

### **Nick Dalton ECOS Platform 2018-2019**

I, Nicholas Dalton, am a rising senior campaigning to be Vice President of Financial Affairs because I want to continue working to improve the financial transparency of clubs and organizations on campus. Since Eckerd prides itself on its ability for students to create new clubs and participate in a variety of current organizations, I want to assist students in making their Eckerd experience more memorable.

My goal in running for this position is to strengthen the relationship between clubs and ECOS by continuing to work on my financial transparency campaign. As the current Vice President of Financial Affairs, I have worked diligently to ensure timely reimbursements and to improve the process of requesting funds from the Independent and Collaborative Venture Fund (ICV Fund). I truly believe that my performance over the past two years has received positive feedback from the student body and I would love nothing more than to serve you again! In addition to this, I want to work with the ECOS Vice President of Academic Affairs to centralize the academic conference grant approval process. Many students take advantage of this privilege granted to them by ECOS and I would love to make a new standard for the application process.

Aside from my desire to continue working with ECOS and the many clubs on campus, I am an excellent candidate due to the experience and skills that I bring to the position. I was a member of the Financial Affairs committee as a freshman and worked my way up to the Vice President of Financial Affairs during my sophomore year. I know that my ideas and experience will help improve the 2018-2019 school year, and I hope that you do too!
