Trinitycounty.org

Notice: The County Voter Information Guide does not contain a complete list of candidates. A complete list of candidates appears on your sample ballot. Each candidate statement in this Voter Information Guide is volunteered by the candidate and printed at their expense.

Dear Trinity County Voter,

Welcome to the Voter Information Guide for the General Election on November 3, 2026.

Our office has created this Voter Information Guide to help you prepare to vote with confidence. Inside there is information about candidates and any measures, along with instructions on ***how, when,*** and ***where*** you can ***cast your ballot***.

We encourage you to review this information, plan to vote, and **VOTE**. Early ballot returns help our office produce timely election results. If you have questions, our office is here to help.

Thank you for participating in this election and exercising your right to vote!

Best Regards,

Madelyn Woodman

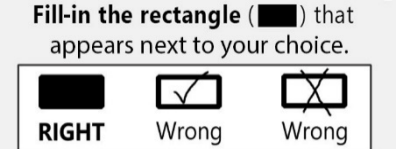

County Clerk/Recorder/Assessor/Registrar of Voters

How to Mark Your Ballot

INSTRUCTIONS TO VOTERS:

Use a blue or black ballpoint pen.

To vote for a candidate, completely fill in the rectangle next to the candidate's name.

Look for the number of candidates to vote for at the top of each contest.

Do not vote for more than the number listed.

To vote for a qualified write-in candidate, completely fill in the rectangle next to the qualified write-in line and write the candidate's name on the line.

To vote on a measure, completely fill in the rectangle next to the word "YES" or "NO."

If you make a mistake or want to change your vote, ask an Elections Official for a new ballot.

A mistake on one contest does not affect the rest of the ballot.

There are contests on both sides of the ballot.

You may vote in as many or as few contests as you want.

How to Vote at the Polling Place

All polling places are open from 7 AM to 8 PM on Election Day. To find the location of your polling place look on the back cover of this guide. Not every voter has a polling place. If you wish to vote in person and you are not assigned a polling place, you may deliver your ballot to the Elections Office.

Be Prepared:

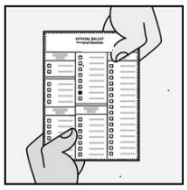

- Bring your vote by mail ballot and envelope to surrender.
- Use your sample ballot to practice and bring that with you on Election Day.

Accessible Voting:

All polling locations have an accessible device with the following options:

- A universal plug for a personal assistive device.
- An audio option that reads the ballot to you.
- Enlarged print.

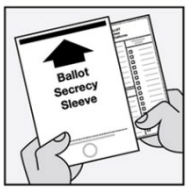

How to Cast your Ballot:

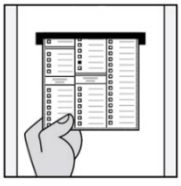

1. Ask a poll worker for a ballot.

2. Mark your ballot.

3. Place your ballot into a secrecy sleeve.

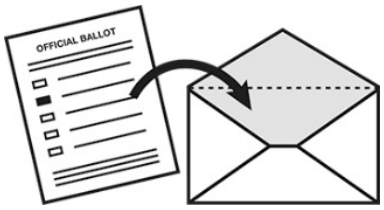

4. Scan your ballot.

How to Return Your Vote by Mail Ballot

State law requires our office to mail every eligible voter a ballot. How you return your ballot is up to you. Early ballot returns help our office produce timely election results.

How to Cast your Ballot:

- Mark your ballot.
- Check your ballot carefully.
- Put your ballot in the return envelope.
- Sign & seal your envelope.
- Return the ballot inside the ballot envelope.

By Mail:

Mail your ballot so that it is postmarked on or before Election Day and received by the County Elections office no later than 7 days after Election Day.

- Use the postage paid envelope to return your ballot.
- **Mail your ballot early.**
- The postmarked date may not reflect the day you placed your ballot in the mail.

Secure Drop Box:

- No postage required.
- Drop boxes are open 24 hours a day.
- Deliver your ballot before 8 PM on Election Day.

In-Person:

You may deliver your ballot to the Trinity County Elections Office on or before Election Day or to any polling place by 8 PM on Election Day.

- The Elections Office is open Monday-Friday from 9 AM-1 PM and 2 PM-4 PM.
- Saturday, October 31st the Elections Office will be open from 9 AM-3 PM.
- Election Day the Elections Office will be open 7 AM-8 PM.

Remote Accessible Vote by Mail (RAVBM):

This secure portal gives all eligible Trinity County voters access to verify their registration status, review your county voter information guide, and access to an accessible ballot format at home.

- RAVBM is **NOT** internet or online voting.
- RAVBM is an optional tool that allows voters to vote privately and independently at home.
- The secure portal provides access for eligible voters to download, mark & print their ballot.
- Once complete, you then must **return your ballot inside a ballot envelope.**

Language Accessibility

The following election materials will be translated and available in Spanish for voters who need language assistance:

- A copy of the ballot
- Voting Instructions
- Voter Bill of Rights

How to request a copy of the ballot

You may request a copy of a Spanish ballot be mailed or emailed to you by contacting the Elections Office via mail, telephone, or email.

Voting Assistance

As a voter, you may bring up to two individuals to your polling place to help you cast your ballot. Those individuals cannot represent your employer or union.

Asistencia Lingüística

Los siguientes materiales electorales serán traducidos y disponibles en español para los votantes que necesiten ayuda lingüística:

- Una copia de la papeleta
- Instrucciones de votación
- Carta de Derechos del Votante

Como Solicitar una copia de la papeleta electoral

Puede solicitar que se envíe una copia de una papeleta española por correo electrónico a través de la oficina electoral por correo postal, teléfono o correo electrónico.

