WHERE TO FIND CUSTOMIZED CARE FOR PERIPHERAL ARTERIAL DISEASE, CARDIOVASCULAR DISEASE & CHRONIC VENOUS DISEASE IN THE SHOALS

When it comes to cardiology and leg pain, Dr. Ajit Naidu goes above and beyond. As a Board-Certified Cardiologist, he has introduced new procedures to the area that have improved the quality of life of countless patients.

Born in Baden, Switzerland, Dr. Naidu moved to New Jersey in 1967 at the age of two. He grew up in Chicago, IL where he attended college. He then ventured to other cities such as New York, Boston, and New Orleans to further his education.

Dr. Naidu and his wife Divya have two children and have lived in Florence, AL since 2008. He began his practice, Cardiovascular Institute of the Shoals, in 2011. Since that time, Dr. Naidu built a new office in 2016. He has expanded his field of expertise to include new and less invasive ways of treating leg pain. He has also built an out-patient catheterization lab for the treatment of vascular disease in 2017, the first of its kind, in the Shoals area.

Dr. Naidu was inspired to open his practice in the Shoals because of his interest in PAD (Peripheral Arterial Disease) being unrecognized, under diagnosed and left untreated.

We have an outstanding staff and each member of our team is an expert in what they do. Dr. Naidu is a very caring doctor whose main focus is helping people and he is very skilled at what he does.

His office can be found at 2095 Florence Blvd, Florence, AL 35630. Our hours are Monday-Thursday 8 to 5 and our telephone is 256-766-2310

CARDIOVASCULAR INSTITUTE of the Shoals
