

To The Esteemed Members of the Del Norte Board of Supervisors:

The Del Norte Fire Chief's Association (DNFCA), in full solidarity, would like to officially respond, on record, in response to Del Norte Ambulance's (DNA) request for an Exclusive Operating Agreement (EOA) through North Coast EMS Authority. After much consideration, the collective group cannot, and will not, support DNA's request for an EOA in Del Norte County. We stand united in this position as we have placed the utmost priority on the needs of the communities that we so proudly serve. This group represents Klamath Fire Protection District, Fort Dick Fire Protection District, Smith River Volunteer Fire Protection District, Gasquet Volunteer Fire Protection District, and Crescent City Fire & Rescue.

Regarding DNA's request for EOA, we do not believe this to be in the community's best interest. This EOA would give DNA sole operating rights as medical

transportation provider in our county. Despite any other reasoning given, there is no benefit to our community in granting this request. As it stands, oversight of contractual obligation is minimally assessed or self-reported. In our day-to-day experiences responding with Del Norte Ambulance, we have long seen some firsthand inconsistencies

Some of these issues include the following: frequent extended ETA's and lack of available ambulance coverage. With this, it is our professional and collective opinion that Del Norte Ambulance NOT be granted an EOA for Del Norte County. Although we stand as a unified team when responding to emergencies, we believe the community deserves a much more consistent service that not only meets community standards and contractual obligations, but also exceeds all public stakeholder expectations. Letter from County Fire Chiefs Leaves Many Questions Unanswered on Ambulance RFP

BY **ROGER GITLIN**
Country Media, Inc.

A letter from the Del Norte Fire Chiefs Association to the Del Norte Board of Supervisors, purportedly sent in March of 2023, has been made public.

The TriPLICATE contacted four acknowledged signatories noted on the letter to share with community the rationale for opposing Del Norte Ambulance (DNAMB) request to "grandfather" the 9-1-1 Emergency Service for a company which has provided emergency services for over 40 years, without serious malfeasance or questionable incidents.

The following fire chiefs signed on to the letter which questioned and challenged DNAMB's service:

- Lonnie Levi, Chief Klamath Fire Protection District.

Harbor and Elks Partner to Promote RV Parks

BY **ROGER GITLIN**
Country Media, Inc

The Crescent City Harbor District (CCHD) and the Crescent City Elks Lodge #1689 have entered into a partnership aimed at promoting and enhancing the

RV experience at both Redwood Harbor Village RV Park (RHV), formerly the Anchorage RV Park and a Bayside RV Park (Bayside). RHV has been vacant for multi-years. Bayside is partially occupied but has been in disrepair for an extended period of

time.

The partnership establishes the road for the Elks Lodge to market and promote RV space rentals at both parks while offering a 20 percent discount to Elks members.

The Elks role in promoting

the Harbor RV parks is considerable. "Reservations will be handled through the Harbor District's NewBook, ensuring a seamless booking process while maintaining full control over pricing, availability and Policies," according to CCHD Harbormas-

ter Mike Rademaker.

The Elks Lodge is considering the hiring of a camp host to assist with on-site operations and Guest services. The Lodge anticipates contributing volunteer efforts to beautify and maintain the

Progress Made in Supporting Healthy Salmon Populations

The California Department of Fish and Wildlife has announced the release of the California Salmon Strategy for a Hotter, Drier Future: Progress Report, developed in partnership with the California Natural Resources Agency (CNRA) with support from the Department of Water Fowl Resources (DWR) and the State Water Resources Control Board (SWRCB).

The Progress Report follows the release of the California Salmon Strategy for a Hotter, Drier Future released in January 2024. California's Salmon populations are struggling to recover from years of drought,

a climate disruption and other environmental and human-made challenges. Thriving salmon populations support healthy waterways, habitats and species as well as a multi-million fishing economy and the subsistence of California Native American tribes. The actions outlined in the Report lay the groundwork for California to restore and rebuild Salmon populations, improve Salmon habitat and utilize the best available science and management practices to prepare for the future.

The Report provides an update

The BOS and Its Traveling Road Show

It is becoming a regular piece of the Del Norte Board of Supervisors continuing effort to look to Sacramento, or Washington DC for money or legislation to solve our problems as if DC or Sacramento really cares about what happens in the poor, thinly populated, and powerless remote northwest corner of the State of California. Sure, Del Norte County may get the crumbs of funding when it suits Sacramento or the federal government on occasion, but do the centers of power in this Country really give Del Norte County much attention?

