August 7, 2026

Dear Property Owners and Occupants on the Courthouse Square:

As you are aware, Comanche County was awarded a \$10,000,000 grant from the Texas Historical Commission to restore and renovate the historic courthouse at the heart of our community.

Via the grant, the County is making a major investment in preserving the heritage and functionality of our county courthouse. As with many construction projects, we have experienced unforeseen delays. We are excited that work will commence again on the courthouse within the next week as the asbestos abatement will begin.

The County is committed to consulting closely with those working on the courthouse to minimize the impact on parking and daily activities around the courthouse square. We understand the importance of maintaining access and convenience for local businesses and property owners throughout the duration of the project. We would like to inform you of the following:

1. We have placed a temporary electric pole in the northeast side of the courthouse lawn. This pole will be operational during the construction phase of the project. Once renovation is completed, the pole will be removed.
2. Please be advised that the South Side of the courthouse square parking lot will be closed to through traffic and parking beginning August 12, 2026. This closure is expected to last the duration of the renovation project.

We will continue to provide updates as the project progresses and will make every effort to keep you informed and involved along the way. If you have any questions or concerns, please do not hesitate to contact our Project Manager, Neil Carroll, at 254-979-9584.

Thank you for your continued support and partnership as we take this important step in increasing the functionality of the courthouse and preserving a key part of Comanche County's history.

Sincerely,

Hon. Stephanie L. Davis

Stephanie L. Davis
Comanche County Judge
