Dear Parents:

I am writing this letter in order to communicate that an individual in Kindergarten has tested positive for COVID-19. All students who have been deemed a “close contact” received a personalized correspondence from school. In an abundance of caution, and in accordance with our Exposure and Response Plan, we will close the impacted class effective immediately for a 14-day quarantine window. As you are reading this notification, we have implemented CCSD safety protocols in partnership with the Department of Public Health (DPH). The affected class will participate in a remote learning model during the closure window.

We continue to encourage all parents to temperature scan and monitor students closely for any sign of potential illness. Students should remain at home if they are exhibiting any symptoms of COVID-19 including fever, new or persistent cough, headache, loss of taste or smell, fatigue and/or stomach issues (diarrhea).

We appreciate your continued support! As always, please feel free to contact me at 770-704-1212, or via email at abby.may@cherokeek12.net with questions.

Sincerely,

Dr. Abby May
Principal
