# Welcome

On behalf of the Greater Mystic Chamber of Commerce, welcome to the 65th annual Mystic Outdoor Art Festival.

This is our third year overseeing the art festival. We intently watch, look and learn to continue to improve each year. This is the first time in our tenure that the festival has sold out. With the route changes we initiated in 2021, we have a finite number of booths and we will continue to present a wide variety of artists and mediums.

This year we are in the Greater Mystic Chamber Visitor Center right next to the Bascule Bridge. We invite you to stop in to find information about the area, peruse the merchandise and enjoy the Mystic Aquarium's 50th Anniversary Mural where kids and adults alike can find all of the hidden characters.

The level of detail and the time commitment to organize the Mystic Outdoor Art Festival could not have happened without the help of so many. Thank you to the approximately 100 volunteers who give their time for the love of the event, the MOAF committee for their efforts and guidance, the Stonington Police Department, Police Commission, First Selectman Danielle Chesebrough, the town of Stonington, and Mystic and Old Mystic Fire Departments and Ambulance services.

For several years now, the Art Festival logo has been designed by Rita Rivera of Love & Pop in Niantic and this year she once again created our Art Festival Logo. Thank you, Rita!

We are very fortunate to have a strong base of sponsors each year for the event. Several of them have booths in the art show this year so please make sure to stop by them and say thank you.

There are over 65 new artists this year! Thank you for attending the Mystic Outdoor Art Festival and visiting Mystic. I hope to run into you by the river this weekend.

Sincerely,  
Bruce Flax, Mystic Chamber President  
Aimee Harvey, Mystic Chamber Event Manager

# Children's Art

Located in the Mystic Seaport Shipyard. Families and children are welcome to visit the art park and participate in hands-on art making activities. This is an opportunity to explore art through fun projects in various mediums, crafts, and collaborative projects. These are free activities for all children.

## LYMAN ALLYN ACTIVITY

Our art project will be a “Sunglass Self-Portrait” inspired by our summer exhibition Barkley L. Hendricks in New London.

The internationally celebrated Barkley L. Hendricks (1945–2017) is best known for his expressive, large-scale portraits, many from the 1970s, which present a powerful vision of modern Black identity. Inspired by Old Master portraits and the desire for racial diversity in the artistic canon, Hendricks painted himself and the people around him—his neighbors, students, family, and strangers he encountered on the street.

In conjunction with the use of reflections within Hendrick’s work, participants are

encouraged to create drawings within what would be the lens of the sunglasses. These drawings will act as a reflection of what the artists considers to be important in their life.

## MYSTIC MUSEUM OF ART ACTIVITY

For children of all ages: working with educators from The Mystic Museum of Art, create your own mini-canvas, *Sailing at Sunset*, inspired by the lovely setting of the Children’s Art Park upon the grounds of the Mystic Seaport.

Christina studied at Suffolk University School of Art and Design, RISD and Southern CT State University. Christina has shown and sold work at several New England based Art Associations, Museums and coffee shops, but prefer to make art for the process these days, verses putting it on Exhibition at the moment. She has been fortunate to win awards and honors and look forward to that day when she can display her art fully. For now, Christina enjoys encouraging others to be creative and finding their artist side.

**Beth Anne Krynicki** has 20 years of experience in textiles, interiors and Axminster carpet design with a BFA from S.C.A.D. She currently works as Creative Designer for Brintons servicing all Hospitality clients in New England. In her free time she enjoys spending time with family, gardening & weaving on her loom.

**Caely Melford** designs and makes contemporary furniture with a focus on merging sculptural art with functional objects. Her studio, Good Company, was founded in 2017 in San Francisco and specializes in custom pieces fabricated in house. Her designs invite and facilitate experiences and connections, making the bond between the individual and the object something more than form or function, but one of basic human connection and intimacy. This, coupled with a background in fine woodworking and metalworking, results in thoughtfully designed and well made pieces which enhance the everyday. Caely spent her childhood in Mystic where her interest in the arts was cultivated from an early age by her father, photographer Michael Melford, and mother, creative director Gae Melford. After 10 years in California, Caely is excited to come back to her roots. She is currently pursuing her MFA in Furniture Design at the Rhode Island School of Design in Providence, RI.
