

Harbor Pans for GOLD and Plans to Strike It Rich!

BY ROGER GITLIN
Country Media, Inc.

With two recusals on selecting the new hoists space operator lease, commissioners chose Ocean Gold to assume control of the vital hoists, following the exit of Pacific Seafood, last December. Fathom Seafoods was the alternate bidder. Commissioners Dan Schmidt and John Evans joined Chairman Gerhard Weber in voting AYE in supporting applicant Ocean Gold, after barely meeting minimum quorum requirements.

Ocean Gold unexpectedly offered ice house operations during its presentation, and to do so within six months of lease signing.

The importance of selecting a hoist operator is vital, according to Harbormaster Mike Rademaker. “The hoist is a heavy duty lifting system that moves Seafood catches from the boats to the docks. The hoist function not only enables critical offloading infrastructure but strengthens the Harbor District’s financial position. The new market lease rate is \$3,000 per hoist, per month, and doubles the previous rate. The two Harbor hoists will generate \$72,000 annually. The Harbor will also receive an estimated \$20,000 per

year in poundage fees from Ocean Gold.

That’s a lot of gold.

The partnership aligns with our broader mission to support commercial fishing industry.”

The opening of the ice plant within a half year will significantly reduce operating costs by eliminating the need for long distance ice sourcing. The necessity of greater capability to harvest abundant shrimp resources.

Commissioner Dan Schmidt praised the new relationship with Ocean Gold. “Though both applicants were highly qualified, I voted for Ocean Gold for two reasons:

- The returning of ice plant operations benefits fishermen, the Harbor District and consumers.
- Ocean Gold’s desire to restore Harbor status as a premier facility for off loading and processing shrimp.

Schmidt stated the vessel to fresh fish market, the process of “efishment” supply is greatly improved.

Commissioner Evans echoed his support for Ocean Gold. “Ocean Gold has a strong track record of growth, a robust trucking division and extensive experience in cold storage. The ability to move enormous amounts of product volume will greatly benefit our fishing fleet; and their knowledge of the ice plant will hopefully prove to be invaluable to the CCHD. As we move forward, we will keep an eye on the terms of this agreement and adjust in the future as needed.

California Continues to Oppose Cooperation with ICE

By ROGER GITLIN
Country Media, Inc

8USC 1373 prohibits cities and States from interfering with the Immigration and Customs Enforcement (ICE) mission The supremacy clause of the Constitution, Article VI, clause 2 assures Washington DC prevailing

Nonetheless, California and 10 other States vow not to cooperate with ICE in turning over illegal alien criminals, the so-called most dangerous of murderers, rapists, drug and sex traffickers... the worst of the worst.

California, District of Columbia, Colorado, Connecticut,

Illinois, Massachusetts, New Jersey, New York, Vermont, Rhode Island, Oregon and Washington all embrace Sanctuary Values, and embracing illegal aliens into the USA.

California passed the California Values Act, SB 54, in 2017. At least 16 cities and counties in California opposed Sanctuary State. Crescent City and Del Norte County were NOT among the list of 16.

The TriPLICATE received several queries about enforcement of Federal law in Del Norte County.

Sheriff Garrett Scott was clear. “I will follow Federal law. The

Supremacy rule in the Constitution prevails. The Del Norte Sheriff will fully cooperate with ICE.”

The same question to Chief Richard Griffin, Crescent City and our local California Highway Patrol office did not respond to the TriPLICATE question, will your agency cooperate with ICE?

California bolstered its opposition to ICE by passing a \$50 million law to make California Trump-proof. The Governor signed the bill into law, last week.

ICE Director Tom Homan underscores his agents are at greater risk working in uncooperative cities and States.

Del Norte Sheriff responds to Appeals Court Decision on Non-Criminal Mental Health Calls

BY ROGER GITLIN
Country Media, Inc.

Citing a trend following a recent Ninth District Court of Appeals decision involving qualified immunity on mental health calls, Del Norte Sheriff Garrett Scott will no longer dispatch his deputies to non-criminal mental health calls.

The Appeals Court ruled on a 2019 Las Vegas incident where a detained individual called 9-1-1 for help. Responding officers used force on the individual leading to rendering the individual unconscious and who later died in custody.

The Court ruled the force was unreasonable and questioned whether officers should have been involved at all, as no crime had been committed.

