As a result of the votes, the motion Passed. Chairman Denstel reviewed the meeting rules for speaking during a public hearing, and notified everyone that the Council had seen the Planning & Zoning Meeting video.

The Chairman opened a public hearing for the purpose of receiving comment regarding the aforementioned item.

Mrs. Davis was recognized and notified the Council that the aforementioned item was recommended for approval for a special use permit with a 5 to 1 vote by the Planning & Zoning Commission.

Mr. Louie Vielee was recognized and explained the history of this property, he went on to display the current site plan and drainage plan for the same.

Mr. Dwayne Blunt was recognized and explained he was not for this as they have been operating and there are issues with dust, drainage, property value, and he is worried about any chemicals in the trailers. Mr. Jared Allen, Civil Engineer on the project, was recognized and reviewed the drainage plan for the Council and explained this plan would help the drainage to the west of this property. Ms. Judy Girlinghouse was recognized and asked that this be put somewhere else in the Parish. Mr. Brady Achée, Owner of Triad Environmental was recognized and explained he had been operating on this property for about three years and was not aware of any complaints, he explained that his company was a 24-hour business that starts operating around 4:00am. Chairman Denstel noted this was a 24hour operation, and previously we have had the same situation where a trucking company was next to residential, this particular request is right between two residential districts, and dust will be an issue with the expansion, noting he would not want this next to his property.

Councilman Crowe asked how many years Triad has been on this location, Mr. Achée explained three years at this site with no recent complaints to his knowledge.

Mr. Vielee was recognized again and explained he had no complaints recently and noting they have been operating and now want to extend to the rear of the property.

Councilman Babin pointed out that this company has been operating on this property for three years in violation of zoning, and now because of the building to be built this comes to light, he also pointed out that per the site plan presented there are no buffer zones which is needed for this zone, Councilman Hotard noted that waivers would be requested at the site plan process regarding the buffers.

Councilman Walker asked questions in regards to the drainage issues in this particular area due to under-sized culverts under Hwy 190.

A motion was made by Council Chairman Carey Denstel, seconded by Council Member Daryl “Turf” Babin to deny An Ordinance Amending Chapter 104 Zoning To Incorporate Amended Zoning Designation Map (Zoning Plan) Under Section 104-3 Establishment Of Districts, Official Zoning Map, and Section 111-78 (Special, Conditional Use Requirements and Procedures) For Rezoning Request Of TMI Enterprise/Louie Vielee, Regarding Property Located At 3022 Hwy 190 W Port Allen, La 70767.
