The Shorthorn: Gabrielle Hodges

Journalism senior Courtney Borchert holds about 22 awards and recognitions, and said UTA led her to leadership roles and overcoming self-doubt.

Leading through empowerment

Borchert owes her success to involvement

BY JASMINE DECKARD
The Shorthorn staff

Journalism senior Courtney Borchert has always been passionate about informing and empowering people and communities.

Moving to UTA from Odessa, Texas has allowed her to educate her peers about empowering women while pursuing her degree in journalism, she said.

Graduating with a minor in German, Borchert holds about 22 awards and recognitions, but her time at UTA led her to leadership roles and overcoming self-doubt, she said.

She began by joining organizations such as UTA Volunteers and Student Association for Gender Equality before settling into Multicultural Affairs, which allowed her to immerse herself in the German culture while studying abroad, she said.

She has served two terms as the executive chairwoman for the Women in Leadership program within Multicultural Affairs and one

term as the German Language Society vice president.

She chose to focus on the German Language Society during her senior year because she felt it kept her connected to her heritage and the culture she fell in love with across the globe, Borchert said.

"She's respected because of her excellence as a student leader and role model for other students," said Leticia Martinez, director of Multicultural Affairs and the Lesbian, Gay, Bisexual, Transgender, Questioning and Ally Program.

Martinez has known Borchert since her first year at UTA and said she has always been a go-getter.

Borchert was dedicated to improving women's services on campus through her role as executive chairwoman of Women in Leadership, Martinez said.

She has strengthened the program through her work during Women's History Month and the annual Women in Leadership Summit, Martinez said.

With Borchert's help, she said, the

program was selected as a national model of excellence for a women's leadership developmental program. Karen McAlister, Multicultural Affairs intern and co-adviser for the Women in Leadership program, has known Borchert since fall 2013 when Borchert was selected to serve on the executive board for Women in Leadership.

"Courtney is a shining example of what it means to be a servant leader," McAlister said. "I am extremely honored to have met and worked with Courtney during both my undergraduate and graduate careers at UTA. I know she will make a difference in the world."

Borchert said she is now looking into an internship with the American Heart Association, because she thinks that will give her the best opportunity to educate and empower by writing about policy and focusing on health.

GET PAID SALES EXPERIENCE BEFORE GRADUATION

I am 100% confident I would not be in the place I am — career wise or personally — had it not been for the training and real-life business experience I received at *The Shorthorn*. Because of the lifelike work setting combined with the knowledge, I was attractive to employers right out of college. Without *The Shorthorn*, I would not have landed my first job and I would not have the job I have now. I am now in a role where I hire people, and college work experience is one of the first things I look for.

GET PAID JOURNALISM EXPERIENCE BEFORE GRADUATION

A college experience is lacking if a student isn't somehow involved in the university. Nowhere but *The Shorthorn* have I heard that involvement become so thorough.

When you work at *The Shorthorn*, you don't just get involved with the university, you become a part of its history, its story and its service to the students. It's demanding of your time; it's demanding of your work ethic; it's demanding of your commitment. If you rise to the challenge, working at *The Shorthorn* can not only help you with your career but show you what about yourself makes you a great human being.

DR. RUTH

Q: For a few years I've been suffering from a condition that seems to confound doctors. No gynecologist has been able to propose a cure. What seems like only tenderness and easily irritated skin to doctors is a nightmare to me. Trying to please myself in any way is only counterproductive, and the one time I had sex was excruciating. Have you ever heard of this, and is there any help for me? I'm only 19 but can't see that I'll ever know the joys of sex and a man.

A: Clearly, you have to consult with other doctors. I'm sure someone will have an answer. Since I'm not a medical doctor, I can't help you. What I might suggest is rather than seeing another gynecologist, you consult with a dermatologist. I understand that the problem is in your vagina and that's normally handled by a gynecologist, but since several haven't been helpful and it does seem to be a skin irritation, a dermatologist might be able to find the answer.
