Voter turnout much slower than expected

By DANIEL J. SCHMIDT
Editor

The number of ballots received by the registrar's office is substantially lower than during the 2018 Primary Election at this time, according to Del Norte County Registrar of Voters Alissia Northrup.

Of the 15,510 registered voters in Del Norte County, only 1,732 ballots were received by the close of business on May 31.

Of course, Northrup is prepared for whatever the final turnout might be.

"You never know what's going to happen," she said. "You have to prepare for a big party, even if you're not sure how many people are going to show up."

With just four days before the election, Northrup hasn't concluded why people are waiting to submit their ballots. Mail-in, absentee and drop-off ballots represent approximately two-thirds of registered voters. Precinct voters on Election Day usually represent one-third of the voters.

Your options including dropping off your ballot at the clerk's office at the Flynn Administrative Center at the corner of 5th and H streets, place your ballot in an official ballot box at the Senior Center on Northcrest Drive, at your polling precinct Tuesday, June 7 or voting in person at your designated precinct.

Voters who chose to cast their ballots at the polling place on Election Day are reminded that one must be standing in line at the polling place no later than 8 p.m. next Tuesday. Polls open at 7 a.m. Northrup reminds polling place voters to bring the vote-by-mail ballot they already received to the polling place so that it can be surrendered and replaced with a new ballot.

The reasons for the slow turnout? Voters may be waiting to see what happens in the final days of the campaign, or "they're not sure" who to vote for, or "are still making up their minds," she said. Voters need to know that Election Day "is sneaking up on them."

Minivan plunges 80 feet into river

Photos courtesy of Mike Cuthbertson

A minivan plunged more than 80 feet into the river after going off Highway 199 near Gasquet. Surprisingly, no one was seriously injured in the incident, although one passenger was taken to the hospital.

No one seriously injured in accident on Highway 199

By RAYMOND LOCKHART
For The Triplicate

A van carrying three passengers went over the edge of Highway 199 at mile post 21 near Patrick Creek, about 10 miles north of Gasquet. The incident occurred at approximately 4:30 p.m. on Sunday, May 29.

The Ford Econoline van plunged 80 feet down to the Smith River, police reported. Public safety crews, including the California Highway Patrol, Gasquet Fire Department, and Cal Fire responded to the single-vehicle incident, a citizen reported.

One of the passengers was placed on a stretcher and transported to for medical attention. Only three minor injuries were reported.

The roadway was closed during the emergency response.

Drone footage of the wreck was taken by Mike Cuthbertson, a popular photographer and drone adventurer from Gasquet, who provided the Triplicate photos of the event

Fred Endert Pool to reopen June 6

The Triplicate

The Fred Endert Pool is scheduled to reopen June 6. Thanks to the quick work of Hemmingsen Contracting Company, Inc. , and City crews, repairs to the ceiling are approaching completion. City staff are working to ensure the facility is ready to reopen, including some minor maintenance needs being addressed.

The City is happy to announce that the facility will reopen on June 6 under normal operating hours and invite the public to come by.

From July 11 to August 26, two-week youth swimming lesson sessions will be offered on Mondays, Wednesdays and Fridays in half-hour sessions in both the morning and afternoon. Registration will begin June 21. Costs range from $35 to $45, depending on age group.

To stay up to-date, the City encourages community members to check its website, CrescentCity.Org, and Facebook page, Crescent City CA – City Hall.

If you have any questions or concerns, you can contact our office line at 707-464-7483.

Man of Steel, stainless steel that is

By DANIEL J. SCHMIDT
Editor

Garrett Gronlund is the Man of Steel. Stainless steel, to be exact.

At his 1,500 square-foot metal fabrication shop off Parkway Drive in Crescent City, Gronlund is equipped to weld or braze stainless steel and other exotic metals, including titanium, copper, brass, aluminum, cast iron, inconel and tool steel, whether in the form of sheets, tubes, angle material, bars; and whether thick or thin, or most any other shape or configuration.

Stainless steel is his toast and butter, having recently completing work on the plumbing connections on a large brewery tank system.

"Stainless steel is very expensive, so I retain as much scrap from one job that might work on another smaller job," Gronlund said. "I like to save my customers money whenever I can. It is sometimes more cost-effective to buy something pre-made, like a tank, then modify it for a specific purpose and installation."

Gronlund is seeking to "fulfill a mission of providing same-day or same-week service at an affordable rate," he said. "I buy in bulk and store electrodes in a way to maximize shelf life." He also invests in technology that "speeds me up daily." He keep supplies on-hand for a variety of needs.

Gronlund's favorite work is welding and fabrication for the local community. "I'm happy to be a custom jobs shop where people bring me ideas or projects that they need a hand on," he said. "I would love to gain new clients and contracts for steady fulfillment as well."

When a reporter described a piece of yard art that he had dreamed about making for the past 10 years, but had never started the project, Gronlund thought a moment, with his eyes circling around the imaginary creation, and said, "It can be done."

In fact, Gronlund has worked with real metal artists.

He was contacted by renown artist Michael Stutz to fabricate the "Boom Boom Bench," an "art in public places" project commissioned by the City of

Garrett Gronlund fabricates copper piping at his shop in Crescent City. Gronlund works with many types of metal at his welding shop.

Stubbs selected as Dairy Princess

The Triplicate

Morgan Stubbs of McKinleyville, was selected as the 2022 Dairy Princess for the California Milk Advisory Board's District 1 in a crowning event on Friday, May 13, held at the River Lodge in Fortuna.

Stubbs will represent District 1, which includes Humboldt and Del Norte counties. As Dairy Princess, she will play a key role on the CMAB's Communications Services team in meeting community relations objectives.