Asistencia para votar

Como votante, puedes llevar hasta a dos personas a tu colegio electoral para ayudarte a emitir tu voto. Esas personas no pueden representar a tu empleador ni a tu sindicato.

Information About the Ballot

Who is running for office?

The County Voter Information Guide does not contain a complete list of candidates. A complete list of candidates is printed on your sample ballot.

Candidates accept campaign spending limits.

California law requires candidates running for State Senate and State Assembly to accept certain voluntary expenditure limits to have the option to pay for and publish a 250-word Candidate Statement of qualifications in this guide.

Pursuant to Proposition 34, adopted November 2000, the following candidates have accepted voluntary campaign expenditure limits and are eligible to submit a Candidate Statement to be printed in the County Voter Information Guide. This law only applies to candidates for State Legislative offices.

State Senator, District 2	State Assembly, District 2
Damon Connolly	Chris Rogers
Tief Gibbs	Michael Greer

Political Party Endorsements

Political parties have the option of submitting candidate endorsements for voter-nominated offices. Not all parties participate and parties may endorse a candidate from another party. The candidate's political party preference listed below their name on the ballot is for informational purposes only and does not signify party endorsement.

Governor

American Independent	No Endorsement
Democratic	Xavier Becerra
Republican	Steve Hilton

Lieutenant Governor

American Independent	Gloria Romero
Democratic	Fiona Ma
Republican	Gloria Romero

Secretary of State

American Independent	Don Wagner
Democratic	Shirley Weber
Republican	Donald P. (Don) Wagner

Controller

American Independent	Malia Cohen
Democratic	Malia Cohen
Republican	Herb W. Morgan

Treasurer

American Independent	Jennifer Hawks
Democratic	Eleni Kounalakis
Republican	Jennifer Hawks

Attorney General

American Independent	Michael Gates
Democratic	Rob Bonta
Republican	Michael Gates

Insurance Commissioner

American Independent	Ben Allen
Democratic	Ben Allen

Member, State Board Equalization, District 2

American Independent	John Pimentel
Democratic	Sally Lieber
Republican	N/A

US Representative in Congress, District 2

American Independent	No Endorsement
Democratic	Jared Huffman
Republican	Robbin Littau

State Senator, District 2

American Independent	Tief Gibbs
Democratic	Damon Connolly
Republican	Tief Gibbs

State Assembly, District 2

American Independent	Chris Rogers
Democratic	Chris Rogers
Republican	Michael Greer

Types of Contests on the Ballot

Voter-Nominated Offices

Voter-Nominated Offices are contests in which the nominee is selected by the voter. In voter-nominated contests, any voter can vote for any candidate, regardless of party. It also allows candidates to choose whether they want to disclose their party preference on the ballot.

Who can vote?

All voters, regardless of party preference can vote for any candidate. This replaces party ballots in primary elections with a single combined ballot listing all candidates. The candidate chooses to have their party preference or lack of party preference printed on the ballot.

Offices on your ballot

- Governor
- Lieutenant Governor
- Secretary of State
- State Controller
- State Treasurer
- Attorney General
- State Insurance Commissioner
- Member, State Board of Equalization
- U.S. Representative
- State Senator
- State Assembly

Judicial – Supreme Court and Court of Appeal Justices

California Justices are nominated by the Governor and then confirmed by the Commission on Judicial Appointments. Nominated justices appear on the ballot as "retention" elections, meaning the voters are asked whether the individual should or should not be elected. The elections are not contested, and other individuals may not run for the seat.

Nonpartisan Offices

Nonpartisan offices are contests in which voters select a candidate. Judicial, school, county and municipal offices are examples of nonpartisan offices. Candidates may not disclose their party preference on the ballot.

Who can vote for these offices?

All voters, regardless of party preference.

Offices that may be on your ballot

- California Superintendent of Public Instruction
- Weaverville Community Services District
- Mountain Communities Healthcare District

Candidate Statement of Qualifications

The Candidate Statement of Qualifications is optional and printed at the expense of the candidate. A complete list of candidates can be found on the Sample Ballot in this guide. Statements are printed in the random alpha order conducted by elections officials.

United States Representative, 2nd District

Jared Huffman **Age:**

Occupation: U.S. Representative

Education and Qualifications:

The cost of living for Northern California families — groceries, gas, healthcare, housing — is skyrocketing, and Washington doesn't get it. Instead of lowering costs, they're making things worse.

A reckless war in the Middle East is costing lives and driving up prices for gas, fertilizer and more. Tariffs and trade wars hit every family with thousands in added costs. Attacks on Medicaid and the Affordable Care Act are crushing rural hospitals and sending health insurance premiums through the roof.

Meanwhile, they use endless culture-war fights to distract from the outrageous ways they're spending your tax dollars — massive giveaways to billionaires and big corporations, a $600 million ballroom and other vanity projects, appalling corruption and self-enrichment schemes, and ICE's brutal, lawless mass-deportation program.

You deserve a Congress that puts struggling families first by lowering costs, saving rural healthcare, and rooting out corruption. I'm fighting for all that, and more.

As Ranking Member of the Natural Resources Committee, I'm leading efforts to protect our water and public lands and strengthen wildfire resilience. I've worked across the aisle to secure disaster relief, increase funding for rural schools and special education, and force transparency in the Epstein coverup. I've secured millions for critical local priorities like Trinity River headwaters conservation, TPUD's transmission safety improvements, and a new "snow cat" emergency repair vehicle.

My commitment is to lead with clarity, courage and solutions, and to keep getting things done even when politics are tough. I'd be honored by your vote.