Qualified immunity is at stake. Sheriff Garrett Scott responded, “There must a crime in progress before our deputies will be dispatched. Law enforcement has been pushed back so far by the Courts, the message is clear: law enforcement has no place in dealing with mental health issues.”

“The responsibility of assisting those with mental health

needs belongs with the trained staff from the mobile crisis units from Dept.of Health and Human Services,” continued the Sheriff.

Under the new policy, dispatchers will ask callers if a criminal element or danger to others is present.

Scott underscored his hope the U.S Supreme Court will take up Ninth District Court.

Training for all staff begins immediately.

Comprehensive Review of Ambulance Service in Del Norte Begins

BY ROGER GITLIN
Country Media, Inc.

The process of considering supplanting Ambulance service in Del Norte has begun.

The North Coast Emergency Medical Service (NCEMS) has acquired the services of consultant EndPoint, last month and disbursed \$97,000 to the consultant. The funds for this study originated from a 3-2 vote in favoring the consideration of 9-1-1 ambulance service by the Board of Supervisors.

Many in the community have expressed doubt on the Board authorizing this exploratory project calling the hunt wasteful and frivolous.

Over near four decades of service there has been no formal complaints or major incidents of dereliction of service against Del Norte Ambulance.

The question lingers: Why is the Board wishing to withdraw the Exclusive Operating Authorizing (EOA) for ambulance service? No clear answers have surfaced.

The three assenting AYE votes from

Supervisors Joey Borges, Darrin Short and Valerie Starkey have yet to explain their displeasure with Del Norte Ambulance.

Meanwhile the initial \$97,000 comes from an emergency account from the Department of Health and Human Services. DHHS failed to acknowledge the “emergency” associated with the disbursement.

It is very possible that Del Norte Ambulance will retain the exclusivity on providing 9-1-1 Ambulance service, but the continuing action may add as much as another \$60,000 in fees to consultant EndPoint and the

in-perpetuity of the EOA will be terminated.

When Humboldt County was faced with a similar circumstance, Humboldt elected to “grandfather” in its existing service to the existing provider at zero cost to the County.

The three phase process will terminate by March 2027 when a Request for Proposal has been formulated.

NCEMS / EndPoint kick off meeting is scheduled for Tuesday, February 25, 2025 at the Board Chambers at 2PM.

The public is invited.

Opinion & Letters

GUEST COMMENTARY - *Opinion by Samuel Strait*

Einstein, Microgrids, and the Lemus Effect

Seems like there is always one on every governing board who thinks his giant intellect will make for instant success when all we are really talking about is a giant ego, no intellect to be found. Too often politicians, such as our local Einstein, Supervisor Chris Howard, become easy targets for the unscrupulous selling fantasies, geese laying golden eggs and a solution for every nonexistent problem government need not solve.

It is not as if Del Norte County hasn't had its share of snake oil salesmen come to town and sell the proverbial "pile of excrement" to a board, council, or commission. Locally referred to as the "Alex Lemus Effect". It's how snake oil salesmen make their living. Far be it for the politician, in this case Supervisor "Einstein" Howard, to make the effort of due diligence to see if the snake oil salesman, in this case, SitelogIC, has the cash, real investment money, or a guaranteed public source, AKA other people's money, to accomplish the promised project. In this case clearly no money is evident, spinning fairy tales, yes, lots of planning, yes, just no money.

In case you are unfamiliar with the "Alex Lemus Effect", Mr. Lemus slithered into town a few years back, promised the Crescent City Harbor Commission, the proverbial "Golden Egg", then failed to deliver. When Mr. Lemus slithered back out of town a couple of years later, the Harbor's RV parks were near emptied and needing hundreds of thousands of dollars of restoration. The Harbor's solar project turned into near disaster and left the Harbor saddled with maintenance costs the harbor cannot afford. Finally, Mr. Lemus, not to belabor the point, exited owing the Harbor more than \$300,000. What a prince!

Back to SitelogIC, a consulting company nothing more, who targets rural communities in an effort to convince those communities into building or refurbishment projects for the most part the community neither needs, can maintain, nor can afford. SitelogIC is a company opened in 2019 just before the Biden Administration took office and began promoting "Green New Deal" projects being funded by State and Federal governments with massive amounts of taxpayer

er dollars.

