# Get Money for College: Complete the FAFSA

## Why do the FAFSA?

1. **Maximize your financial aid.** The FAFSA unlocks federal, state, and college-based financial aid for college, including money you don't have to pay back.
2. **Know your options.** Think you can't afford college? Fill out the FAFSA to see how much aid is available to you — you might be surprised.
3. **No obligation.** You aren't required to accept any of the aid offered to you — including loans.
4. **It's easier and faster than ever.** With fewer questions, and the option to pull information directly from the IRS, the process is more efficient than previous years.
