Holiday Nights and Festive lights was the theme of the December 6th Parade through downtown Crescent City. It's beginning to look a lot like Christmas, everywhere we go.

The iconic song written by Mason City, Iowan Meredith Wilson in 1951 while visiting Yarmouth, Nova Scotia and crooned by Bing Crosby, Perry Como, Michael Buble and many other notables. The crisp Autumn air was vibrant and alive as onlookers embraced the Holiday season unfurling. Crescent City and Del Norte

officially welcomed in the Holiday Season with its Annual Christmas Light and Holiday Market.

Here are the Parade and Float Award recognitions. Large crowds lined the streets for the joyous occasion

- 1st Place, Best Motorized Entry: Potter Estate Group
- 1st Place, Best Walking Entry: Crescent City Cowgirls
- 1st Place, Best Health and Safety Entry: Crescent City Fire Department

Also recognized and appreciated were Scottie Photography, the Blue Denim Band, Judges Robyn Holt from Western Valley Insurance, Dawn Harper from Your Salon, Kevin Hartwick of Crescent City Rotary and Christina Jones from Elk Valley Rancheria.

31 Parade participants added festive cheer to "It's Beginning to Look a lot Like Christmas."

Following a California Highway Patrol (CHP) investigation into the December 4 hit and run traffic fatality on Northcrest Drive and Madison, an arrest has been made. The incident took place at approximately 6PM.

The driver of the vehicle who struck and killed Peter Jun Ming Nip, 80, who was walking across a marked crosswalk pushing a shopping cart left the scene of the incident but was arrested by the CHP. Del Norte Gets "Shook up" by 7.0 Rio Del Quake

BY ROGER GITLIN
Country Media, Inc.

The time was exactly 10:49AM, Thursday when cell phones across the North Coast California and South Coast Oregon went berserk, warning of a possible tsunami. The National Oceanographic and Atmospheric Administration (NOAA) reported a 7.0 Earthquake just off-shore near Rio Del.

Tsunami warning followed. Board of Supervisors Chairman Dean Wilson told The TriPLICATE NOAA took precautionary measures and asked Del Norters to seek higher ground as the sensitive wave measuring equipment was unable to equate tsunami impact and as a precaution, asked the public to move inland. For a short period of time, the traffic was overloaded on streets and highways across Del Norte

Larger Harbor vessels had about an hour window to move from the shallow harbor to deeper waters, mitigating possible damage to their commercial boats.

By 12:31PM, NOAA pulled the warning. Del Norte and Crescent City returned to normal. No injuries or property damage were reported.

Gov. Gavin Newsom wants state lawmakers to help pad out his litigation fund to the tune of \$25 million, according to his office, as they brace for legal attacks and "federal overreach" from President-elect Donald Trump.

"The Governor is working with lawmakers to establish a litigation fund to bolster the state's legal resources in response to the incoming federal administra-

tion's signaled policy proposals that would harm the state," Newsom's team said in a speech to State Senators and Assembly members, Dec. 3. "Working with the Legislature, the Governor is proposing a new litigation fund of up to \$25 million for the California Department of Justice and state agencies to defend California from unconstitutional federal overreach, challenge illegal federal actions in court, and take administrative actions to reduce Please see **NEWSOM**, Page 9

Champagne Taste on a Beer Budget

OPINION BY SAMUEL STRAIT
Crescent City

I don't know how many times I've been told this by the County's elected, "We are a poor County and must make every effort to operate with being poor in mind". Yet, it never fails to amuse me when local politicians go into a frenzy of congratulatory fever over the receipt of any source of grant funding, AKA, other people's money.

I'm not quite sure what planet the elected in the County live on when local politicians fail to realize that Grant funding is simply someone, somewhere, paying the County's bills and not by choice. It is not enough to rationalize this practice by saying, "...if we don't spend it someone else will!"

Ludicrous !

It is disrespectful to those that foot the bill for a COUNTY, Del Norte, or the CITY and HARBOR which live beyond their means and cannot seem to grow up and act responsibly.

Far be it, our local leadership would find it in themselves to think about what is absolutely necessary for a functional governing body and focus on the basics. Perhaps be a bit more fiscally responsible and forgo the bells and whistles other more well-funded governance can afford. Not a chance! Get the Grant writer to plead poverty to cover our local government's excesses.

But what happens when zip code 95531 has been thoroughly vetted and exceptionally fortunate in the proverbial grant

lottery and the feds and state decide to spread the wealth? How is the County going to fund grant employed positions? How is the County going to maintain and refurbish the castles and palaces built in the feverish delight of money from the tree named "Grant".