Morgan is the daughter of Tony and Carrie Stubbs. She is a Junior at McKinleyville High School and plans to pursue a degree in agricultural education at Oklahoma State University. Morgan is the president of her FFA chapter, where she participated in many community service activities as well as speaking competitions. She will be showing a dairy heifer this year. Morgan is a member of

Morgan Stubbs was recently crowned as Dairy Princess while Sahalie Rodriguez and Tiera Russ were first and second alternates.

Princess

From page A1

the McKinleyville High basketball, softball, and volleyball teams, as well as president of the Humboldt Del Norte Student Athletic Advisory Committee. She is also a principal's honor roll student.

Crowned 1st Alternate Dairy Princess was Sahalie Rodriguez, the daughter of Bert and Stacie Rodriguez. She is a Junior at Del Norte High School and plans to study pre-veterinary medicine at Montana State University, followed by veterinary medicine at the University of Montana. Sahalie is the treasurer of her FFA Chapter, where she completed a variety of supervised agriculture experience projects. Sahalie is a member of the Del Norte High School cheer and dance teams as well.

Tiera Russ received 2nd Alternate and Miss Vitality. Contestants were judged on speaking ability, education, dairy background, poise and personality. Judges for the contest were Kathy Comerer of Fortuna, Lydia Leonardo of McKinleyville and Shelly Macdonald of Red Bluff.

Sahalie and Tiera will assist the new District 1 Dairy Princess in her duties, which include speaking on behalf of the California dairy industry to various audiences throughout the year.

As Dairy Princess and alternate, Morgan and Sahalie, will join Tiera for a professional development training focused on presentation skills, advocating for the California dairy industry, leadership and business etiquette.

California is the nation's leading milk producer. It also produces more butter, ice cream and nonfat dry milk than any other state. The state is the second-largest producer of cheese and yogurt. Dairy products made with Real California Milk can be identified by the Real California Milk seal, which certifies they are made with milk produced on California dairy farms by California dairy farm families.

Vote

From page A1

She did speculate that the number of open seats on the Board of Supervisors – three districts, rather than just two, and the 12 candidates running for those three seats could have something to do with the slower turnout. There were many more candidate forums during this election cycle, and lots of candidates knocking on doors.

The Triplicate would like to think that voters are still studying its May 20 Special Election issue, which was packed with campaign advertisements and a "candidates forum" questionnaire that featured all candidates for each supervisorial district race.

For those who are waiting to make a decision, the Triplicate encourages them to review today's issue of the newspaper for the dozens of letters of support for candidates from local residents.

A reader will get a whole new perspective on who is running for office. It has been a joy – and a struggle – to read and process so many letters without mixing them up, or leaving anyone out.

You can begin to see what wonderful community-minded people have stood up to seek public office, and get a strong sense of what impact these candidate have had on their community and the people who live here.

All candidates, regardless of how much their campaigns spent or how many doors they knocked on deserve our respect and appreciation.

The same goes for the voters themselves. Every vote counts regardless of one's station in life. As a small county, with so many candidates, and with a possible low voter turnout, each and every vote will make a big difference in the outcome.

Your vote is confidential, while the Registrar's Office will know who voted, and the vote tallies for each candidate, it will not know how a particular voter voted.

Registrar Northrup wants to dispel a myth that a voter must cast a vote for everything on the ballot. "It's a two-page ballot," she said, "you don't have to vote on everything." You may decide that only one issue or candidate is important to you; your vote will count on any candidate or issue you vote upon. And your reasons for voting are entirely up to you.

Northrup said her staff is available to help voters no matter what the problem might be. If someone has lost his or her ballot, didn't receive a ballot, misplaced it or threw it away by accident, or made a mistake and want a new ballot, Northrup's election office staff can determine if the original ballot has already been cast, if not then a new ballot will be provided on the spot. If there is some uncertainty, the voter can cast a provisional ballot that must be submitted by 8 p.m. on June 7.

Whether the turnout is big or small, Northrup needs volunteer poll workers on Election Day. Volunteers can reach Registrar Alissia Northrup at 707-464-7216.

Letters to the Editor

Howard builds bridge to overcome tsunami tragedy

During this election season there have been numerous town halls, news articles, and editorials addressing the candidates and the offices they are collectively vying to win. Defining those best qualified and suited for local leadership should never be centered on partisan affiliation, but rather on the needs of the community.

In my years of service both as a minister and a local elected official I have come to understand that leadership is not a role you are given; it is earned through hard work and vision paired the ability to share both with others.

I have no doubt that all of those who are running for office are good people with good intentions, but there is one person that I am confident is not only qualified, but committed to do the work our community needs: Chris Howard.

During my two terms on the Crescent City Council, it has been my honor to work side-by-side with Supervisor Howard on many endeavors, and I believe the City and the County are better partners today because of those efforts.

Possibly the most significant challenge we faced together was building a bridge and connecting two communities which were both affected by similar tragedies. The catalyst for this connection began with our students who had a vision to bring hope to students in Rikuzentakata, Japan, by returning a small boat named Kamome which washed ashore in Crescent City in 2013.

Building from this effort, Chris Howard and I worked towards a vision of a Sister City relationship founded on the principles of our children's selfless act to bring hope to a community devastated by tsunami. That vision is now a reality.

The U.S. Embassy in Tokyo and Sister Cities International has highlighted our relationship as a model for grassroots diplomacy drawing on how two communities were brought together through times of hardship and loss.

Chris and I stood together in the United Nations for World Tsunami Awareness Day representing the partnership between the United States and Japan in building a safer future for our children.

Thank you, Chris Howard, for your family's tireless work and selfless contributions to making our community a better place for all.

