Incumbent Harbor commissioner Rick Shepherd administered the Oath of Office to newly-seated commissioners-elect Dan Schmidt, Annie Nehmer and John Evans.

Upon seating, Commissioner Dan Schmidt nominated colleague Gerhard Weber. Commissioner Annie Nehmer the top vote-getter in the November 5 election, nominated herself to Board president. Gerhard's nomination was confirmed on a 4-1 vote, Nehmer dissenting. Nehmer was unanimously appointed to the Board's Secretary position.

The Meeting's tenor was arguably slow and deliberate and sometimes cantankerous when

## Church's Thanksgiving Tradition Feeds Body and Soul

E. SCHWARZ  
For the TriPLICATE

As the aroma of roasting turkeys wafted through the air, volunteers at Crescent City Foursquare Church geared up for their annual Community Thanksgiving Dinner. This cherished tradition has grown from humble beginnings to become a cornerstone of holiday giving in our coastal town of about 7,000 residents.

What started in 1993 as a modest gathering serving 50 meals has blossomed into a massive operation expected to feed over 1,000 people this Thanksgiving. The event, which will cost approximately \$8,000 this year, relies heavily on community donations and the efforts of more than 100 volunteers.

"This dinner embodies the true spirit of Thanksgiving," said Pastor Roger Bodenstab, who has led the Crescent City Foursquare Church since 2014. "It's about coming together, serving others, and sharing our blessings."

The church took over organizing the dinner in 2017, building on the foundation laid by Teri Sandler and a small group of community members who initiated the event nearly three decades ago. Today, it's a well-oiled machine, with the church ordering food in bulk and preparing it at the Crescent Elk Kitchen, generously provided by the Del Norte Unified School District.

Community Thanksgiving dinners like this one in Crescent City have become increasingly common across the United States, offering not just a hot meal but also a sense of belonging to those who might otherwise spend the holiday alone. These events often serve as a lifeline

## OPINION - GUEST COMMENTARY

### Supervisor Howard and Our Local Einstein’s New Toy

OPINION  
BY SAMUEL STRAIT

For whatever reason there is always someone on an elected board who thinks he or she has all the answers. The current front runner on the Del Norte County Board of Supervisors is Supervisor “Einstein” Howard.

Following the August 2023 loss of the County’s sole source of electricity due to fire, it has become Supervisor Howard’s primary focus to make sure something is in place such that it never happens again. Initially, trying through the resurrected Tri Agency, Supervisor

Howard, one of its chief proponents, pushed for off-shore wind as solution. With the ultimate demise of the Tri Agency, the wind fizzled and “Einstein” went looking for a shiny new toy.

Now there are many ways of generating electricity, but few are economical and reliable. Much to his credit, “Einstein” Howard has managed to avoid advocating for anything producing electricity that is remotely economical or reliable. Once off-shore wind was dispatched, a new toy appeared on Howard’s horizon, biomass generation of electricity.

Like off-shore wind,

Biomass electrical generation, is neither economical nor reliable. Even if circumstances were economically optimal, biomass generation suffers from lack of efficiency as well. And another of “Einstein’s” well thought out toys quickly lost its luster. How strange, it was soooo shiny!

Barely a month passed and “Einstein” was at it again. A sure-fire winner, micro-grids! What could possibly go wrong? We are dealing with “genius” after all. The shiny “new toy” pushed by “Einstein” Howard was barely out of the box when it magically appeared on the County’s “Strategic Plan” as a

“priority”, to be completed in the next 12 months. Wouldn’t we want a closer examination of that new toy? After all it is shiny, comes with the possibility of \$3 to \$4 million in grant funding, and is neither economical or reliable. What more can you ask for?

Oh yes, that, it is being pushed by the man, Supervisor “Einstein” Howard, with such a great track record in redundant electrical power generation.

The current “new” toy being proposed is solar panels, a battery farm and a backup diesel generator. Solar panels properly maintained with a life expectancy of twenty years, a battery farm of five to

six years, and a generator powered by diesel fuel, all to cover the brief inconvenience of a few days’ loss of power every sixty years or so. No thoughts of maintenance or replacement cost, all on the County’s future dime. No thoughts of, is it a “necessary” expense or necessary in the first place? Just the rush to have “somebody else” pay for it. It’s somebody else’s money after all. Soooooo shiny!

As with nearly everything our Board’s resident genius proposes, the toy starts out looking oh so shiny, then cost, reliability, maintenance, and is it truly a vital need for the County comes into play?

As has been spoken numerous times before, “We are a poor rural County and our needs should be much more modest.” If we cannot afford the next new shiny object in the first place, should we make the purchase, knowing what will happen following the purchase. More local dollars to keep the new toy operating, so that the few, micro grid after all, can have lights, most who already have backup generators in the proposed grid, while the majority of the County’s residents sit in darkness. Swell! Just the thing for our resident “Einstein” to advocate for.

## LETTERS TO THE EDITOR

The dam removal project seems like the right answer for most, and now she’s done, but wait... now we’re about to see 1 foot of rain all over Northern California. So, what has happened in the past when half of this much rain dumped in such a short period of time? It might be a good time to look back in history, as this is fast approaching.

### Del Norte Must Help its Children

For the last 24 years, I’ve served Del Norte County as a program coordinator for our Department of Child Support

Services.