California State Senator, District 2

Damon Connolly **Age:**

Occupation: California State Assemblymember

Education and Qualifications:

I've spent the last 25 years defending the North Coast, previously serving as a County Supervisor, School Board President, and Vice Mayor. I'm running for State Senate because we need determined, proven leadership to navigate these challenging times, and we need leaders in state government who will faithfully advocate for the rural Northern California communities too often left behind by Sacramento.

My signature achievements in the State Assembly include a landmark climate bond that invested billions in wildfire and drought mitigation (including a new fire response station and training facility), reforms that make air cleaner near schools and daycares, and major local investments in affordable housing. I also authored a bipartisan wildfire home insurance law, AB 1, that will deliver relief to homeowners who invest in home hardening. I'm currently working on legislation to clamp down on corporate tax loopholes that benefit the world's largest corporations at California taxpayer expense.

My priorities are North Coast priorities: bringing good local jobs to our region, health care affordability, reproductive rights, smart solutions to address our housing and homelessness crises, and protections for vulnerable and ignored communities.

This visionary campaign is unifying the North Coast and North Bay. I'm proud to be endorsed by

U.S. Senators Adam Schiff and Alex Padilla, Attorney General Rob Bonta, civil rights hero Dolores Huerta, Congressmembers Jared Huffman and Mike Thompson, State Senator Mike McGuire, former State Senator Wesley Chesbro, Assemblymember Chris Rogers, Sierra Club, California Environmental Voters, California Professional Firefighters, California Nurses Association, National Union of Healthcare Workers, California Teachers Association, SEIU California, former Trinity County Supervisors Judy Morris and Jeff Morris, and more than 130 District 2 Supervisors, Mayors, and Vice Mayors past and present.

I respectfully ask for your vote. www.DamonConnolly.com

Candidate Statement of Qualifications

The Candidate Statement of Qualifications is optional and printed at the expense of the candidate. A complete list of candidates can be found on the Sample Ballot in this guide. Statements are printed in the random alpha order conducted by elections officials.

Member of the State Assembly, District 2

Chris Rogers **Age:**

Occupations: California State Assemblymember

Education and Qualifications:

When I took office, I made a promise to you: I would fight for the people of this community each and every day: no local issue too small, no state issue too big. Side by side, we would create a better future for our families here on the North Coast.

This isn't just a campaign promise, it is the work I do with my team every day, informed by constant conversations with North Coast communities at town halls and community meetings across this incredible district. From Santa Rosa to Hayfork to Hiouchi - and everything in between.

We've worked on dozens of local issues - helping small towns like Rio Dell recover from disaster, investing in North Coast roads and infrastructure, and protecting the Klamath River to support our fishermen and give a voice to our indigenous neighbors.

We took on PG&E and fought to lower utility bills, fought Big Pharma to support our rural health clinics, and beat big tobacco - making it harder for them to target our kids. This year, I'm a joint author on a bill to create a single payer healthcare system in California, and the author of a bill to eliminate unlimited campaign spending by big-monied interests.

I work hard, every day, to represent you.

I'm proud to have the support of the California Democratic Party, the Sierra Club, California's firefighters, nurses, and teachers; Congressmen Jared Huffman and Mike Thompson; Senator Mike McGuire, Assemblymember Damon Connolly, and dozens of County Supervisors and City Councilmembers who call the North Coast home. I would be honored to have your support as well.

Mountain Communities Healthcare District

Marianne Keesee **Age:** **75**

Occupation: Retired/Librarian

Education and Qualifications:

I have lived in Trinity County for 26 years—21 years in Trinity Center before building our home in Weaverville five years ago. During that time I have gained extensive experience serving on nonprofit boards, including Friends of the Library, Trinity Alps Golf Course, Camp McCumber in Shingletown, and the Lions Club at the local, district, and state levels.

What I want to bring to this Board of Directors is strong communication, clear accountability, and genuine transparency. Board members are elected by the voters, and I believe those voters deserve to see these qualities reflected in the people they choose to represent them.

Nearly 20 years as a Lion in Trinity County has taught me some essential truths: Kindness matters. People matter. The workplace matters. When we improve the way we treat nurses and clinicians, the quality of our healthcare system will follow.

Candidate Statement of Qualifications

The Candidate Statement of Qualifications is optional and printed at the expense of the candidate. A complete list of candidates can be found on the Sample Ballot in this guide. Statements are printed in the random alpha order conducted by elections officials.

Mountain Communities Healthcare District

Chad Smith **Age: 51**

Occupation: Physician

Education and Qualifications:

For 12 years, I had the privilege of serving as an emergency physician at Trinity Hospital, where my dog Blue joined me on almost every shift. I worked alongside exceptional nurses, cared for grateful patients, and was honored to serve this community. Those years gave me firsthand insight into both the strengths of our hospital and the challenges we must address.

Today, I continue caring for patients at Redding Rancheria, and I remain deeply committed to Trinity Hospital's future. Our hospital can do better, and I have the experience and perspective to help make that happen.

This November, voters have the opportunity to shape the future of our hospital by electing three members to the MCHD Board. I will advocate for accountable leadership, support and a meaningful voice for nurses and providers, and a culture of collaboration that unites healthcare professionals throughout our county around our shared mission of excellent patient care.

Together, we can restore trust, strengthen our hospital and clinics, improve the workplace environment for nurses and providers, and ensure our community receives the high-quality healthcare it deserves.

You're my boy, Blue!

Mountain Communities Healthcare District

Laura Ecklin **Age:**

Occupation: Educator

Education and Qualifications:

I am a lifelong educator, and I have called Trinity County my home for nearly ten years. Through leadership roles in California higher education, I have experience with collaborative decision-making, accreditation, board governance, and compliance with the Brown Act. This experience, along with my background in counseling, program development and coordination, and employer-employee relations, has prepared me to serve responsibly and effectively as a member of the Board of the Mountain Communities Healthcare District.