Blake Inscore,
Crescent City Council Member, and Pastor of First Baptist Church

CRIMINAL CONVICTIONS May 20 - 26

• Sonna Lee Bruschi, 56, of McKinleyville, was convicted of battery and was sentenced to one year of probation, 29 days in jail and a fine of $630.

• Cathy Cecelia Hicks, 49, of Crescent City, was convicted of violating community supervision and was sentenced to 20 days in jail.

• Christopher Leon Nelson, 42, of Crescent City, was convicted of violating community supervision and was sentenced to 180 days in jail.

• Rolando Angelo Palmerin, 38, of Crescent City, was convicted of violating community supervision and was sentenced to 60 days in jail.

Supervisor District 4
VISIT MY WEB PAGE AT
www.BrianLStone.com
Paid for by Brian L. Stone for County Supervisor, 2022, FPPC No. 1444064

Humboldt Area Foundation
Wild Rivers Community Foundation

Strategy, Program and Community Solutions Senior Program Officer

$62,500-$67,500

Join our team! HAF+WRCF is actively recruiting for a senior program officer to help guide the foundation's Strategy, Program, and Community Solutions (SPCS) team. The SPCS team was developed to service our region and its many communities and empower the people, organizations, institutions, and businesses to achieve healthy, equitable, and sustainable success.

Sr. Program Officers are responsible for five main areas,
1. Grantmaking and resource deployment
2. Development and ongoing management of initiatives, programs and projects
3. Community Engagement
4. Collaboration and communication
5. Evaluation and Learning

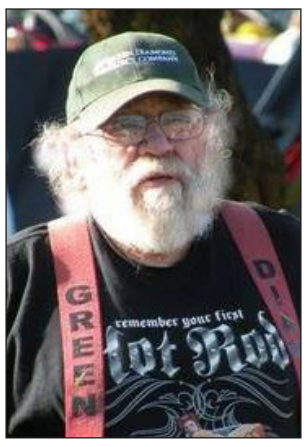
Minimum Qualifications: Five years of experience working in the field of philanthropy and/or nonprofit sector that has provided the individual with the knowledge, abilities, and skills, including: Strong communication skills; the ability to build and manage relationships with community leaders; knowledge of grantmaking procedures; outstanding project management skills; the ability to take initiative; a proven ability to manage projects; and the ability to dream big and inspire radical imagination in others.

Please visit
www.hafoundation.org/jobs
for application procedures and the complete job announcement, including all desired qualifications. For questions, please email jobs@hafoundation.org or call Haley Clark at 707-442-2993 ext. 376. Application Deadline: This position will remain open until filled. However, priority consideration will be given to those who apply by **8 a.m. on June 6, 2022.**

OBITUARIES

Willard Stace Fisher

July 28, 1942 - May 10, 2022



Stace Fisher peacefully passed away at home in his favorite chair, also known as the throne, on May 10, 2022, with his loving wife Teri by his side. Stace was born and raised in Klamath and never wanted to be too far away from his home on the coast. He logged for 40 plus years and amazingly survived it into retirement after many, many injuries and close calls. Later in life after giving up drag racing, Stace developed a passion for street rods. He built several cars from the ground up, from framework and paint, to fully blown engines. He was a master mechanic, fabricator, and part magician, creating beautiful cars out of next to nothing.

Stace was preceded in death by his parents, grandson Russell, and younger sister Rochelle Bush Michaels of Medford, Oregon. He is survived by his wife of 59 years Teri, his daughter Tracy of Las Vegas, his son Stacey Jr. of Klamath; grandchildren Lance, Nick, Sarah, and sister Venita Corcovelos of Crescent City.

Stace loved telling the tales of his adventures in logging and life. He lived like a legend, our legend, living his life to the fullest.

It will never be the same here without you.

At his headstrong, determined, and inflexible request, there will be no services.

Letters to the Editor

Patty Adams is always willing to serve

It is with great pride that I reach out to you regarding Patty Adams. She has been a great friend and community leader since I have known her. Patty is very involved and is always willing to serve in whatever capacity she can. I support her in all her current and future endeavors.

Lisa Buitrago-Freitas
Crescent City

Howard played vital infrastructure role

Harbor, Airport, Sewer, Highway 199 and Broadband. Those words became the moniker for a County economic development movement in 2008 to ensure focused efforts on key infrastructure development for our community.

Chris Howard knew, like many before him, that without these key pieces of infrastructure in Del Norte, we could not compete on a level playing field with the rest of the State.

It has been no small feat over the last decade to bring many of these projects to reality, and I have witnessed the vital role Chris Howard played in bringing our community together to advocate as one voice for progress.

Thank you for working tirelessly for our community Chris.

Kevin Hartwick, CPA
Crescent City

Magarino showed leadership

I have personally known Frank Magarino as a trusted friend since 2004. He and his family were our neighbors for 15 years. We raised our children together in church, in school, in celebrating special occasions and family vacations together.

Frank has served as the president of the Del Norte Unified School District Board of Trustees for several years. He has shown wisdom in his leading abilities throughout the pandemic. The success of children in our community has been his top priority during his time of public service.

He is for the people of Del Norte County. Frank Magarino is a successful and honest businessperson, with a willing mind and spirit to listen to the needs of our community and the courage and tenacity to act.

I highly recommend Frank for Del Norte County Supervisor, District 3.

Erin Smith, R.N.

Howard brought more tourists to county

In 2006, Chris Howard volunteered countless hours to lead the establishment of the Visitors Bureau with my assistance because the Del Norte area did not invest in the travel and tourism industry.

Many travelers thought that the Redwoods were only in Humboldt County due to robust marketing.