If you are talking to the Consolation Prize, Supervisor Valerie Starkey, or our resident genius, Supervisor Chris Howard, waving Del Norte’s issues in front of the powers in Sacramento or DC is critical to getting our message heard. Making connections by

traveling far and wide is essential to the County getting what exactly in return? Word salads.

I suppose “What exactly?” is the real questioned to be asked. Recently the Board of Supervisors voted 5-0 to send TWO representatives to the city of brotherly love, Philadelphia, this summer to a national association of counties. 3,000 plus counties will be in Philly, Summer of 2025 to vie for attention on the national level. We, the County’s residents have been assured it is both necessary to send two representatives, Supervisors Howard and Starkey, to form essential relationships, learn about potential solutions to the county’s issues and gain notice of Del Norte County’s needs on a national scale.

Recently, at the March 11th meeting of the Del Norte County Board of Supervisors, our own

“traveling man” Supervisor Chris Howard, informed the few public members in attendance, he had spent a weekend in Vancouver, Washington and a week in Washington DC on the taxpayer’s dime to press the flesh with all manner of important personages just in the past two weeks. The claim was it essential for Supervisor Howard to be there in person to ensure Del Norte County’s woes were heard?

For years we have experienced various members of the Board making the same claims, spending countless dollars on travel for exactly what? Revise a 1973 forest plan to open up federal lands to logging and lumber production. Sure! Lobby personally at this year’s proposals for commercial fishing of ground fish and salmon. A clear non-starter! Convince Pacific Power, Oregon and California legislators

to shell out near \$90 million dollars for power redundancy when the need is once every sixty or seventy years for a relatively brief period of time. Another Clear winner!

While Supervisor Howard and Starkey are swanning around the country on taxpayer funded luxury junkets, (you didn’t expect them to stay at Motel Six, did you?) what are the residents who pay the bills getting out of all these connections to important personages. Are local residents of Del Norte County expecting changes in the near future? Not much hope there.

Are there issues to be addressed right here in Del Norte County which do not require cross country trips? How about the Sheriff’s inability to provide effective safety and security within the county for starters? Addressing the rapid growth of

the numbers of local citizens becoming dependent on the services provided by the Department of Health and Human Services and DHHS’s inability to reverse the trend. How about reducing the tax burden on goods and services to stop the bleeding to our North?

But NO! It is not the priority of the Board to take care of business at home. It is so much more fun to schmooze with our legislators, and bureaucrats in Sacramento or Washington DC, maybe Philly, or Fort Lauderdale the further the better. A real ego builder. Names to be dropped galore. The “Walmart shoppers” at home will be none the wiser. Get elected and see the world.... or at the very least, all the pleasure capitals of the USA. Not a dime out of pocket. The Del Norte County traveling road show at its finest!

A year of success: Advanced Air connecting California and beyond

One year ago, Advanced Air launched our inaugural flights connecting Del Norte County Regional Airport to Oakland and Hawthorne (Los Angeles), offering a link between Northern California and two of the state’s most important metropolitan areas. Today, we celebrate the success of these routes and thank you for giving us a chance.

The numbers speak for themselves. More than 15,000 passengers have flown our routes in just this first year. Enplanements continue to rise, demonstrating a growing demand for this convenient and dependable service. The peak summer months—June, July, and August—saw the highest number of travelers, showcasing the increased tourism potential for the tri-cities region.

We are proud to have improved operational performance at the Del Norte County Regional Airport. With a 99% flight completion rate and a 98% on-time arrival rate, the airline has proven to be a trustworthy option for business travelers, tourists, and residents. The days of unpredictable regional air service are behind us.

For those flying south, the experience of traveling through Los Angeles is an exciting option thanks to our flights to Hawthorne Municipal Airport (HHR). While Los Angeles International Airport (LAX) is a notoriously congested logistical challenge, Hawthorne provides a streamlined, hassle-free alternative. Conveniently located near LAX, Hawthorne offers easy access to ride-share

services like Uber and Lyft, a superior terminal experience featuring a high-quality restaurant, and a relaxing, stress-free arrival in Southern California.

For those who need to connect to other flights, Advanced Air’s free shuttle service between Hawthorne and LAX eliminates the headache of navigating traffic or dealing with airport chaos. You can now enjoy a smooth and efficient connection, making the trip to Los Angeles more enjoyable than ever.