The project slated for Del Norte County is a solar based microgrid with battery and diesel generated backup. It is advertised to be a secondary source for power should a repeat of the events in August of 2023 where the entire county was without power for a bit over a week. Currently the plan to be developed is to provide power for the Sheriff's Office/Jail, the Flynn Center, the Veteran's Hall, and the Road's Department on Cooper Street. Like I said at a recent 5-0 Eastern Island Statue's meeting, "a few County buildings". And the rest of the County pray tell?

Further along in this planning, yes, \$35,000 to the vendor, SitelogIC, is the possibility the school district, the city offices, and the hospital, also known as the place which has a backup generator yet cannot perform surgeries, is to be added. So, where is it the remaining 99% of the County's population gets at least some benefit out of an infrastructure project expected to cost north of \$3 to \$4 million? Sorry Walmart shoppers, Supervisor Einstein Howard, hasn't gotten

around to us yet, government comes first. Certainly not the people, those pedestrian types. Charming!

I suppose, the real question to asked of our Einstein, "What good would the buildings to be powered by the proposed microgrid be during 2023's loss of power?" Not much! They certainly do not sell groceries, or gas. Have an ATM for cash? Maybe sell personal sized generators? And the new fantasy will change local citizens situations, HOW?

Emergency services provided the county's residents with thirteen seconds of silence followed by a dial tone. Swell! Ah, we were expected, all 26,000 of us, to appear at the Veteran's Hall for lunch and dinner, maybe charge our cell phones, sixty or so years from now when the next "emergency event" takes place. Clearly, the County's "Walmart Shoppers", were left adrift until Pacific Power restored electricity. And the County did what exactly? Oh, yes, this County microgrid will save us all sometime in the future.

Why is the County responsible at all for supplying the local resi-

dents, the school district, the city, Sutter Health, or even the airport with power redundancy? Just maybe, when the lights go out, it falls on those, Pacific Power, to "save" us not the County of Del Norte.

Keeping in mind, Brookings is a mere twenty miles to the North. In 2023, groceries, gas, health care, NO PROBLEM! And you were saying the microgrid is vital? To whom exactly?

Of course, why didn't I think of it? The County just might be able to save a few bucks on the taxpayer's power bill in a few County offices. And, it checks a few boxes in the County's Strategic Plan, what more can the local population ask for? Is the County's 5-0 Board of Supervisor's that gullible? Snake oil is on sale this week! The genius speaks, the imbeciles listen. After all, it is only money. The heck with sheriff's deputy's salaries, and SEIU minimum wage workers!

What else can we expect from our Board? Perhaps a luxury cruise to Philly? Maybe the genius and the Consolation Prize can float this boat in Philly next summer at NACo?

One Month since LA Firestorms: What’s Happened?

by **ROGER GITLIN**
Country Media, Inc.

It’s been over a month since the devastating firestorms destroyed thousands of homes stretching from Pacific Palisades to Altadena. Governor Gavin Newsom has directed a “whole of government” response to support communities and survivors. The Governor has issued 15 separate Executive Orders to assist victims.

One statement from the Governor raised considerable doubt. On a cell phone from the firestorm, Gov. Newsom requested from then-President Biden, additional assistance to cover 100 percent of California’s fire management and debris removal for 180 days, up from the traditional 75 percent. A passer-by victim spotted the Governor appearing to be on his cell phone speaking with President Biden. The individual approach the Governor, angry and frustrated by lack of expedient action. Newsom sheepishly admitted to the irate victim, he was attempting to reach the president but was not successful. The optics of the President on a cell phone speaking with the former President is simply not credible. Former President Obama set a precedent in 2009 and ceased using any device as requested by the Secret Service upon his taking Office.

In the Governor’s own words, “Since the day these

firestorms ignited, my Administration has been on the ground working to get survivors the support they need. Our goal is simple: a full recovery for the people of Los Angeles as fast as possible. We’re working with communities and the Federal government to rebuild Los Angeles faster and stronger.”

Among many of the victims, the Governor’s words appear to fall short of any realistic action. Equal blame and scorn is also directed to Los Angeles Mayor Karen Bass. The Triplicate was able to contact and speak with several residents of the devastated area and business owner/ victims. All adamantly wished to remain anonymous.

A family of four has no home and said, “Nothing has changed since the firestorms.”