After a year of analysis, partnership building, and collaboration, our first public investment in the travel industry was funded by the Tribes, the County, Crescent City, and private business to form the Visitors Bureau. We had one focus: "Bring the next new visitor to our region."

Since then, the return on investment to our community has tripled, and our travel and tourism industry is strong.

One of Chris Howard's greatest strengths is his ability to bring diverse groups together for the benefit of the Del Norte region. Travelers have "Come to the Cool Coast" in record numbers. I appreciate the hard work.

Tamera Leighton

Frank Magarino: driven to help

I have known Frank Magarino for over 15 years, and I fully support him running for Supervisor of District 3.

Frank is very honest, and is just a genuine kind and humble person. Frank is a current School Board member, and any time I have had a question or concern in regard to my children or anything else involving the school district, Frank has always been available to answer my questions.

Frank gives his personal cell phone number out to everyone to make him accessible, which proves to me that he really does want to represent the people in District 3 and the entire community.

I have spent the last several weekends going with Frank door-to-door speaking to the people in District 3. Frank always takes the time to answer every question, and really listens to the concerns of our community members.

I have learned a lot about Frank over the past several weekends. He is a legal immigrant from Cuba that went from having nothing to running his own successful companies. Frank's integrity and drive would be an asset to our community, and this is why I would appreciate your vote for Frank Magarino District 3 Supervisor.

Charlene Van Alstine
Resident, District 3

Susan devoted a lifetime to service

My name is Laura Woods and I support the election of Susan Masten. I believe Del Norte county residents will benefit from Ms. Masten's experience in government as she has spent a lifetime contributing her time and skills to community and economic growth. Her commitment to this land and all its people is second to none. This is her home and most definitely where her heart is.

I know Sue to be a woman of her word, she is no nonsense, dedicated and extremely capable. She is thorough and does not hesitate to ask for more information if she deems it necessary to make wise decisions as she takes her position very seriously. Sue has a lifetime of achievements and a resume of positions of leadership in all areas of government both on the local and national levels.

I believe Susan Masten will be give her all to her time on the board of supervisors and I believe Del Norte County and all its residents will be better because of it.

Letters to the Editor

Terri Colton puts her whole heart into the job

I am writing to recommend Terri Colton for the 5th District, Board of Supervisors. I have known Terri for over 28 years in varying capacities, and have nothing but positive things to say.

Terri was the coach for the Del Norte High School Drill Team my freshman year when I first met her. She handled the chaos of managing the game schedules, auditions, out-of-county trips, the endless fundraisers, as well as the inevitable drama that comes with managing a group of teenage girls.

That was just the beginning of her contribution. She became a major mentor and friend as we grew up with her in our lives. She went on to play a supportive role in my life, with her youngest daughter even participating as a flower girl in my wedding.

When Terri commits to a job, she sees more than the role and responsibilities; she really sees the people that are affected, and puts her whole heart into representing them.

I also had the privilege of volunteering under Terri by judging the Crescent City Jaycees cheer competition when she was the coordinator. The amount of commitment and organization that she took on in just the one year that I was involved was no small task. Terri, all the while was present, cheerful and smiling while executing all that needed to be done.

I know very few, if any, persons who are more qualified for this position. She is one of the most well respected and well regarded members of the community. I have always known Terri Colton to be of sound character, reliable, and having an abundance of experiences and skills, thus making her the most suitable candidate.

Holly Heady-Rose

Howard saved my fishing business

As we near the end of the primary races, I think it's very important to point out the positive points about our current District 3 Supervisor, Chris Howard.

As a 30-year small business owner in Del Norte County and life-long resident, Chris and I had crossed paths several times. First when he worked for Miller Rellim Redwood Company, then again when he worked for Arcata Redwood, which is now known as Green Diamond Resource Company. But it wasn't until he became a Supervisor that our relationship became stronger.

As my fishing guide business became more successful, I started involving myself in the political and regulatory process that governs my chosen industry. As most of you know, the commercial and sport fishing industries have been under attack in California for years and in most cases have been pitted against each.

It was during one of these attacks that with seemingly nowhere to turn, I called my Supervisor, Chris Howard. It's was with open arms and ears that he heard my pleas for help. I was in over my head, and my way of providing for my family was being taken.

Not only was this effectively going to put me out business, but several others and effectively would financially undermine Del Norte County as a whole to the tune of several million dollars a month throughout its five-month season. Supervisor Howard realized the importance of the issues and engaged.

During the process of this significant shutdown, Supervisor Howard began his role as an adviser. He advised me as to how to handle certain situations and procedures throughout the long drawn out process that the state agencies go through. He calmed me through not only my frustrations, but my desperations, and pushed me in the right directions when I wanted to quit.

After nearly a year long process everything came down to a final meeting. It was during this meeting that I saw Supervisor Howard for the asset that he truly is to this County. The Fish and Game Commission made a decision to close an area to fishing without any reason. No science based fact, no reason whatsoever, other than the fact that someone drew up the correct paperwork and it made it in front of the Commission. The statement that the Commission chair made was essentially, "let's close it and see what happens." At this point it was like watching a veteran versus an amateur.

Supervisor Howard kicked into action. I had spoken to several elected officials including senators, congressmen and State Assembly representatives. They all advised me that the decision had been made and that there wasn't anything we could do about it.

Well they underestimated Supervisor Howard. Within a year we had a complete compromise on the closure which suited both sides. The commission chair and three of its members had been removed, and the county had averted a serious loss and several small businesses saved!

Supervisor Howard did this all while still working a full-time job, and keeping up with the ever constant demands of his supervisor position. Above all of this, he maintained being a husband and a father.