For the last 24 years, I’ve served Del Norte County as a program coordinator for our Department of Child Support Services.

The work hits close to home for me. My mom, a single mother, juggled up to five part-time jobs just to make ends meet. Growing up, my family depended on TANF (Temporary Assistance to Needy Families) to stay afloat.

That’s why 24 years into my career it’s so painful to watch as Del Norte fails its children. Because of the County’s chronic short-staffing and lack of investment, since June 2023 our Department has had to close our doors on Fridays. We should have 15 staff. Instead we have nine- and

it’s an endlessly revolving door. In the last two years, we’ve hired and lost five staff to other counties and employers. Keep in mind it takes two years to fully train and develop someone in our field.

What does this mean practically? Imagine you are a struggling Del Norte family as the Holidays roll in. You come into the office during a crisis. Unfortunately, it’s Friday, so that means your ability to speak to someone in person about funds for your newborn baby’s diapers formula is delayed. You’re panicked and you’re rightfully frustrated. As you fret over the well-being of your newborn kid, you

know that the situation would be entirely avoidable if only Del Norte County could adequately staff its public services.

As your public servants, we love our jobs- and we know Del Norte’s children deserve better. We work tirelessly, even as many of us are struggling and burnt out. Many if us even choose to forfeit vacation time to get our critical work done.

Del Norte must properly invest in adequate staffing and resources to care for its children.

former candidate Linda Sutter levied questionable allegations, unproven and unsubstantiated criminal charges against Community Solutions Grants principal Mike Bahr. The attacks were unhelpful and distracting in educating the newly-seated commis-

sioners.

The controversy over the securing of ice for commercial fishermen continues to vex the Harbor District. Commissioner Shepherd, the longest serving commissioner proposed the Harbor not intervene in securing ice shavings as it has no history of performing this func-

tion in previous decades of service. Commercial fishermen are quite capable of having ice delivered to their vessels when the crab and shrimp season commences in January.

The Harbor District meets again, Tuesday, December 17 at 2pm at the District Office on Citizen’s Dock Rd.

The Crescent City community gathers for a traditional dinner

## Tradition

From page 1  
for low-income families, elderly residents, and individuals experiencing homelessness. This year's dinner here will feature an added attraction: the Del Norte County Library will be on-site, giving away books to attendees. "We're not just feeding bodies, we're nourishing minds," Pastor

Bodenstab noted. The Crescent City Foursquare Church, part of the International Church of the Foursquare Gospel founded by Aimee Semple McPherson in 1923, has been a fixture in Del Norte County for nearly a century. Officially chartered in 1931, the church has grown to an average weekly attendance of 425, becoming a significant force in local outreach and

community service. Pastor Bodenstab's journey with the church spans nearly three decades. Starting as a janitor in 1995, he worked his way through various roles including youth leader, children's pastor, and Christian school administrator before assuming leadership of the congregation. Under his guidance, the church has expanded its community initiatives.

Beyond the Thanksgiving dinner, it operates a food bank, provides counseling services, and runs youth programs aimed at fostering leadership and community engagement. As this year's dinner wraps up and plans for next year take shape, the church is actively seeking donations to cover the costs. Community members can contribute through the church's website or by

mailing a check directly to the church. In an era where many bemoan the loss of community spirit, the Crescent City Foursquare Church's Thanksgiving dinner stands as a testament to the enduring power of collective goodwill. As one volunteer put it, "This isn't just about providing a meal. It's about creating a family for those who might not have one on Thanks-

giving." For many in Crescent City, this dinner has become as much a part of their Thanksgiving tradition as turkey and pumpkin pie. And as the volunteers prepare to open their doors once again, they're reminded that in giving, they often receive the greatest gift of all: the joy of serving others.

# Women’s Club and Historical Society Partner to Install Lights at Battery Point Lighthouse

BY ROGER GITLIN  
Country Media. Inc.

“Let’s quit complaining and do something about it,” exclaimed Crescent City Women’s Club project coordinator Liz Freeman. As its annual project, the Women’s Club has partnered with the Del Norte Historical Society to replace all flood lighting around Battery Point Lighthouse, last Tuesday, just before dawn, as high tide was rapidly approaching. Sean Smith and his crew crossed the shallow waters and self-marooned on the island and began the task of installing flood lights, long absent. The all day project was completed by mid-afternoon, allowing exit during the incoming low tide.

Vickie Baggett, president of the Women’s group organized the effort to give back to the community, was unable to be on hand due to previous travel plans. Coordinator Freeman last remembers the flood lights were replaced when she was president in 2005. Christmas Holiday lights will be installed about December 11, weather permitting. The Crescent City Women’s Club and Del Norte Historical Society wish you a joyous Holiday season, Merry Christmas and Happy Hanukkah.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 530-246-2727; Toll Free: 844-333-6766, or visit this internet website: calforeclosures.biz, using the file number assigned to this case: TS#24-3114, to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the street address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. BY OR PROVIDED TO THIS FIRM OR THE CREDITOR WILL BE USED FOR THAT PURPOSE. As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site www.STOXPOSTING.com, using the file number assigned to this case 24-31206. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. For sales conducted after January 1, 2021: NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (844) 477-7869, or visit this internet website www.STOXPOSTING.com, using the file number assigned to this case 24-31206 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase.
