

If You Feel Ill...

1 Call **641-648-7113** for initial phone screening. **Do not arrive unannounced.**

2 If **appropriate**, you may be asked to come to the drive-up assessment center in the HFH parking lot.

3 If you are **requested**, you will receive assessment in the drive-through location.

You may or may not receive testing. Testing criteria are determined by the Iowa Department of Public Health.

4 **Be patient** – the drive-up assessment will take some time -- so plan on it.

Meanwhile, wash your hands, cover your cough, practice social distancing, and stay home if you are sick.

Working together is the way we will address this challenge.