I believe that effective leadership is built on integrity, clear communication, transparency, and sound decision-making. If elected, I will bring these values to every issue before the Board. I have great respect for the healthcare professionals who serve our community, and I will work to foster an environment where they feel valued and supported.

If elected, I will provide thoughtful and collaborative leadership, grounded in transparency, fiscal responsibility, and a commitment to strengthening healthcare services for every resident of Trinity County. I would be honored to earn your trust and your vote.

C Measure

Ballot Question

To improve college facilities serving students, veterans, and residents; renovate job training spaces including welding, public safety, agriculture and nursing; make accessibility improvements for the disabled; and acquire, construct, and renovate classrooms/ buildings; shall Shasta-Tehama-Trinity Joint Community College District's measure be adopted authorizing $129,630,000 of bonds at legal rates, estimated levies averaging $7.76 per $100,000 assessed value (raising $7,800,000 annually) while bonds are outstanding with annual audits, independent citizens' oversight committee, and all funds remaining local?

Bonds - Yes	Bonds - No
A "yes" vote is to authorize the issuance of the bonds.	A "no" vote is against authorizing the issuance of the bonds.

For and against Measure C	
For	**Todd Jones** President & CEO Redding Chamber of Commerce **Jill Cox** Business Owner, Trinity County **Michelle Hickok** Shasta College Board President **Joe Wyse** Shasta College Superintendent/President-Retired **Judy Flores** Shasta County Superintendent of Schools-Retired
Against	None submitted.

If fifty-five percent (55%) of the qualified electors voting on Measure C vote for approval, the District's Board of Trustees would be authorized to issue bonds in the principal amount not to exceed $129,630,000 and to levy ad valorem taxes on taxable property within the District to pay for the amount of bonded indebtedness plus interest. The interest rate on the bonds would not exceed the statutory limit.

Impartial Analysis of Measure C

This analysis of the general obligation bond measure for the Shasta-Tehama-Trinity Joint Community College District ("District"), Measure C, is prepared and submitted to the voters in accordance with Elections Code section 9500, et seq. The electors who will be entitled to vote on the measure are those qualified electors who reside within the boundaries of the District. If approved, the issuance of the bonds will be in conformance with the laws of the State of California. Measure C does not propose to amend or add to existing law.

Section 1 of Article XIIIA and section 18 of Article XVI of the California Constitution and Education Code sections 15264 et seq. authorize a community college district to adopt a proposal, subject to the approval of the District's voters, authorizing the issuance of general obligation bonds for specific community college purposes. The District's Board of Trustees has adopted such a proposal and is submitting it to the District electors for their consideration.

If fifty-five percent (55%) of the qualified electors voting on Measure C vote for approval, the District's Board of Trustees would be authorized to issue bonds in the principal amount not to exceed $129,630,000 and to levy ad valorem taxes on taxable property within the District to pay for the amount of bonded indebtedness plus interest. The interest rate on the bonds would not exceed the statutory limit.

The projects to be financed by the bonds may include: (1) repairing, upgrading, renovating or replacing infrastructure, classrooms, equipment, and facilities as described in the full text of the measure (the "Full Text"); (2) upgrading facilities for career training and transfer to universities; (3) constructing classrooms and training facilities; (4) developing a regional training center; (5) upgrading information technology infrastructure and systems; (6) improving safety, disabled access, emergency preparedness, and security systems; (7) other projects listed in the Full Text; and (8) expenses associated with the projects as described in the Full Text. The proceeds will not be used for any purpose not identified in the measure, including teacher or administrator salaries. The District's Board of Trustees shall establish a citizen's oversight committee to ensure that the proceeds of the bonds are spent only on the projects and sites identified in Measure C.

According to the tax rate statement submitted by Dr. Frank Nigro, Superintendent/President of the District, the average annual estimated ad valorem tax which would be required to be levied on taxable real property to repay the bonds over their term would be $7.76 per $100,000 of assessed value. These calculations are estimates only and are not binding upon the District.

If Measure C is not approved by fifty-five percent (55%) of the qualified electors voting on the measure, the District will not be authorized to issue bonds for the aforementioned purposes.

A "yes" vote is to authorize the issuance of the bonds.

A "no" vote is against authorizing the issuance of the bonds.

Argument in Favor of Measure C

Shasta College is an important asset to our North State communities and should be a top priority. A quality college is important because it provides training and education for better paying jobs, is good for the local economy, and improves the quality of our community. Our instructors and staff do a great job educating local students, but many classrooms and facilities in the Shasta-Tehama-Trinity Joint Community College District are outdated or inadequate to provide students with the facilities they need to succeed.

Although classrooms, labs, and facilities have been well maintained over the years, aging buildings must be upgraded since many do not meet 21st century standards. Shasta College's main campus has classrooms that are almost 60 years old. By investing in Shasta College, we can meet today's technological and educational standards and provide better job-training services to improve our communities for years to come.

Approving Measure C will improve our campuses without increasing tax rates.

Measure C will provide funding to make improvements throughout the District including:

- Constructing a new training facility in Tehama County for welding and agriculture jobs
- Expanding Emergency Medical Services (EMS) and Certified Nursing Assistant (CNA) labs and facilities
- Upgrading inadequate building systems
- Modernizing science and math labs
- Making improvements for students and visitors with disabilities

Measure C makes financial sense and protects taxpayers.

- Will not increase tax rates.
- By law, spending must be annually audited and reviewed by an independent citizens' oversight committee.
- All bond funds must be spent locally and **cannot be taken by the State.**
- Funds are required to be spent only on local college facilities, not for administrator or instructor salaries.

