Agricultural 1,586,703.05 sqft land. A rare find!
Centris 27144453

Real Estate Broker since 2001, my association with RE/MAX is exciting and highly rewarding. My passion for this profession, combined with the joy of guiding my clients, has allowed me to experience many wonderful moments and to receive numerous recognitions and achievements. However, the greatest success in my eyes is my clients' satisfaction and receiving a call from them to entrust me with another transaction.

Before becoming a Real Estate Broker, I worked for 27 wonderful years with Air Canada, where I had the privilege of holding several positions that allowed me to live in Winnipeg and Toronto, to discover Canada from coast to coast, and to travel to many countries. These years and experiences provided me with incredible knowledge and a strong understanding of the **importance of customer service, effective communication, and a valuable international perspective.**
