

Wise Cannabis

Company just celebrated their one-year anniversary

By Bill Bruner

Staff writer

Wise Cannabis, LLC just celebrated their one-year anniversary March 8. The company is committed to great customer service and supporting the community of Fairplay. The business is owned by three partners: Paul Butler, Jacob Wise and JJ Bosgraaf.

The store is open seven days a week 9 a.m. until 7 p.m. Wise offers their customers many different discounts including 10 percent off for locals, 15 percent off for military and medical Mondays where people with a medical marijuana cards can get a discount.

The store stocks everything you need with most of the cannabis being from local sources. There are plans for Wise to grow their own in the future but for now they try to

source as much as they can from Park County growers.

In addition to edibles and cannabis, Wise stocks a large selection of cannabidiol, which has recently been found to help many medical conditions.

"I credit our growth to great customer service. Our staff Heather, Aaron and Adelle are all from Fairplay or Hartsel and really care about our customers," said Paul Butler co-owner of Wise Cannabis.

Wise is also dog friendly and they will run specials from on April 20 through the weekend, to celebrate 420 day.

Wise Cannabis is located at 21950 U.S. Highway 285, Fairplay. They are working on building a new website right now so look for that in the near future. Call them at 719-838-2172 or just stop in to see their wide selection of products and supplies.