This one issue is a drop in a very large bucket compared to what Supervisor Howard does for our county. His passion and care for our community is second to none. He carry's the knowledge, tact and relationships that will get us through the tough times and doesn't require a pat on the back when we are in the good ones.

Howard is a huge advocate for our youth, for our outdoor activities, for our consumptive uses and our rights. He understands the needs of this county and will fight tooth-and-nail to secure even the smallest victories for us.

Supervisor Howard and I have not always agreed on issues. The political wheel turns slowly and we may not get the instant results that we want, but my trust is placed in Supervisor Howard.

Mike Coopman
Resident in District 3

The people decide what is good for the people

I would like to thank the Triplicate for allowing each of the candidates for County Supervisor the equitable and fair opportunity to address the community through your publication.

I would like to be clear on a couple of issues, as my opposition likes to represent their own interpretive narrative. In keeping with Government Code 54950, which reads in part, The Board exist to aid the People's business. The People do not yield their sovereignty to the Board. The People decide what is good for the People to know or not know.

Recently, 1) the Board interfered with the "right of the people" attempting a recall, to let it fail or pass on its merit. 2) Equal application of the Boards authority. The Board approved an exception request for non-tribal members, yet denied an exception request to tribal members on Rancheria land. I assert the Tolowa are also the "People" of the 3rd District.

Hank Akin, Candidate,
Del Norte County Board of Supervisors

Guest columns

Eye on Del Norte

California is in a state of decline

Roger Gitlin

California is in a state of stagnancy. Since California joined the Union in 1849, it has enjoyed dynamic and dramatic growth. This expansion has apparently come to a grinding halt.

In fact, the Golden State is actually losing population, stagnant and stalled at 39.185,000 as of January 2022, according to the California Department of Finance and published in the Sacramento Bee.

Blame it on COVID, the slow or no-return-to-normalcy after State-mandated schools and business closures, onerous, oppressive and excessive taxes, the highest fuel prices in the contiguous 48, stratospheric real estate prices, lack of affordable housing, spiking rents, it matters not…

According to the Department of Finance, which provides the statistical data I'm sharing with you, 117,552 Californians moved out of state in 2021. The 3/10 of one percent decrease follows a .59 percent decrease in 2020, when 183,000-plus departed to points North and East. And 34 of 58 counties lost population, including Del Norte County which suffered a 1.4 percent loss since the 2010 census.

Crescent City lost about a thousand residents between 2010 and 2022. The County similarly said sayonara to another thousand departed Del Norters. It makes me wonder about the genesis of the housing shortage. Heck, without being too sarcastic, even Pelican Bay State Prison participated in the exodus releasing a significant amount of its inmate population.

California lost a Congressional representative after the 2020 Census. Overwhelmingly, most of the soon-to-be 52 Representatives in the Golden State belong to the Democrat Party.

There's a lot at stake. Jobs, provided services, housing, and numerous negative economic repercussions will impact each one of us.

Since 2009, California's population has been hovering between 38.1 to 39.6 million Golden Staters. And now, as of the beginning of this year, California is home to an estimated 39,185,605 souls. California remains the most populated State in the Union. Texas and Florida are far behind second and third with growing populations of 30 million and 22 million, respectively.

The largest demographic is Baby Boomers representing about 22 percent of the population. This growing seniors group will place great strain on the challenged and beleaguered healthcare system.

The Department of Finance projected 40 million by 2018, 45 million by 2035 and 50 million by 2055. Those projections are clearly and historically obsolete and unrealistic.

Is California stuck in a state of stagnancy? Some affirm stagnancy is on the horizon. I say stagnancy is here now.

How will California fare into the future? How will life change as the Golden State contracts? Uncertain, as the picture is not necessarily a rosy one for the Land of Milk and Honey.

The model for the One Party State is one of more and higher taxes, more government oversight, and more burden placed on those, like me, who won't cut and run to Texas or Tennessee.

California may be doomed to follow the dogma of the Democrat socialist left who spend billions on those whose dependency on the Department of Health and Human Services is more than profound. Dependency on DHHS is big business.

Del Norte County will continue to languish in this utopian swamp. I hold the Board of Supervisors responsible for its Pied Piper loyalty to legislators Mike McGuire, Jim Wood and Gov. Gavin Newsom in expanding the welfare state during their terms in Office.

Panhandlers shamelessly proliferate on public street corners throughout Crescent City and County jurisdictions with faux gas cans and hastily made signage, begging you for money. Some are bold enough to approach you in the private parking lots of Walmart and the Jed Smith Center with their personal sagas. It's intimidating.

Many are desperate, drug addicted, alcoholic and some are mentally ill. Law enforcement is self-handcuffed. The Department of Health and Human Services is inert and fails to address its futility in mitigating these intolerable social conditions. These events are painful to watch and personally more disturbing for me to be the courier of this daunting news.

You and I, and thousands of Del Norters, along with millions of Californians, can make a difference. Find the courage to speak up and say NO to this road to a guaranteed Socialist abyss. There's an election in November.

You matter.

I will continue to stand up with my Constitutionally guaranteed freedom of speech and share my core values. Please join me. Don't cut and run.

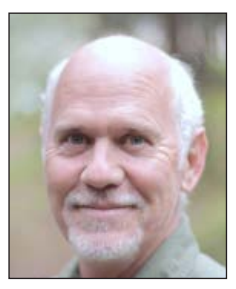
Stand up and stick it out. You may not find so easily bliss in Boise, happiness in Hialeah, tranquility in Tucson or serenity in San Antonio.

You can make a difference. California is worth fighting for.

Roger Gitlin is a two-term retired Del Norte County supervisor and resides in Crescent City.