Without increasing taxes, Measure C upgrades and renovates old and inadequate buildings and provides training and education for better paying jobs. That's something we can all support. Please join us and VOTE YES ON MEASURE C!

"The undersigned proponents or authors of the direct argument in favor of ballot Measure C at the Gubernatorial General election for the Shasta-Tehama-Trinity Joint Community College District to be held on November 3, 2026 hereby state that such argument is true and correct to the best of their knowledge and belief."

/S/**Todd Jones**
President & CEO Redding Chamber of Commerce

/S/**Jill Cox**
Business Owner, Trinity County

/S/**Michelle Hickok**

/S/**Joe Wyse**
Shasta College Superintendent/President-Retired

/S/**Judy Flores**
Shasta County Superintendent of Schools-Retired

SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT
FULL TEXT OF MEASURE C

BOND AUTHORIZATION

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the Shasta-Tehama-Trinity Joint Community College District (the "District") will be authorized to issue and sell bonds of up to $129,630,000 in aggregate principal amount at interest rates not to exceed legal limits and to provide financing for the specific school facilities projects listed under the heading "Bond Project List" below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIIIA, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The District Board of Trustees (the "District Board") has identified detailed facilities needs of the District and has determined which projects to finance from a local bond. The District Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. Following approval of this measure, the District Board will establish an Independent Citizens' Oversight Committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the District Board.

Performance Audits. The District Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The District Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Shasta County Treasurer, as required by the California Education Code, and (4) the Superintendent/President of the District shall cause an annual report to be filed with the District Board not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), being the construction, reconstruction, rehabilitation, or replacement of school facilities, including the
furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed project or projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the project or projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated rates of *ad valorem* property taxes, the duration of issued bonds and related levies and collections of *ad valorem* property taxes are provided as informational only and are not binding on the District. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the rate or the duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. While such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

BOND PROJECT LIST

Scope of Projects. Bond proceeds will be expended on the construction, reconstruction, rehabilitation, or replacement of school facilities of the Shasta-Tehama-Trinity Joint Community College District, including furnishing and equipping, and the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries or other school operating expenses, all in compliance with California Constitution Article XIIIA, Section 1(b)(3).

This measure authorizes bond projects to be undertaken at all current and future District properties, sites and campuses, and includes real property acquisition.

Specific School Facility Project List. The items presented on the following list provide the specific school facilities projects authorized to be financed with voter-approved bond proceeds. Examples provided in each category does not limit the broader meaning of the type of project authorized. Authorized projects are:

- Upgrade, expand and construct facilities for career training supporting successful careers and transfer to universities.
- Construct classrooms and training facilities including all related improvements supporting career technical education, including careers in welding, public safety, agriculture and nursing.
- Develop through new construction and/or facilities modernization a regional training center to support community education and regional educational collaboratives.
- Provide new science and math labs and expand College facilities providing instruction in Science, Technology, Engineering and Math (STEM).
- Expand, modernize and construct simulation and specialized labs for career training and preparation including careers in public safety and medicine.
- Expand and modernize the Regional Public Safety Training Center and related facilities to provide needed educational programs for fire, law enforcement and emergency medical training.
- Upgrade and replace existing information technology infrastructure and network systems to improve efficiency and increase capacity.
- Upgrade and modernize old restrooms and replace deteriorating plumbing and sewer systems.
- Upgrade outdated and inadequate electrical systems.
- Renovate, repair or replace outdated laboratories, classrooms, and support facilities, including all improvements such as windows, doors, flooring, roofing, lighting, security systems, instructional and learning equipment and devices.
- Improve student safety, disabled access and accommodations to meet all legal and regulatory requirements, emergency preparedness, and security systems, including security cameras, emergency mass announcement systems, keying systems, lighting, fencing, smoke detectors, fire alarms and sprinklers.
- Expand sustainability through stormwater/rainwater capture and reuse systems, solar initiatives, water reduction programs including but not limited to artificial turf installation, and wastewater facilities improvements.
- Construct new student housing and/or renovate/expand/modernize current student housing.
- Upgrade, modernize, expand and construct indoor and outdoor athletic and recreation facilities including tracks, fields, stadiums and pools and all related facilities such as changing rooms, restrooms, seating, announcement systems and scoreboards, food service and parking, including replacing outdated equipment and renovating facilities for regional competition use, and including all types of indoor and outdoor lighting.
- Construct, update and/or modernize facilities supporting performing arts including instruction and performance spaces, including for music, dance, comedy, and drama/theater, and for other community events.
- Modernize and construct student and staff meeting and gathering spaces including improvements to food service, libraries, study spaces and related areas.
- Improvements to exteriors including ensuring walkways, pathways, ramps and parking lots are repaired and safe and expanded, installing retaining walls as needed, improving grading, adding signage, parking, railings, landscaping, irrigation and exterior lighting.
- Health and safety upgrades Including all upgrades required by laws, regulations and building codes, including the Field Act, to provide a safe and healthy environments including improvements to improve air quality and seismic improvements as recommended, and includes addressing unforeseen conditions revealed in connection with construction such as dry rot or other structural issues.
- Furniture, equipment including technology equipment, and all work necessary and incidental to specific projects described above as more particularly described below.

The order in which the foregoing projects are listed does not suggest an order of priority. Project prioritization is vested in and will be determined by the District Board.

Furnishing and Equipping; Incidental Expenses. Each of the bond projects described on the above Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments and updates to master plan documents, inspections, site preparation, utilities, landscaping, construction management and other planning and permitting, legal including litigation, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation/moving costs and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular and parking facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other

necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; costs of the election; bond issuance and compliance costs; and project administration during the duration of such projects, as permitted by law.

