program for reconstructing the damaged area causing the pain. This means superior long-term results for most people."

Because the treatment is non-surgical, safe, and easy, most patients report an almost immediate relief from their pain.

Patient Jeff P., of Butler, says, "My back pain was unbearable, but the worst thing was the searing, burning pain I felt in my buttock and leg.

I couldn't work or do anything useful, and the drugs my M.D. prescribed hardly did anything.

My wife insisted I respond to one of these ads. I thought it would be a total waste of time, but I'm so glad she kept after me.

Thankfully, I called your number. I was 95% better in just a couple weeks."

Your invitation for a comprehensive consultation and examination to pinpoint the cause of your low back pain and sciatica...

All you have to do to receive a thorough diagnostic examination with the most advanced technology in the world and a comprehensive easy-to-understand report on your state of health is to call 724-256-4361.

Mention this article and Dr. Ram will happily reduce his

usual fee for an in-depth consultation and examination, including x-rays, to just \$45. (The value is \$257.)

Act quickly. For obvious reasons, this is a time-limited offer, with only 10 reader consultations available at this exclusively-discounted rate.

My advice: Don't suffer a moment longer.

Find out if Non-Surgical Re-Constructive Spinal Care can help you by booking a consultation with Dr. Ram and his team now by calling 724-256-4361. They are waiting to take your call today.

They actually treat the cause of your health problems, not just your symptoms.

That's why thousands of grateful patients tell Dr. Ram and his team, "You gave me back my life!"

Over the years they've treated thousands of patients with back problems and sciatica. The vast majority of them have enjoyed superior, lasting relief.