With reliable connections to Oakland and Los Angeles, Crescent City is now more accessible to tourists from the Bay Area, Southern California, and beyond. This increased connectivity means more visitors discovering the natural beauty, supporting your local businesses, and driving economic growth.

Reliable air service allows you to showcase the best of Northern California to a wider audience. Whether it’s the stunning coastline, Redwood parks, or the charming local communities, the region now has an expanded opportunity to attract visitors who might not have otherwise considered it.

A key part of our success is our attention to operational excellence. We provide our service with some of the best trained pilots in the industry. As a proud partner of Southwest Air-lines’ Destination 225 pilot training program, Advanced Air plays a role in developing the next generation of highly skilled aviators who have been trained to

meet the highest standards in the industry.

Beyond pilot training, Advanced Air has also received the highest safety ratings from three separate independent accrediting organizations. You can take comfort in knowing our flights are operated by a carrier with an impeccable safety record.

We also have worked hard to provide expanded connectivity beyond California. We are proud to announce a new code-share agreement with Alaska Airlines, giving you a new opportunity to more easily book flights throughout the Pacific Northwest and beyond. For those who frequently visit Seattle, Portland, or other destinations serviced by Alaska Air-lines, this agreement transforms the region into a gateway for expanded domestic travel.

As Advanced Air celebrates one year of air service at Del Norte County Regional Airport, we are thankful for your warm welcome. As we look ahead, we encourage you to continue supporting the local air service and tell your friends and family about our flight options. Whether traveling for work, leisure, or visiting loved ones, every passenger contributes to the long-term sustainability of the community. With our continued partnership, Del Norte County Regional Airport’s future in regional air travel is brighter than ever.

Yurok Tribe Opposes Major Aspect of Marine Stewardship Initiative

Resighini, Trinidad Rancherias Have No Authority in Yurok Ancestral Territory

Based on months of careful consideration, the Yurok Tribe is opposing a significant part of the Yurok-Tolowa-Dee-ni’ Indigenous Marine Stewardship Area (IMSA) that falls within Yurok ancestral territory.

Last year, the Resighini Rancheria, Cher-Ae Heights Indian Community of the Trinidad Rancheria and Tolowa Dee-ni’ Nation announced plans to create a tribal stewardship area spanning three miles offshore along the Pacific Coast from the California/Oregon border in Del Norte County to the Little River in Humboldt County. Approximately 60 percent of the IMSA’s claimed jurisdiction is in the Yurok Tribe’s ancestral territory. The Yurok Tribe has no issue with the Tolowa Dee-ni’ Nation establishing an IMSA in their aboriginal lands.

“We cannot in good conscience support this initiative in our ancestral territory because it is a

clear violation of the Hoopa-Yurok Settlement Act,” said Joseph L. James, the Chairman of the Yurok Tribe.

Resighini Rancheria and Cher-Ae Heights Indian Community of the Trinidad Rancheria are comprised of a few hundred descendants from multiple local tribes, including the Yurok Tribe. More than 30 years ago, both Rancherias relinquished all rights in Yurok ancestral territory through the Hoopa-Yurok Settlement Act.

Enacted on October 31, 1988, the legislation offered the Resighini and Trinidad Rancheria members with Yurok ancestors an avenue to become members of the Yurok Tribe with the same rights as enrolled Yurok citizens. Instead, the Rancherias’ membership chose to give up their federally protected tribal rights for a single payment of \$15,000 per person, which was worth more than \$40,000 in today’s dol-

lars. “Any person making an election to receive, and having received, a lump sum payment under this subsection shall not thereafter have any interest or right whatsoever in the tribal, communal, or unallotted land, property, resources or rights within, or appertaining to, the Hoopa Valley Reservation, the Hoopa Valley Tribe, the Yurok Reservation, or the Yurok Tribe,” according to 25 U.S.C. 1300i-6(d) (3) in the Federal Code of Regulations.

The Act also cemented the Yurok tribal government’s sovereign regulatory authority in Yurok ancestral territory. In 1988, when the Yurok Tribe started the formal organization process, the 3,800 Yuroks who rejected the buyout and enrolled in Yurok Tribal membership made great sacrifices to rebuild the Yurok Nation. At the time, most Yurok people lived well below the poverty line due to the extremely

high unemployment rates in this rural region. More than half of the reservation lacked electricity, safe drinking water or any other form of public infrastructure. Additionally, the Tribe had little land and no reliable funding. Still, the Yurok people worked tirelessly to establish a strong government, community and economy.