Alterations to Scope; New Construction; Real Property Interests. The scope, nature and priority of any of the specific projects described above may be altered by the District Board. This may occur due to unforeseen conditions that may arise during the course of planning, design and construction, or due to other compelling factors which become apparent in the course of

project planning and execution, for example changing project cost considerations, safety considerations including discoveries, programmatic considerations or other considerations that arise or become apparent over the several years of undertaking bond financed projects. In the event that a modernization or renovation project is determined by the Board to be more economical or otherwise in the best interests of the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation and construction at a new or alternative site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, new construction of a facility may be revised to modernization of an existing facility due to any of the factors mentioned herein, among other possible reasons. This measure authorizes the acquisition of interests in real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. This measure also authorizes payment of costs related to consolidation of facilities or campuses.

Interim Financing Included; Joint Use Projects Authorized. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes or lease financings relating to projects and/or equipment previously financed. Finally, projects on this list may be undertaken and used as joint use projects with other public agencies.

Other Funding Sources. Voters are advised that the Bond Project List presents more projects than are expected can be addressed with proceeds of this bond measure. The District Board will determine project prioritization and there is no representation nor guarantee that all projects will be addressed. Additional funds for facilities projects are expected to be pursued from the State's facilities matching funds program, if and to the extent available and qualifying, to provide additional funding for facilities projects.

Unforeseen Circumstances. Many factors which the District cannot predict or control may impact its ability to address each of the projects, including but not limited to construction cost issues, supply chain issues which can cause project delays, labor shortages, and unknown environmental factors or site conditions, among others. The District is unable to anticipate all unforeseen circumstances which may limit or prevent some of the projects listed above from being undertaken or completed.

Interpretation. The terms of this Bond Measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq*. and the Strict Accountability in Local School Construction Bonds Act of 2000. Examples included on the project list are not intended to limit the broader types of projects described and authorized by this measure. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by State law. The Bond Project List only authorizes capital expenditures.

Severability. The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

TAX RATE STATEMENT
REGARDING PROPOSED
SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT
GENERAL OBLIGATION BONDS

An election will be held in the Shasta-Tehama-Trinity Joint Community College District (the "District") of the counties of Shasta, Tehama, Trinity, Lassen, Humboldt and Modoc, California, on November 3, 2026, to authorize the sale of up to $129,630,000 in bonds of the District to finance school facility improvements as described in the measure. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* property tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate which would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement, is $7.76 per $100,000 of assessed value. The final fiscal year in which the tax is anticipated to be collected is 2060-61.

2. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is $15.29 per $100,000 of assessed value. It is estimated that such rate would be levied in fiscal years 2031-32 through 2042-43.

3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately $264,800,000.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the applicable county's official tax rolls. In addition, taxpayers eligible for a property tax exemption such as the homeowner's exemption will have a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary from those used to provide the estimates set forth above, due to factors such as variations in the timing of bond sales, the par amount of bonds sold and market interest rates available at the time of each sale, actual assessed valuations over the term of the bonds, and other factors. The date and amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. The actual interest rates at which the bonds will be sold will depend on conditions in the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the District as determined by the counties as part of the annual assessment and the equalization process.

/S/Dr. Frank Nigro
Superintendent/President
Shasta-Tehama-Trinity Joint Community College District

D Measure

Ballot Question

To maintain local road maintenance authority and provide dedicated funding for road maintenance and related services, shall a measure imposing a $100 annual special tax per parcel, raising approximately $100,000 annually until repealed by voters with all funds spent locally, be adopted pursuant to Post Mountain PUD Ordinance No. 2026-01?

This measure is subject to approval by two-thirds of the votes voting on the measure to pass.

Yes	No
A “yes” vote is a vote in favor of authorizing the one hundred ($100.00) dollar annual special tax per parcel for road maintenance and related services within the District.	A “no” vote is a vote against authorizing the special tax.

For and against Measure D	
For	None submitted.
Against	None submitted.

Approval of Measure D requires two-thirds of the votes cast on the measure. If approved, the measure will take effect immediately. The tax would continue until repealed by the voters, until the District no longer provides the services and the lien is canceled in accordance with law or until the District Board ceases to levy the tax.

Local Ballot Measure D

Impartial Analysis of Measure D

The Board of Directors of the Post Mountain Public Utility District (the "District") has placed Measure D on the ballot for the November 3, 2026 General Election. Measure D would authorize a special tax for road maintenance and related services within the District.

If approved, D would impose an annual special tax of one hundred ($100.00) dollars on each lot or parcel within the District, as identified by an Assessor's Parcel Number assigned by the Trinity County Assessor. If a parcel is later subdivided, each resulting parcel would be subject to the tax separately. If parcels are merged or combined under a single Assessor's Parcel Number, the resulting parcel would be treated as one parcel for purposes of the tax.

The proceeds of the special tax would be used only for road maintenance and related services, including, among other things:

- Road grading and surface maintenance;
- Snow removal;
- Culvert maintenance and drainage improvements;
- Erosion control and sediment reduction;
- Emergency road repair; and
- Equipment necessary to perform road maintenance services.

Tax proceeds must be deposited into a separate account and the District must prepare an annual report identifying funds collected and expended. The measure would not apply to certain government-owned property that is exempt from taxation under applicable law.

Except for Fiscal Year 2026-27, the special tax would be collected in the same manner and at the same time as Trinity County property taxes, unless the District Board selects another lawful method, including direct billing. Delinquent taxes would be subject to the same penalties, interest, collection procedures, and lien priority applicable to delinquent property taxes. The special tax would be secured by a continuing lien on non-exempt real property in the District until canceled as provided by law or until collection of the special tax ceases.