View from the left

Grants are good for Del Norte



Kevin Hendrick

I don't understand why some people say that grants are bad, and that we should not accept grants from the government. I disagree. Grants are good!

Applying for grants is one of the ways that we get tax dollars back to help meet local needs. Grants bring money into our community, create jobs, and do not have to be paid back. Grant funding can help with all aspects of local government programs and services. All government employees should look for grants to support their mission.

I acknowledge that some grants are not always a good fit for an organization. For eight years, I worked for an environmental foundation. I would counsel applicants not to change their core programs just to meet the criteria for a grant.

Only if grant funding can supplement and complement program efforts is it worth applying. Sometimes a single one-time grant will build enough momentum to start and maintain a project that would otherwise not be feasible.

Vast amounts of grant funding will be available in the coming years from the federal government and the State of California. We need to pay attention!

California has a $97 billion surplus this year. This is not from taxes paid by you and me. Most of this surplus is from taxes on wealthy Californians who made huge profits on their investments.

Like Robin Hood, California will allocate this surplus to help fund education, infrastructure, social services, affordable housing, reducing homelessness and more.

Last year President Biden signed the $1.2 trillion infrastructure bill. California will get $44 billion. How much will come to Del Norte County?

It would be irresponsible for our local government agencies to not request our fair share. If we don't take it someone else will.

There are a few local agencies that are pursuing infrastructure grants. The Harbor District contracted with a grant writer and is applying for $25 million of infrastructure grants to pay for much needed repairs in the Harbor. Crescent City is applying for a $11.5 million federal infrastructure grant to repair Front Street. Del Norte County recently created a new grant writer position so that they can more successfully compete for state and federal grants. This is smart.

Without grant funding, some essential projects might not happen. I commend these agencies for having the vision and making the effort to apply for grants that will benefit our community.

Grant funding helps to supplement the limited funding that we can get from our local tax base. Overall, Del Norte County gets back far more funding than we pay in taxes.

This is how we pay for our roads, schools, social services and more.

Local government agencies and non-profit organizations both large and small, should aggressively pursue grants that will help fund their programs and services. If we bring more grant funding into our community, this will help us become a more successful and prosperous community.

Kevin Hendrick is the Chair of the Del Norte County Democratic Central Committee

Letters to the Editor

Frank Magarino is a humble, generous person

It is with great pleasure that we endorse Frank Magarino for Del Norte County Supervisor, 3rd District. We have known Frank for 11 years and consider him to be a true friend.

One of the first people that we met when moving to Crescent City, Frank and his extended family welcomed us and took us in with open arms. Not only a friend, Frank has been a great mentor to us in our first ever business venture as owners of Pacific Northwest Physical Therapy.

Frank possesses entrepreneurial acumen. He has started and run several successful businesses. I truly believe that it is his goal to give back to the community by selflessly serving Del Norte, and to be a voice for the little guy.

He is no novice to the harsh reality that is the political realm, as he has worked his way up through the ranks, starting as a member of the Grand Jury, then two years on the County Planning Commission, and for the past six years and currently as a member and past president of the County School Board of Trustees.

Almost humble to a fault, Frank does not share much about his background, but he is the epitome of the American Dream. Frank immigrated from Cuba as a child and his enormous success is entirely self-made.

It is our opinion that politicians must be changed on a regular basis to avoid stagnation and apathy. We are certain that a set of fresh eyes and disparate vision, coupled together with his zest and leadership is necessary. As supervisor of the 3rd district, Frank Magarino will steer the county in a direction that will better serve all of Del Norte County constituents.

Chris Howard leads by example

Rumiano Cheese has been in business for over 100 years. We rely on the bounty of Del Norte County to produce award-winning cheese that is sold throughout the world. We owe a great deal of gratitude to our farmers, employees, and individuals like Chris Howard who help ensure Rumiano Cheese remains a leader in our industry.

We have watched Chris over the last 20 years lead by example, advocating for vital infrastructure which keeps our business going in very competitive markets.

Chris, your efforts and determination to revitalize Del Norte's economy has not been lost on us. Thank you for your tireless work for our community.

Please vote for Chris Howard to allow him to continue his efforts. Thank you.

Baird and Jane Rumiano

Adams understands economic growth

Patty Adams would be an outstanding Supervisor for District 4 for these reasons: Patty was born and raised in Del Norte County, which gives her a passion to see that Del Norte grows, but stays humble.

Patty has 30 years of experience in corporate business development and negotiating multi-million dollar contracts. This experience will help with the economic growth for the Del Norte community by bringing business to our community and providing jobs for our community.

Patty also has five years of experience a realtor in Del Norte County and understands the homeless situation and the need for affordable housing This experience could help bring ideas to the table that have not been thought of.

Patty Adams in my opinion if the best candidate for District 4 Supervisor.

Kathleen Daignault

Coach Terri Colton brought out our best

My name is Courtney Magana. I would love to share how amazing my experience was with Terri Colton as my drill coach!

As a coach, Terri was always very stern and wanted us to do and try our absolute best, always pushed us to do better because she knew we could.

She is an amazing coach and woman who has touched so many girls lives by just being there to support them as they dance and push for success.

I worked hard for three years to become captain, and when I did, she had my back the whole time. Terri always encouraged me and supported me, because ,captain or not, I was so nervous on that field or that court.

Traveling was always the funniest, she loved the help of other parents and all of us just being together as a team to do all these amazing things she had set us up for. I think Terri would be a great choice for a position on the Board of Supervisors. She is kind hearted, hardworking and so intelligent. I'm lucky to have had her as my coach and as a woman to look up to all those years.

Courtney Magana

Colton is my most respected mentor

I first met Terri as an eighth grader trying out for her drill team at the high school. I was lucky enough to be one of the many young ladies on her team all four years of high school.