“The Rancherias’ inclusion of Yurok ancestral territory in their marine stewardship area is an affront to the Yurok people who refused to give up on the dream of a sovereign Yurok Nation despite tremendous hardships,” said Yurok Vice Chairperson Rose Sylvia.

While there are positive aspects of the Yurok-Tolowa-Dee-ni’ Indigenous Marine Stewardship Area, Resighini and Trinidad Rancherias are attempting to force jurisdiction in Yurok ancestral territory to gain rights divested in the settlement agreement and enforceable through

federal law, such as fishing and gathering rights.

The name Yurok-Tolowa-Dee-ni’ Indigenous Marine Stewardship Area has caused confusion at the state and federal level as many agencies assume the Yurok Tribe is part of the project. The Resighini Rancheria’s recent effort to change its name to Pulikla Tribe of Yurok People resulted in similar issues. The name alteration violates the Hoopa-Yurok Settlement Act because it claims interest in cultural rights, cultural resources, and cultural property appertaining to the Yurok Tribe.

The Yurok Tribe has a hard-earned reputation for its unique scientific capacity and ability to complete landscape-scale environmental restoration projects. The Tribe also conducts marine research. The Resighini and Trinidad Rancherias have limited experience in these fields.

The Yurok Tribe supports the Resighini

and Trinidad Rancherias’ sovereign authority over their respective land bases. Outside of Rancheria land, they do not have any rights or jurisdiction in Yurok ancestral territory, including the Klamath River and the coast.

Currently, there are over 6,500 enrolled Yurok citizens who have familial connections to all of the Tribe’s 77 original villages along the Klamath River and Pacific Coast. These villages extend for 60 miles from Damnation Creek in Del Norte County to the Little River in Humboldt County on the coast and inland from the mouth of the Klamath River to the Trinity River confluence.

“The Yurok Tribe wants nothing but the best for Resighini and Trinidad, but it can’t come at the expense of the Yurok people and the sovereignty of the Yurok Tribe.” concluded Chairman James.

Steinruck leads the Del Norte all-league selections in girls basketball

Jaylee Keeling

Bliss Blackburn

Tsinte Steinruck

By **RAY HAMILL**
For The TriPLICATE

Three Del Norte girls basketball players have received Big 5 all-league recognition, including Tsinte Steinruck, who was named to the conference all-league first team. This is the second straight year the senior standout has been honored by the league, having also received an all-league honorable mention as a junior in 2024. Del Norte junior Bliss Blackburn and freshman Jaylee Keeling each also received an all-league honorable mention this year. Steinruck, who is a three-sport star for the Warriors, also was an all-league selection on the volleyball courts in the fall and an all-league honorable mention on the softball fields last spring. And it was her consistency and all-around performances that stood out in basketball this winter. “Tsinte had a good senior year,” Del Norte head coach Dylan Nelson said. “She was one of our most consistent

offensive players, our best rebounder — despite playing out of position — and always took one of the top defensive assignments.” The outstanding senior helped lead the Warriors to a 13-13 overall record. Blackburn and Keeling each also impressed for the team this winter. Blackburn is another three-sport student-athlete, who plays volleyball and softball in addition to basketball. And it was her development as a player and energetic performances that stood out the most on the basketball courts this winter. “Bliss grew a lot this year,” Nelson said of the junior. “Her consistent energy and competitiveness really stood out.” And that’s not all Blackburn meant to the team. “She always accepted a tough defensive matchup, helped solidify our ball handling and always had a great attitude,” the coach added. Keeling, meanwhile, wasted little time adapting to the

varsity level after breaking into the team as a freshman, and she was one of the Warriors’ top performers early in the season. “Jaylee had a solid year,” the head coach said of the newcomer. “She was our primary ball handler as a freshman, and when she is on she is one of the more dangerous shooters around.” The young player looks likely to have a big impact with the program over the next few seasons. “She also grew a lot as a defender and improved in setting up the offense,” Nelson said. “The sky is the limit for her.” The Warriors struggled in conference play and finished 1-7, tying with Fortuna for fourth in the final standings. But with just four seniors on a roster of 11 this winter, the Del Norte girls should be back stronger next year, especially with two freshmen and two sophomores on this year’s squad, all of whom should only continue to grow as players and establish themselves as key components of the program.

