MEMORIAL DAY

USS Arizona and the Battleship Missouri

There is a sunken U.S. Navy ship in Pearl Harbor, Hawaii.

The USS *Arizona* battleship was sunk when Japan attacked Pearl Harbor on Dec. 7, 1941. The attack caused the U.S. to join the fighting in World War II.

Talk Like a Sailor

Parts of a ship have particular names. If you know the names, you can talk about ships like a sailor! Use the code below to label the diagram at right.

- **stern:** the back end of a ship
- **bow:** the front of a ship
- **port side:** the left side of a ship or boat
- **starboard side:** the right side of a ship or boat
- **turret:** on a battleship, a rotating platform for large guns

More than 1,000 sailors and marines died that day. Many of them remain with their ship under the harbor. And many Pearl Harbor survivors choose to be placed with their fellow crew members when they die.

From a building constructed above the water, visitors can see the USS *Arizona* under the harbor's clear ocean waters. This is the **USS Arizona Memorial**, which opened in 1962.

Battleship Missouri

Replace the missing words. VISITORS SIGN PEACE WORLD PAPERS

Gen. MacArthur signs papers ending World War II aboard the *USS Missouri*.

Not far from the *USS Arizona* Memorial, the *Battleship Missouri* is open for _____. Aboard this ship, Japan and the United States and their Allies signed _____ to end World War II.

General Douglas MacArthur led the ceremony and he was the last person to _____ the "Instruments of Surrender." He concluded the ceremony by saying: "Let us pray that _____ be now restored to the _____, and that God will preserve it always. These proceedings are closed!" And with those words, World War II was officially over.

Congress declared Memorial Day a national holiday to remember the people who died in American wars. It is observed on the last Monday in May. What year did Memorial Day officially begin? Color in the even-numbered squares to reveal the answer.

The Little Fish with a BIG Name

In the tropical waters of Hawaii, a huge variety of colorful fish live among the coral reefs. The **reef triggerfish** isn't very big, but it has a name in Hawaiian that's VERY long: *humuhumunukunukuapua'a!* You pronounce it: *who-moo-who-moo-noo-koo-noo-koo-ah-pooah-ah.*

In 1958, President Dwight Eisenhower signed a law that started fundraising for the **USS Arizona** Memorial. Their goal was to raise \$500,000, but only \$155,000 had been raised by 1960.

A rock and roll legend solved the problem. He held a concert in Hawaii that raised over \$60,000. But the concert raised more than money – it made people across the country aware of the **USS Arizona** and the drive to build a memorial. Donations started coming in and the full \$500,000 was raised by September, 1961.
