PROFILE OF ATHENA HONOREE SUSETTE TIBUS

Susette Tibus opened her own business, Majestic Jewelers in the Olde Mistick Village 30 plus years ago, against all odds. At the time, it was unusual to have a female owned business and it was even more unique, as she was the daughter of a Philippine immigrant family. Susette overcame the challenges for women in business during times when a women could not even get a loan without a man's signature. As the business evolved by expanding, relocating to downtown and being renamed to Simply Majestic, one thing never changed - Susette's consistent commitment to helping other women. Along the way, she has created many jobs and advancement opportunities for women. She encourages her staff to develop their skills and become jewelry designers. She encourages them to get involved with local YP groups and with area non-profit organizations. Susette has invested, recruited, mentored, and advocated for her all-female staff at Simply Majestic. She always supports each of her employee's families. She is known as the person who gets regular "pop in" visitors at her office in the jewelry store which sometimes doubles as a strategic planning room, coaches office or therapy studio. She is happy

to dole out sage advice on business, political, and personal matters and extremely willing to give her time to guide young executives.

Mentoring Women in the Region

Susette Tibus demonstrates an investment in the welfare of professional women. She is one of the founding members of the "Women leaders making a difference" program at UConn. She and Joyce Resnikoff wanted to create a platform for female empowerment while helping to develop and inspire the next generation of women leaders to excel. These annual panel discussions provide forums comprised of 6-7 diverse female leaders from a broad cross section of industries in southeastern CT and southern RI. Women then network with one another after the program and often become mentors to people in attendance.

Susette has supported and mentored Eva Franchi for the Annual Sergio Franchi Scholarship Gala held for 25 years in Stonington. Susette propelled and guided founder Laura Manfre of the nonprofit Sofia Sees Hope with her fundraisers in support of research for degenerative eye research. She aligned and supported Betty Smith of Always Home, formerly

known as MASH, and also Tricia Cunningham who is the new Executive Director there. She mentored and motivated at least 5 individuals who have served in the role of Executive Director at the Greater Mystic Chamber of Commerce.

Susette has mentored, or is mentoring, numerous female political leaders in the region from both political parties. In particular, Susette has supported, nurtured, aligned, and coached Heather Somers, local Senator for CT.

Susette's history Of Community Service includes extensive leadership roles, committee work and fundraising for the

Mystic Aquarium, Westerly Hospital Foundation, Pawcatuck Neighborhood Center, Olde Mistick Village Merchants Association, Southeastern CT Enterprise Region, Greater Mystic Chamber of Commerce, CT Law Enforcement Memorial for those who Serve, Board of Police Commissioners -Town of Stonington, St. Edmunds Medal of Honor, 100 Club State of CT, Police Commissioners Association of CT, Camp Horizons, New England Filipino American, Inc., Sophia Sees Hope, the Terri Brodeur Breast Cancer Foun-

ation. She was also a Constable for the Town of Stonington and Judge for the CT Regional History Day.

I have always loved massage therapy. Growing up my father would always tell me I should be a massage therapist when I grow up. After receiving my first professional massage at the Norwich Inn and Spa in 2000 I realized this is what I wanted to do. What an amazing gift to give people.... peace and relaxation. Having a son with a severe disability also influenced my decision on going to massage school. I wanted to find a way to help him with his tight and sore muscles. I was part of the first graduating class at CCMT in Groton, CT in 2004. After graduation I worked on my own for a few months but realized quickly that I really enjoy working with people and with a team. I joined Claws Jungle Oasis/Uptown Salon and Spa in 2005 and remained there for 8 years. Eventually I moved on to Bella Vita and then the Ocean House which I spent the last seven years. I have loved and enjoyed working at all of these places but I have realized now is the time to open up my own practice. My goal is to bring together a group of professionals to assist individuals on their journey to health and well-being. Breathe Massage and Wellness will offer massage therapy, energetic healing, reflexology, body treatments

and other health related services. I am so excited and so grateful for this opportunity to bring these healing services to our community.