The District estimates that the special tax would raise approximately one hundred thousand ($100,000.00) dollars annually. The District will reimburse the County for the actual costs of conducting the election.

Approval of Measure D requires two-thirds of the votes cast on the measure. If approved, the measure will take effect immediately. The tax would continue until repealed by the voters, until the District no longer provides the services and the lien is canceled in accordance with law or until the District Board ceases to levy the tax.

A "yes" vote is a vote in favor of authorizing the one hundred ($100.00) dollar annual special tax per parcel for road maintenance and related services within the District.

A "no" vote is a vote against authorizing the special tax.

This impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9313 of the Elections Code of the State of California.

Full Text of Local Ballot Measure D

ORDINANCE NO. 2026-01
ORDINANCE OF THE BOARD OF DIRECTORS OF THE POST MOUNTAIN PUBLIC UTILITY DISTRICT AUTHORIZING THE LEVY OF A SPECIAL TAX TO FUND ROAD MAINTENANCE

WHEREAS, the Post Mountain Public Utility District ("District") is an independent special district authorized to provide road maintenance, fire protection, and related services pursuant to the Public Utility District Act (Public Utilities Code§15501 et seq.); and

WHEREAS, road maintenance responsibilities within the Post Mountain area are shared among the District, the Trinity County Department of Transportation, and the United States Forest Service, with the District responsible for approximately 27 miles of local roads serving residents and property owners within the District; and

WHEREAS, Article XIII A, Section 4 and Article XIII C of the California Constitution authorize local government agencies to impose special taxes subject to approval by two-thirds of the voters voting on the measure, and Government Code Sections 50075 et seq. and 53724 authorize the governing body of a local agency to submit such a special tax measure to the voters for approval and to provide for the collection of the tax on the property tax roll; and

WHEREAS, the Trinity Local Agency Formation Commission (LAFCo) adopted a Municipal Service Review and Sphere of Influence Update for the District on August 15, 2023, which documented deficiencies in the District's ability to provide services, including the lack of a dedicated funding source for road maintenance and reliance on donations and fire assessment revenues to maintain roads; and

WHEREAS, the District retained Trinity Valley Consulting Engineers (TVCE) in 2024 to prepare a Road Maintenance Rate Study, which included an inventory of roads and culverts within the District and estimated that the cost of basic annual road maintenance is approximately $180,500 per year, equivalent to approximately $173 per parcel annually if shared equally among property owners; and

WHEREAS, the Board of Directors ("Board") has reviewed the findings of the TVCE Rate Study and recognizes that the District must establish a dedicated funding source for road maintenance while continuing to pursue additional funding sources, including grants, partnerships, and interagency coordination; and

WHEREAS, on October 15, 2024, Trinity LAFCo adopted Resolution 2024-03, a Resolution of Intent to Initiate Dissolution of the Post Mountain Public Utility District pursuant to Government Code Section 56375.1, based on documented service deficiencies and limited capacity to sustainably provide services; and

WHEREAS, Resolution 2024-03 established a twelve-month remediation period during which the District was directed to address deficiencies and demonstrate measurable progress toward sustainable service delivery; and

WHEREAS, on November 4, 2025, Trinity LAFCo adopted Resolution No. 2025-07, extending the remediation period through December 31, 2026 in recognition of progress made by the District and to allow additional time for the District to establish a sustainable funding source for road maintenance as a critical factor in determining the long-term viability of the District; and

WHEREAS, the Commission further determined that the District's ability to secure a reliable funding source for road maintenance services will be an important factor in determining whether the District has remedied the deficiencies identified in the Municipal Service Review, and that failure to establish such a funding source may require the Commission to consider dissolution or reorganization of the District pursuant to Government Code Section 56375.1; and

WHEREAS, the Board of Directors finds that establishing a special tax described herein represents a necessary step toward establishing a sustainable funding source for road maintenance services, including maintenance, repair, snow removal, grading, drainage improvements, and related services within the District and improving the District's capacity to provide essential services to the Post Mountain community.

WHEREAS, the Board finds that the Post Mountain Public Utility District- Volunteer Road Department does not bear the responsibility and liability for maintaining the Trinity County and United States Forest Service roads and culverts within the District; and

WHEREAS, the Board finds that the Trinity Valley Consulting Engineers Report failed to exclude the Trinity County and the United States Forest Service roads and culverts in the Road Maintenance Rate Study such as Trinity Pines Dr, Chrome Mine Rd, Westridge Rd, and Rattlesnake Rd; and

WHEREAS, the Board finds that levying assessment of $100.00 per parcel annually are sufficiently to sustain road maintenance services over time in the district; and

WHEREAS, the Board further finds that the special tax described herein will provide a dedicated source of base funding to support road maintenance activities, supplementing other funding sources while the District continues to pursue grants, partnerships, and additional funding mechanisms necessary to address the full cost of maintaining and repairing the District's road system.

NOW, THERFORE, BE IT ORDAINED BY THE BOARD OF DIRECTORS OF POST MOUNTAIN PUBLIC UTILITY DISTRICT, AS FOLLOWS:

Section 1. Incorporation of Recitals. The Recitals set forth above are incorporated herein, are made findings and determination of the Board, and are an operative part of this Ordinance.

Section 2. Establishment of Special Tax. Subject to approval by the voters as required by law, a special tax for road maintenance is hereby established within the Post Mountain Public Utility District, and shall continue in force and effect until the District no longer provides the services and the lien canceled in accordance with law or until the special tax ceases to be levied by the Board. The special tax shall be levied as follow:

One Hundred Dollars ($100.00) per year for each lot or parcel within the District, as identified by an Assessor's Parcel Number assigned by the Trinity County Assessor. If a parcel is subsequently subdivided, each resulting parcel shall be subject to the tax separately. If parcels are merged or combined under a single Assessor's Parcel Number, the resulting parcel shall be treated as a single parcel for purposes of this tax.