California during the past six years of foolhardy spending will, without doubt, be unable to facilitate local governments who continue spending beyond their respective needs. The relative ease of reckless spending to be covered by hitting the grant funding jackpot will come to a grinding and screeching halt for the local witless. Del Norte County has already learned that federal grant dollars are going to be hard to come by, in a report from the County's lobbyist this

past summer, yet the spending continues.

Granted, (pardon the pun) there are many problems locally which require attention where grants funding can be the solution. Yet the County, with its current representation, appears destined to try consuming champagne on its beer budget. To follow the imprudent spending practices of the State of California and the Federal government, is the pathway to financial ruin. Del Norte County cannot afford champagne and for some, not even beer.

The County of Del Norte, the City of Crescent City and the Crescent City Harbor District leadership can no longer afford to lavish money on programs, departments, and employees that do not understand the "gravy

train" may just be on its last railroad trip for a very long while. California has been driven into a financial ditch by the current Governor and does not appear to be able to change course for the welfare of its population. The federal government appears to be less willing to open its wallet in the near future and the behavior of our State's governor is likely to make matters all that much more difficult.

While it is unlikely that our current batch of crash-test dummies will heed the warning of financial austerity for the coming years, perhaps forced moderation of their respective appetites for champagne will visit beer drinking upon them as the 'new' county past time and the continued acquisition of grant funding will become less imperative.

OPINION - GUEST COMMENTARY

The Vacancy Crisis

Del Norte County currently has a vacancy rate of over 30% (32.7% in the Miscellaneous and Professional units). These vacancies are concentrated in the Department of Health and Human Services. These are the employees who investigate children and seniors who are at risk; who provide benefits and support to new mothers; who oversee vital public health programs; and who help our most vulnerable residents get essential benefits. This is unsustainable. County residents are not getting the support or services necessary to keep them safe.

Every day the county continues with departments experiencing 30-40% vacancy rates, putting overburdened county staff under crushing workloads. This high level of vacancies leaves some staff in

Department of Health and Human Services who would normally have a caseload of 250 clients, struggling to serve 700+ clients. Del Norte County residents should not have to wait for responsive and effective services.

Del Norte County is Failing to Use all the funding available

The high vacancy rate is particularly concerning since these positions are primarily funded by State, Federal and grant funding, not general fund dollars. The General Fund is made up of property taxes, sales taxes, transient occupancy taxes etc. The county ends up sending funds back to the state and other funding institutions because they don't have the positions to carry out the work. Residents also miss out on receiving benefits that they are eligible for because

of the backlog. The lack of qualified and experienced staff also results in the county not billing for all the services that it provides, depriving the county with much needed revenue.

The Retention Challenge

The county's current recruitment and retention problem is directly attributable to two issues-substandard wages and short staffing. These issues are strongly linked. The county cannot get applicants because they are not offering a competitive wage. Employees who do join the County often find the workload unmanageable and many end up leaving.

In terms of wages, many of the county's classifications fall well behind what is offered in other small rural counties.

Here is a small sample of where Del Norte County salaries line up against Glenn, Humboldt, Tehama, Modoc, Siskiyou, San Benito, Mariposa, Trinity, Lassen, Calaveras, Inyo and Amador counties If we base the market rate on the average of these other similar counties, Del Norte does not fare well.

| | |
|----------------------------------|------------------|
| OES Coordinator | 29% |
| below market | |
| Office Assistant III | 16% below market |
| Facilities Maintenance Worker II | 15% below market |
| Child Support Supervisor | 15% below market |
| Child Support Specialist II | 11% below market |
| Custodian II | 13% below market |
| Deputy Probation Officer II | 10% |

| | |
|------------------|------------------|
| below market | |
| Social Worker II | 10% below market |

Is it surprising that we lose employees to other counties and employers? Del Norte should not be a training county for other counties that pay better.

Possible Solutions

It is time for the county and the Board to get realistic. Many of the unfilled positions have been vacant for a long time. Low wages and the stress created by short staffing is leading to higher turnover and higher vacancy rates. The county needs to provide competitive, living wage salaries first, then determine how many positions can be funded. It should take the same approach that it took with the Sheriff's office.

The annual savings to the county in unpaid

salaries and benefits based on its current vacancy rate is about \$7 million. Those dollars should be repurposed to stabilize staffing and make positions more attractive to applicants.

The county should certainly conduct a compensation and structural analysis, but it also needs to take action now. A wage increase now would show county staff that the Administration and Board is paying attention and understands that staff is struggling.

Let's stop the losses, let's stabilize the staffing, and let's put ourselves on a footing to be able to hire qualified staff.

OBITUARIES

Margy Cecilia Mullen

10/14/1953 - 10/13/2024

We say goodbye to Margy Cecilia Mullen, (Born October 14, 1953, in Eureka, CA and Passed October 13, 2024, in Medford, OR) a beautiful woman who was our sister, aunt and a friend to many. She was a free and independent spirit who explored many interests and paths.

