RESOLUTION 10 OF 2019

A Resolution of the West Baton Rouge Parish Council requesting passage of House Bill 578 of the 2019 Regular Session of the Louisiana Legislature.

WHEREAS, the Louisiana Hwy 1 bridge over the Intra Coastal Canal has become drastically undersized and woefully inadequate for the level of traffic which it is now asked to carry, and

WHEREAS, Louisiana Hwy 1 is the most critical highway in the Capital region, being the main road linking Baton Rouge to the southern portions of West Baton Rouge Parish, including the Towns of Brusly and Addis, to most of the southeastern portions of Iberville Parish, including the City of Plaquemine, and

WHEREAS the current bridge over the Intra Coastal Canal on Louisiana Hwy 1 is both woefully inadequate to handle its current traffic load of almost 60,000 vehicles daily, more than twice the population

Legals

of West Baton Rouge parish, and is structurally deficient and obsolete, having exceeded its useful life, and

WHEREAS, the current bridge over the Intra Coastal Canal on Louisiana Hwy 1 is the only way to cross the Intra Coastal Canal in West Baton Rouge parish, and is the only way to access southern West Baton Rouge and southeastern Iberville parishes, and the cities therein, without making extremely long and costly detours, and

WHEREAS, the ability to travel, for medical emergencies, hurricane evacuation, employment, commerce, etc, between the southern portions of West Baton Rouge Parish the southeastern portion of Iberville Parish to, and from, the City of Baton Rouge and East Baton Rouge Parish is vital to the health and wellbeing of the citizens of all these areas, making this a regional problem, and

WHEREAS, the recent closure of the Sunshine Bridge due to an unforeseen maritime accident and the recent closures of the Louisiana Hwy 1 Intra Coastal Canal Bridge due to needed repairs and, also, due to a truck collision with the bridge support structure show, in graphic manner, the inherent inadequacy and vulnerability of the Louisiana Hwy 1 Intra Coastal Canal Bridge, and show that this critical bridge is one accident away from a catastrophe resulting in unmanageable traffic problems, and

WHEREAS, the Louisiana Department of Transportation and Development has scheduled a project to replace the Louisiana Hwy 1 Bridge, although there are currently no alternate roads on which to re-route the traffic during this time, which will undoubtedly result in years of "gridlock" traffic on both Louisiana Hwy 1 and on the Interstate 10 Bridge over the Mississippi River, and

WHEREAS, these "gridlock" delays are not only an extreme impediment to commerce, but, more importantly, result in unnecessary delays and unreasonable dangers for all who depend on Louisiana Hwy 1, impeding access to medical services, hurricane evacuation, and employment and education, and

WHEREAS, a second means of crossing the Intra Coastal Canal in West Baton Rouge parish is desperately needed, and can be easily and quickly achieved by the construction of the Louisiana Hwy 415 – Louisiana Hwy 1 Connector project, and

WHEREAS, it is within the power of the Louisiana Legislature to address and correct this situation and provide for the protection of the people of West Baton Rouge, Iberville, and East Baton Rouge parishes by passing House Bill 578 in the 2019 Regular Session to fund the aforesaid Connector project,

NOW THEREFORE BE IT RESOLVED that the West Baton Rouge Parish Council does hereby plead for help from the Louisiana Legislature; specifically asking that it pass House Bill 578 of the 2019 Regular Session and send this measure to Governor Edwards' desk for signature.

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded to the Louisiana Capital Area delegation, to Governor Edwards, and to the Police Jury Association of Louisiana for their help and support.