Another individual who did not suffer a loss of his home in the Palisades but was told he must secure a permit to enter the fire zone. The permit would be issued from the City of Malibu. Pacific Coast Highway has been closed and the individual was detoured around PCH, a two hour delay. The permit was valid for just two days whereupon the victim would have to renew the pass. Entry to the individual’s home was denied due to permit expiration.

Two other individuals who did lose their homes to fire attempted to clear debris and begin the rebuilding

process, despite the Governor’s Executive Order to make it easier to streamline construction of accessory dwelling units, allow for more temporary trailers and suspend fees for mobile home parks. Another Executive Order directed fast action for debris removal and cleanup. The Governor’s memos do not seem to reaching local staff.

Authorities stopped the debris clearing from Los Angeles Mayor Bass’ environmental order to cease and desist. Both frustrated homeowners fumed over the bureaucracy at both the State and City level.

Gov. Newsom did travel to Washington to meet with President Trump and members of Congress, in seeking critical disaster aid for survivors and ensuring impacted families who lost their homes and livelihoods have the support they need to rebuild and recover, while simultaneously signing legislation to make the Golden State “Trump-proof” against Federal efforts to enforce immigration law, including the President’s plan to deport illegal alien felony criminals.

Again, Gov. Newsom’s orders are apparently not being needed by on the ground staff

Another fire victim from the devastated fire zone quipped, “Newsom and Bass are incompetent, inept or insensitive to our immediate needs, and probably all three.” The saga of this disaster continues.

NOTICE OF PETITION TO ADMINISTER ESTATE OF: Gordon Leigh Erwin Case Number: PB257006
To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of **Gordon Leigh Erwin** A Petition for Probate has been filed by: **Thomas V. Haag**, in the Superior Court of California, County of: Del Norte. The petition for probate requests that: **Thomas V. Haag** be appointed as personal representative to administer the estate of the decedent. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This Authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority. A hearing on the petition will be held in this court as follows:
Date: **March 7, 2025**
Time: **10:00am** Dept.: **2**
Address of the Court: **450 H Street, Crescent City, CA 95531**
If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. Attorney for Petitioner: **Gino de Solenni 384 G Street Crescent City, CA 95531 (707) 464-6181**

ALL PERSONS INTERESTED IN THE MATTER OF THE AUTHORIZATION OF DELTA CONVEYANCE PROGRAM REVENUE BONDS, THE ISSUANCE, SALE AND DELIVERY OF DELTA CONVEYANCE PROGRAM REVENUE BONDS, THE ADOPTION OF THE DELTA CONVEYANCE PROGRAM REVENUE BOND GENERAL BOND RESOLUTION PROVIDING FOR THE ISSUANCE OF DELTA PROGRAM REVENUE BONDS, AND THE PROCEEDINGS RELATED THERETO: Plaintiff has filed a civil complaint against you. You may contest the validity of the above matter by appearing and filing with the Court a written responsive pleading to the complaint not later than March 25, 2025, which is ten (10) days or more after the completion of the publication of this summons. Your pleading must be in the form required by the California Rules of Court. Your original pleading must be filed in this Court with proper filing fees and proof that a copy thereof was served on Plaintiff’s attorney. Unless you so respond, your default will be entered upon Plaintiff’s application, and the Plaintiff may apply to the Court for the relief demanded in the complaint. Persons who contest the validity of the matter described below and in the complaint will not be subject to punitive action, such as wage garnishment or seizure of their real or personal property.
DETAILED SUMMARY OF THE MATTER THAT PLAINTIFF SEEKS TO VALIDATE: The California Department of Water Resources (Department) operates facilities which conserve, store, transport and deliver water to urban and agricultural water agencies throughout the State. Since 1960, the Department has approved, planned and constructed a system of water storage and transportation and power generation facilities (the State Water Project). Currently, State Water Project water is conveyed