Terri quickly became one of my most respected mentors during my formative years as a teenager. I like to think she saw my passion for dance and a need for belonging, and helped me become a better student, loyal team member, and a better friend each year I was on her team.

Terri acknowledged and recognized progress, and entrusted her team members with responsibility and provided many opportunities for growth. I was always happy to be represent her, our team and school whenever we traveled outside of the area for San Francisco 49ner half-time performances or summer dance camp at UC Santa Cruz.

I have full confidence in Terri as a great candidate for the Board of Supervisors due to her passion for community and our county.

Anything Terri decides to tackle, and add to her ever growing list of involvement, is done with pride and responsibility, amongst many of her qualities. Thank you Terri for your continued commitment to Del Norte County!

Iris Leal-Contreas

Adams: confident, with a humble heart

I am writing in support of Patty Adams for District Four Supervisor. Patty loves Del Norte County, she has years of practice making impactful decisions at an executive level, and she can be counted on to peel back layers, ask the hard questions, then lead and support.

All of that said, one of her most admirable and distinguishing characteristics is her posture of confidence coupled with her humble heart. She is genuine, she is smart, and I'm confident she will carefully make every decision with the people of Del Norte County in mind.

Whitney Pincombe

Letters to the Editor

Time for change on the Board of Supervisors

I wish to express my concern about our election. The local GOP picked out three people they wanted elected. Those people are Chris Howard, Patty Adams, and David Jones.

The problem with the GOP picks is the very fact those people are yes people. Chris Howard has been in office for eight years. Nothing has been done to improve our county. He has had his chance as District 3 Supervisor, but all he has offered is empty words and obtaining government money on projects that do not generate any income. His regards on Homelessness demonstrate nothing more than empty words. That needs to stop.

I believe Hank Akin would give the 3rd District a new perspective and a chance to recover from Howard politics. Hank understands the value of generating revenue instead of accepting handouts from our government that does not generate revenue.

Patty Adams was selected by Local GOP and is vying for District 4. She has never attended government meetings and offers a lot of "look at me and my education," however, she has done absolutely nothing for this community in bringing businesses to Del Norte County with all her "knowledge."

Joey Borges has been working in the trenches, providing services for our youth, and sits on a board of the Parent Teachers Association. With Borges in office, our county has a voice for our youth which is desperately needed, and he doesn't heed the beckon call of those in control of the GOP.

Finally, the GOP picked David Jones for a candidate for 5th district. One does not have to look too far beyond the May 24, 2022 meeting of Measure R committee to see he has no clue of what he is doing. But, he is a yes man for the local GOP, same as Patty Adams.

Dean Wilson has been a Sheriff for 12 years. He has government knowledge and knows the in and outs of government. His tenacity alone will accomplish much for our County. I do believe Terry Colton and Sue Masten are viable candidates as well, however, I have not seen there governing skills.

It is time for a new change in government. Not a change of more yes men and women. I support Akin, Borges, and Wilson.

Linda Sutter
Crescent City

Masten: a leader who listens

I support Susan Masten for District 5 Supervisor because she is an experienced leader who understands both public service and business. Susan Masten is a lifelong resident of Del Norte County and has stayed involved and invested in the County since she was a child.

As a business owner, she chaired the North Coast Small Business Development Center recognizing that community involvement is also part of business.

My experience is that, in spite of her long time in public service, Susan Masten continues to take the time to speak to everyone who wishes to talk to her and to make sure that she hears what they say.

Susan Masten shows she understands the importance of addressing difficult issues that won't go away unless they are taken care of. She both looks at history as well as ahead. She welcomes new ideas without rigid reactions. She cares about the welfare of all people, all of our health, all of our housing, all of our schools, all of our jobs, all of our rights, laws and liberty.

Susan Masten has even developed relationships nationally, and understands innovative ways we can expand our vision in Del Norte County and support responses to these big issues: Housing, Infrastructure, Economic Development, Education and Recreation, Mental and Behavioral Health, and Law Enforcement.

With Susan Masten's past experience, her ability to bring people from all walks of life together to work on projects, her connection to family and community, her integrity, her perseverance, and her eye for detail, she can help lead all of us create a community of hope, and that alone is a win.

Please join me in supporting Ms. Masten and voting for her for 5th District Supervisor.

Helen M. "Elly" Hoopes
Crescent City

Masten will make the best decisions for all

The June Election is almost here. If you haven't already voted, and you live in District 5, I want to tell you why I am supporting Sue Masten for Supervisor.

First, I think she has done a great job since she was appointed in March, and she deserves to keep her post.

Because of her experience as the past President of the Klamath Chamber of Commerce and chair of the Board of Directors of the North Coast Small Business Development Center, she understands the needs of small business owners and what tools Del Norte County will require to thrive.

Her connections in Sacramento will help to make sure we fix Last Chance Grade once and for all. With the state surplus and federal infrastructure monies, that fix should be the most durable solution available.

Transportation reliability will be key to growing our recreation economy. Supervisor Masten works well with her colleagues on the Board. She listens to all sides and weighs all available information before making a decision.

As former Chair of the Yurok Tribe, she believes in public service and knows how to be a leader. Sue will make decisions for the best interests of all.

Supervisor Masten also supports removing the obsolete dams on the Klamath River. The dams block historic spawning habitat, diminish water quality and raise temperatures - all of which is killing salmon without providing any significant water to agriculture or domestic water supplies. This historic conservation and restoration project will bring international attention to our county.

She is a Supervisor with an eye for the future, and one we can all be proud of.

Dan York
Crescent City

Colton: deep roots, business background

I made the choice to run for District 5 supervisor because I care about this community. I am a proud graduate of Del Norte High School and have been volunteering for this community for decades.