NOTICE OF PETITION TO ADMINISTER ESTATE OF: Robert Louis Rahn Sr., Decedent Case Number: PB257012
To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of **Robert Louis Rahn Sr.** A Petition for Probate has been filed by: **Robert Rahn Jr.**, in the Superior Court of California, County of: Del Norte. The petition for probate requests that: **Robert Rahn Jr.** be appointed as personal representative to administer the estate of the decedent. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This Authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority. A hearing on the petition will be held in this court as follows: **Date: April 11, 2025 Time: 10:00am Dept.: 2** Address of the Court: **450 H Street, Crescent City, CA 95531**
If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to fee and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO TENANT: You may have the right to purchase this property after the trustee auction, pursuant to Section 2924m of the California Civil Code. If

you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 530-246-2727; Toll Free: 844-333-6766, or visit this internet website: calforeclosures.biz, using the file number assigned to this case: TS#24-3147, to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the street address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call the trustee's information line at 530-246-2727; Toll Free: 844-333-6766, or visit this Internet Website: calforeclosures.biz, using the file number assigned to this case: TS #24-3147. The street address and other common designation, if any, of the real property described above is purported to be: 1362 OREGON ST, CRESCENT CITY, CA 95531-2221 The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. The undersigned or its predecessor caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You

are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (855) 313-3319 or visit this Internet website www.clearreconcorp.com, using the file number assigned to this case 130696-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: Effective January 1, 2021, you may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (855) 313-3319, or visit this internet website www.clearreconcorp.com, using the file number assigned to this case 130696-CA to find the date on which the

999 Public Notices

trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. Q&A

Ft. Dick Fire Protection District.

• Nick Karanopoulos, Chief Gasquet Fire Protection District

• Kevin Carey, Chief Crescent City Fire and Rescue.

Each chief failed to respond to The TriPLICATE’s rationale questions and specifics on allegations of sub-standard service.

Smith River Volunteer Fire Chief Ron Simpson

did not affix his signature to this letter.

Rationale was requested from each of the fire chiefs for the following:

• The letter is not on any official letterhead but rather what appears to be a blank sheet of paper.

• Full solidarity is claimed, yet the letter excludes the signature of Smith River Volunteer Fire Protection District Chief Ron Simpson.

• The claim of Del Norte Ambulance offering

no benefit has not been substantiated. According to North Coast Emergency Medical Services, either a “grandfather” clause or Request for Proposal will end with the same result: An Exclusive Authorization under the umbrella of NCEMS.

• What are the specific instances of inconsistencies? Please note log instances which you have personally observed.

• The allegations of frequent extended arrivals

should be made public. Please provide these “multiple instances” alleged.

• What are public expectations from stakeholders that did not meet the standards you claim?

An additional request was made by The TriPLICATE on who developed this fire chief’s letter.

Since Crescent City Fire and Rescue Chief Kevin Carey was directly asked what his role has been in the RFP process, Carey

responded in a February 24 text, “I will not be commenting on the RFP process.” His signature on the chief’s letter contradicts this perceived role.

Sandler responded to the letter, “I’m disappointed the fire chiefs did not respond to us directly with their concerns rather than bypassing that process with this public letter. Del Norte Ambulance is proud of its record in answering calls, yet continues to seek

improvement.” The current contract with the County calls for a one minute (daytime) and two minute (nighttime) response on a minimum of 80 percent of 9-1-1 emergency calls. Sandler underscored DNAMB’s promptness in responding to emergency calls.

The TriPLICATE continues to investigate the RFP process and potential impact on the community.

on the status of 71 action items outlined in the 2024 Salmon Strategy and achieve progress to improve Salmon mitigation, spawning and hatchets, restore and expand habitat and climate adaptability and protect water flows and quality. Of the 71 action

items, fully two-thirds are in active development.

“California’s progress on these key action items shows the State is taking Salmon extraordinarily seriously and that we will use every tool at our disposal to create resilient and thriving salmon populations,” said CDFW Director Charles Bonham.

One of the key action

items that have been completed where progress has been made is the removal of outdated dams. Removal of the four Klamath dams now allows natural river flow and the presence of fall-run Chinook salmon north of the former dams for the first time in more than a century.

rently, as well as historically, these inconsistencies have not been resolved. As the group of Fire Chiefs that represent all the volunteer Fire Departments in the county, we emphatically recommend that there be no granting of an EOA to Del Norte Ambulance. We also recommend that there be an open opportunity for all ambulance companies

to compete for the honor to serve in Del Norte County. In this option, Del Norte Ambulance would still have a chance to earn the contract with much higher expectations of service. Our community deserves the best possible medical transport services. The Del Norte Fire Chiefs humbly thank you for your time and consideration.