across the Sacramento-San Joaquin Delta through the natural channels of the Delta formed by the confluence of the Sacramento and San Joaquin Rivers, as those channels have been modified over the past 150 years. The Department has undertaken to develop a comprehensive plan for the effective delivery of State Water Project water across the Delta. The Department is currently undertaking planning and design activities regarding potential new Delta conveyance facilities. The facilities under review would transport water from new intake points on the Sacramento River at the northern edge of the Delta through an underground tunnel running below the natural waterways of the Delta to State Water Project export facilities at or below the southern edge of the Delta. These facilities would be a further modification of the Feather River Project authorized pursuant to the Central Valley Project Act, Water Code sections 11100 et seq. The Department has established a proposed revenue bond financing to finance the cost of the environmental review, planning, engineering and design, and if and when appropriate, the acquisition and construction of Delta conveyance facilities. On January 6, 2025, the Department adopted a bond resolution authorizing the issuance of revenue bonds for those purposes. Under the bond resolution, bonds for construction cannot be issued unless specific conditions precedent are satisfied, which include regulatory and statutory requirements regarding the physical and environmental aspects of approving, constructing, and operating Delta conveyance facilities. On January 7, 2025, the Department filed a validation action to confirm the legal validity of the Department’s proposed bond financing. A validation action is a judicial proceeding in which a governmental agency, like the Department, can confirm the validity of a proposed financial transaction before it commits to or undertakes the transaction. The Department’s validation complaint, the bond resolution, and a copy of this Summons are available on the Department’s internet website at: <https://water.ca.gov/Programs/State-Water-Project/Delta-Conveyance/Public-Information>. **YOU MAY SEEK THE ADVICE OF AN ATTORNEY IN ANY MATTER CONNECTED WITH THE COMPLAINT OR THIS SUMMONS. SUCH ATTORNEY SHOULD BE CONSULTED PROMPTLY SO THAT YOUR PLEADING MAY BE FILED OR ENTERED WITHIN THE TIME REQUIRED BY THIS SUMMONS. SI USTED DESEA SOLICITAR EL CONSEJO DE UN ABOGADO EN ESTE ASUNTO, DEBERIA HACERLO INMEDIATAMENTE. CDFW Introduces Web-Based Angler Survey to Improve Fishing Experience

The California Dept. of Fish and Wildlife announces the launch of a web-based platform called the California Inland Recreational Angler Survey (CIRAS) that will provide the public with helpful fishing information driven by data submitted by anglers. The platform can be found at CIRAS.wildlife.ca.gov. CIRAS is powered by anglers for anglers. It allows anglers to submit data regarding their fishing trips and provides immediate access to aggregated sport fishing data through interactive “Ready to Fish” dashboard. As a crowd-sourcing platform, CIRAS requires a high level of participation among the full spectrum of California inland anglers’ fishing interests to drive the quality of fishing information it provides. CIRAS exponentially expands the reach of the CDFW’s Angler Survey Boxes, a network of more than 200 metal angler boxes, statewide and the survey slips will incorporate all fish species. The web platform debuts in the North Central region and expediently moves to all regions of California.

Wild Rivers Offers Scholarship Opportunities

The Humboldt Area Foundation and the Wild Rivers Foundation (HAF+WRFCF) announced Scholarship Finder applications are now open through March 3. Students in Del Norte, Curry, Humboldt and Trinity counties are encouraged to apply for nearly 200 scholarship opportunities. The grants are available for post-secondary education, including associate, bachelor’s, master’s, vocational or technical school programs. Scholarships range from \$250 to \$10,000 and must be postmarked by midnight, December 3. The application website for Scholarship Finder is SchlorshipFinder.org. The scholarships are created by regional businesses, clubs, organizations, schools and individual Donors to honor loved ones, support access to higher education and improve the lives of students as they pursue their diverse ambitions. Last year, HAF+WRFCF awarded over 500 scholarships totaling \$900,000. For additional information, log on to Scholarships@hafoundation.org or call (707)442-2993

Gold

From page 1

Chairman Weber was also delighted with the new partnership with Ocean Gold. Though disappointed Commissioners Rick Shepherd and Annie Nehman wisely recused themselves due to a perceived conflict of interest as both are commercial anglers, Chair Weber praised the new lease, adding vital revenue

to the District. Ocean Gold will be utilizing the services of Eric Neff, who has a long, respected history of commercial fishing operations. Weber recognized Ocean Gold as thinking “out of the box.” The expedient action to have the ice plant operating within six months, helps the Harbor District and commercial fleet save out of pocket expenses and benefits all the partners.

Wyatt
Wyatt is a little shy, but can be quite talkative! He's treat-motivated, pretty good on a leash, enjoys playing fetch, and running alongside other dogs. Wyatt was heartbroken when his owner didn't come to get him, and cried for months. He didn't want to make friends, but after a while he started cheering up, making friends with people and dogs again!
