

SAY NO TO DRUGS

Let's face it, drugs are everywhere.

They're a part of growing up and a part of the crowd. And it's our children's decision to experiment with drugs or turn them down. So what can we do?

- We can teach standards of right and wrong, and demonstrate these standards through example.
- We can help children resist peer pressure to use drugs by supervising their activities, knowing who their

friends are, and talking with them about their interests and problems.

- We can learn about drugs and signs of drug abuse. As concerned parents, it's our responsibility to educate our children about the dangers of drug abuse. In fact, educating our children to refuse drugs is the surest way to fight the problem. Talk to your kids.
