# STATE OF THE PARISH

Parish President Berthelot was recognized and addressed the Council with the followingState of the Parish.

# Office of the Parish President

Riley L. Berthelot, Jr. Parish President

STATE OF THE PARISH 2020 February 25, 2021

Mr. Chairman, Council Members and Citizens of West Baton Rouge Parish:

The year 2020 was like no other in recent history for West Baton Rouge. As a parish, we faced a public health emergency, mandated quarantines, emergency food distribution and mandatory closures of schools and some business. A State of Emergency was declared seven times in 2020. Much was required n order to prepare for so many events in such a short time, thankfully, West Baton Rouge Parish fared well. Adjustments to standard operating procedures to include additional public safety measures have become commonplace for us. 2020 was certainly not a year for the fainthearted but we are dedicated to good par-

ish management even in unusual and difficult times.

I am happy to report that West Baton Rouge Parish remains financially stable in spite of the challenges of 2020. A drop in revenue was expected for 2020 due to the Pandemic, however, revenues came in as budgeted and expenses came in 3.9 million dollars lower than budgeted. This was largely due to better than expected sales tax revenue. Sales tax revenue collections were approximately 8% above budgeted revenues while operating expenditures were 22% below budgeted expenditures. The Parish General Fund remains healthy despite the use of 2.4 million dollars in 2020 for one time projects. Much of this was surplus funds set aside in expectation of these expenditures which included \$1.25 million dollars spent for the Asphalt Road Rehabilitation Program and seven hundred thousand dollars spent for the Concrete Road Rehabilitation Program. The cost for the second phase of construction on the new water line which begins at the Intracoastal Canal and ends in Addis was 2.2 million dollars. Prior year investments from the General Fund to improve our water system has proven invaluable in light of how the parish water supply fared during the record low temperatures we just experienced in February, 2021. I sincerely appreciate the ongoing support of the Parish Council, especially their support of our recommendation to roll back 2 mills of property tax, which included one mill from the drainage department and one mil from the community centers. This was done in an effort to lessen the impact on the taxpayer from the property reassessment that occurred in 2020 along with other blows to the economy because of the pandemic.

I would like to express my sincere appreciation to my staff, directors, heads of departments and all WBR Parish Employees for the extra effort given to ensure the health and safety of our citizens during a very difficult year. I remain confident in the financial stability of West Baton Rouge Parish and I am committed to improving and preserving the quality of life enjoyed here to the best of my ability.
