Preserving the memory of the Holocaust

On the occasion of Yom HaShoah and to commemorate the Warsaw Ghetto Uprising, Dunton Rainville and Aaron Makovka are proud to announce a significant donation to the Montreal Holocaust Museum toward their acquisition of the late Prof. Christo Stefanoff Holocaust-related artwork.

Through his art and actions, Stefanoff exemplifies courage, resistance, and survival. His artistic representation of the Warsaw Ghetto Uprising and his personal depiction of daily life in the camps offer a personal and intimate perspective on the Holocaust.

May the memory of those who perished be a blessing.
