Re: Challenge filed September 2nd, 2026

Director White and Franklin County Board of Elections,

This is Rep. Mohamed. I have just been served with the subpoena regarding the challenge to my residency on September 8th, 2026. I have had a chance to review it and I am working on putting together the requested documentation.

Furthermore, I have also spoken and will be seeking legal counsel for this matter. The subpoena did indicate the September 14th hearing at BOE. As indicated, I have just been served on September 8th and I am working in good faith to gather the documents and seek legal counsel for the challenge.

As such, I do not believe the hearing on the 14th is sufficient time for me to gather documents and prepare for testimony. I do not wish to proceed without having secured counsel. As such, I am respectfully requesting that I be granted a continuance for another date.

Thank you very much.

Respectfully,

Ismail Mohamed