Section 3. Purpose of Tax. Revenues generated by this special tax shall be used solely for road maintenance and related services, including but not limited to:

- Road grading and surface maintenance;
- Snow removal;
- Culvert maintenance and drainage improvements;
- Erosion control and sediment reduction;
- Emergency road repair; and
- Equipment necessary to perform road maintenance services.

Section 4. Accountability Measures. Pursuant to Government Code Section 50075.1, the following accountability measures shall apply:

1. Revenue from the special tax shall be used only for the purposes stated herein.
2. The proceeds of the special tax shall be deposited into a separate account.
3. The District shall prepare an annual report on funds collected and expended.

Section 5. Exemption and Tax. The special tax shall not be imposed upon property owned by the United States, the State of California, or any department, agency, or political subdivision thereof, including the county, school districts, and special districts to the extend such government owned property is exempt from taxation under Article XIII, Section 3 of the California Constitution and applicable provisions of the California Revenue and Taxation Code, or as otherwise provided by law.

Section 6. Collection of Tax; Penalties: Enforcement. With the exception of the 2026-27 Fiscal Year, the special tax shall be collected in the same manner and at the same time as ad valorem property taxes are collected by the County of Trinity, or in such other manner as this Board shall determine, including without limitation, direct billing of the affected property owners, and shall be subject to the same penalties, procedure, sale and lien priority in any case of delinquency as applicable for ad valorem taxes. To any of the tax imposed by this Ordinance which becomes delinquent shall be added a penalty equal to that imposed on delinquencies in the ad valorem property tax. The tax and penalty shall bear interest at a rate equal to the interest rate imposed on unpaid ad valorem property taxes. The special tax shall be a lien on the property on which it is levied, and the enforcement of the collection of such taxes may be made in the same manner and by the same means as is provided by law for the enforcement of liens for state and county taxes, all of the provisions of law relating to the enforcement of the latter being hereby made a part of this Ordinance, as far as applicable. The special taxes authorized to be levied shall be secured by the lien imposed pursuant to Sections 3114.5 and 3115.5 of the Streets and Highways Code of the State of California, which lien shall be a continuing lien to secure each levy of the special tax, shall attach to all non-exempt real property in the District and shall continue in force and effect until the lien is canceled in accordance with law or until collection of the special tax by the legislative body ceases.

Section 7. Effective Date. This Ordinance shall take effect immediately upon its approval by two-thirds of the voters voting on the measure at an election held within the District in the manner provided by law.

Section 8. Severability. If any provision of this Ordinance, or the application thereof to any person or circumstance is held invalid, the remainder of the Ordinance and the application of such provisions to other persons or circumstances shall not be affected thereby and to this end the provisions of this Ordinance are severable.

Tips to make sure your vote is counted!

- Make your voice heard early. Return your voted ballot as soon as you receive it.
- Ballots can be dropped off at a secure drop box, county elections office, or returned by mail.
- Skip the lines on Election Day. Our office will be open from 9AM-3PM on Saturday, October 31st.
- Mail your ballot early! To ensure your ballot is postmarked by Election Day make sure to mail it at least 7 days in advance. Mailed ballots must be postmarked on or before November 3rd.
- If mailing a ballot on November 3rd, get a manual postmark from a postal employee inside a United States Post Office.
- November 3rd is the last day to vote in-person or return a ballot by 8PM. Polls are open from 7AM to 8PM.

Have you signed up for BallotTrax?

The California Secretary of State offers voters a way to track and receive notifications on the status of their vote-by-mail ballot. The "Where's My Ballot?" tool lets voters know where their ballot is, and its status, every step of the way.

When you sign up for "Where's My Ballot?" you will receive automatic updates when our office:

- Mails your ballot,
- Receives your ballot,
- Counts your ballot, or if there are any issues with your ballot.

Voters who sign up at ***WheresMyBallot.sos.ca.gov*** can choose to receive automatic updates by:

- Email
- Text Message (SMS)
- Voice Call

Sign up to track your ballot at https://WheresMyBallot.sos.ca.gov and be alerted the moment your vote is counted!

Signing your Ballot Envelope

Your signature is an important part of the voting process. It is part of the security of the election. The signature on the back of each return ballot envelope is compared to the signature on file for that voter. Below are some important facts about your signature and voting.

The return envelope for your ballot must be signed.

We must compare the signature on the ballot envelope to the signature we have on file with your voter registration, before we count your ballot.

What if I forget to sign the envelope or my signature doesn't match?

If we receive your ballot envelope and the signature is missing or doesn't compare to what we have on file, we will contact you using the information we have on your voter record. You will be asked to visit our office and provide a signature, or sign and return the form we mail to you, before your ballot can be counted.

How long does a voter have to fix their challenged signature?

Challenged signatures must be resolved with the Elections Office no later than 5pm two days prior to the certification of the election.

What if my signature changes?

Our signatures naturally change as time goes by. Some changes are more drastic than others. If you are aware of your signature changing, you can complete the signature update form contained in this guide and return it to us, or contact our office and we will assist you in updating your signature on file.

Keep your signature up to date.

Make sure your address and signature are always up to date with the Elections Office. This will ensure a smooth voting process for you during each election.

Signature Update Statement

- Your signature is an important part of the voting process.
- It is part of the security of the election.
- Your signature on the back of the return ballot envelope is compared to your signatures on file.