She grew up in Crescent City, CA, on her parents', Pete and Sally's, small ranch located five miles out of town, adjacent to the majestic redwoods of Jedidiah Smith State Park. Here her passion for riding horses was fostered. She participated in local gymkhana, competing in 4-H at the Del Norte County Fair, and was known to

set off over the hills from Elk Valley on her beautiful Palomino horse - Bonnie - to swim in the Smith River during warm summer days. After graduating from Del Norte High School, Margy moved with her family to Grants Pass, OR and this became her "home-base" for many years.

Margy's many interests led her to work across the Western States: she worked on staff at the Bright Angel Lodge and as a mule wrangler at Phantom Ranch located at the base of the Grand Canyon, then as a wrangler at a dude ranch in the Rocky Mountains, and in Alaska to work in a salmon cannery, later she worked aboard a fishing

boat plying the California and Oregon waters.

She lived in Port Charlotte, Florida for a several years and spent a year living near Pietrasanta, Italy. Between these many adventures she returned to her home-base, and finally settled down for good in Southern Oregon.

As a lifetime member of the National Rifle Association, she began teaching gun safety classes required in Oregon and Utah to receive concealed weapon permits. She also traveled extensively as an on-call personal bodyguard for wealthy clients and their families.

Margy is survived by sister Candy Bretschneider (Dale), nephew Sean Bret-

schneider (Keri) and their four children. She was predeceased by her parents Pete and Sally Mullen and her sister Christy Hill (Allan).

God Bless you Margy for showing us a unique and more carefree way of exploring life. May you rest in peace.

Crescent City Fire Burn Training on Williams Drive Concludes

BY ROGER GITLIN
Country Media, Inc.

Del Norters thought Williams Drive was out-of-control aflame, the site of a huge fire, last Tuesday and Saturday evenings.

The Fire was actually a training exercise conducted by Crescent City Fire and Rescue, demolishing the ramshackle Mental Health building. The two day exercise and debris removal clears the way for construction of the, as yet, unnamed homeless shelter.

Fire Chief Kevin Carey recognized partners and participants in the Training, including Klamath Fire, Ft. Dick Fire and Harbor (Oregon) Fire. The Training included:

- Live Fire Flashover Training
- Live Fire Offensive Strategy
- Roof Ventilation Training
- Defensive Fire Operations

Fire Chief Carey called the Training Exercise very successful and provided fire explorers logistic experience.

Cal Fire covered all emergency calls for the two day event. After the debris is removed, the Dept of Health and Human Services will begin to construct the, as yet, unnamed homeless shelter.

Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. Del Norte County Probation Officer Honored

BY ROGER GITLIN
Country Media, Inc.

Supervising Deputy Probation Officer (SDPO) for Del Norte Juvenile Justice Unit, Emily Johnson has been honored as the North Region Employee of the Year at the 2024 Annual Chief Probation Officers of California (CPOC) Awards Ceremony. Deputy Johnson was recognized for her profound impact on her team and her dedication to helping young people overcome challenges and build brighter futures.

Chief Probation Officer Lonnie Reyman praised Johnson saying, “Emily’s exceptional work ethic and ability to rise above challenges is inspirational.” Reyman nominated Johnson for the recognition.

Since stepping into her supervisory roll in May of 2020, SDPO Johnson has consistently demonstrated the highest commitment to the young folks and community in Del Norte. In 2022-23, Johnson faced daunting challenges when her unit was short-staffed, where she acted alone, handling all juvenile Probation services. Duties included managing all reports, case management, child and family team meetings and court proceedings for some 50 youths.

“Both bills will be considered by a special session Budget Committee appointed by Assembly Speaker Robert Rivas, where they are expected to further develop through ongoing conversations with the State Senate and Governor Newsom,” Gabriel’s office said Monday. “The goal is to pass both bills and have them signed into law prior to the inauguration of President-elect Trump on January 20, 2025.”

Dungeness Crab Season Delayed

Crab Season will be delayed for the remainder of the calendar year. According to the California Dept of Fish and Wildlife (CDFW). The action was taken to prevent whales from becoming entangled in crab gear. The whales are en route from Alaska to the warm Pacific waters of Mexico and Central America.

CDFW confirmed four humpback whales were entangled so far this year, with an additional nine humpbacks entangled in unidentified fishing gear that may be California Dungeness crab gear. Of all commercial fishing gears on the West Coast, the California Dungeness crab industry is associated with the most confirmed

entanglements, and with recent surveys showing large numbers of whales still feeding off the California coast, CDWD announced it will further postpone the opening of Dungeness Crab Season until 2025.

National Oceanographic and Atmospheric Administration fisheries indicate 34 confirmed entangle-

ment off the U.S. West Coast so far in 2024, the highest in the last six years.