My family and my community are extremely important to me. I'm proud of my two daughters, who live locally. Courtney is an escrow officer, soon to be married to Rick Candela a correctional officer. Caitlyn is an OB nurse and married to Richard Griffin, the Crescent City Police Chief. My father Ace Hartwick passed away in 1996, but my wonderful mother Jan Hartwick also lives locally.

Business Recruitment and Retention is key to creating a viable community. As a previous business owner, I understand how hard it is to thrive in a small community. Local support is just as important as leadership from our elected officials.

The experience that I bring to the table includes owning the Pacific Motor Hotel & Bottle Shop, managing restaurants and working in small business. Most recently, I served as the deputy director of the Yurok Tribe's Economic Development Corporation. In this capacity, I managed many businesses and employees successfully.

My strengths are in business development, finance, and tourism. My focus will include supporting our current businesses, and partnering with other entities to recruit new business, resulting in new jobs.

We have a housing crisis on our hands and I will work diligently to find new solutions for more affordable housing.

I will bring the same work ethic to the Board of Supervisors and will strive to create more opportunities for our families to thrive.

Terri Colton
Candidate, District 5

A vote for Adams is a vote for progress

I feel Patty Adams is the best choice for Del Norte County Supervisor, District 4. Patty was born and raised in Del Norte County and her love for her hometown shows in everything she does to give back to her community.

Patty will be a strong leader who will fight for economic and job growth. With her experience as a Real Estate Agent she is aware of the housing issues that face Del Norte County, and will be a clear voice at the table to find a solution.

I have known and worked with Patty for many years, I find her to be very reasonable; she is able to look at all sides of a problem; and she does what it takes to get the job done. She has a no nonsense approach when solving problems and moving forward.

A vote for Patty Adams, Del Norte County Supervisor, District 4, is a vote for Progress!

Lori L Cowan
Former Del Norte County Supervisor, District 2

Masten will focus on mental health crisis

I am supporting one of the most honorable and caring people for 5th District Supervisor, Sue Masten.

She has been a strong part of our community for so long it's hard to imagine that everyone hasn't been touched by her kindness at one point or another. She listens with her whole heart before she connects people to solutions.

I especially appreciate her for focusing on the mental health of our community. Our young people are feeling hopeless; turning to drugs and alcohol to deal with a lack of opportunity and purpose.

Del Norte County is in a mental health crisis and I know Sue will make sure everyone works together to get this problem solved!

Ashley Bowers
Klamath

I am so grateful for Terri Colton

Hello, my name is Taylor VanGilder (Thompson). I was so excited to go to high school and try out for the drill team. I was never very good at sports, but loved dancing. I was so nervous, but Terri made me feel comfortable. I was so excited when I had made it!

I stayed on the drill team all four years of high school (2007-2011) and absolutely loved it! Terri was such an amazing coach. Because of her I had the opportunity to go to drill camp in Santa Cruz and also got to go to San Fransisco and perform at 49ers games! This was so special to me because that was my dads favorite team.

I appreciate the family that the team had become. We always had fun times full of laughter. I look back on those times and feel so grateful to have such an amazing mentor and coach that made it so fun. Thank you Terri for being so awesome!

Taylor VanGilder

NOTICE OF PROPERTY TAX DELINQUENCY AND IMPENDING DEFAULT

Made pursuant to Section 3351, Revenue and Taxation Code

I, Barbara M. Lopez, Del Norte County Tax Collector, State of California, certify as follows:
That at 12:01 a.m. on July 1, 2022, by operation of law, any real property (unless previously tax-defaulted and not redeemed) that has any delinquent taxes, assessments, or other charges levied for the fiscal year 2021-22, and/or any delinquent supplemental taxes levied prior to the fiscal year 2021-22, shall be declared tax defaulted. That unless the tax defaulted property is completely redeemed through payment of all unpaid amounts, together with penalties and fees prescribed by law or an installment plan is initiated and maintained; the property will become tax-defaulted and may be sold subsequently at a tax sale to satisfy the tax lien.
That a detailed list of all properties remaining tax- defaulted as of July 1, 2022, and not redeemed prior to being submitted for publication, shall be published on or before September 8, 2025.
That information concerning redemption or the initiation of an installment plan for redemption of tax defaulted property will be furnished, upon request, by Barbara M. Lopez, Del Norte County Tax Collector, 981 H Street, Suite 150, Crescent City, CA 95531 or by calling (707) 464-7283.
I certify under penalty of perjury, that the foregoing is true and correct.

IN THE CIRCUIT COURT OF THE STATE OF OREGON IN AND FOR THE COUNTY OF CURRY

DALE A. CALDERON and PATRICIA G. COBURN, Plaintiffs,
vs.
JOHN DOE AND ALL OTHER UNKNOWN OWNERS, Defendants.
Case No. 22CV16779
SUMMONS BY PUBLICATION
TO: John Doe; and all other unknown owners of the property known as:
The South 394 feet of the SW1/4, SE1/4 of Section 17, Township 39 South, Range 12 West, Willamette Meridian, Curry County, Oregon lying Westerly of Wilderness Retreat Subdivision.
IN THE NAME OF THE STATE OF OREGON: You are hereby required to appear and defend the Complaint filed against you in the above-entitled action within thirty (30) days from the date of first publication of this Summons, and in case of your failure to do so, for want thereof, Plaintiffs will apply to the Court for relief demanded in the Complaint.
NOTICE TO THE DEFENDANTS: READ THESE PAPERS CAREFULLY!
You must "appear" in this case, or the other side will win automatically. To "appear" you must file with the court a legal paper called a "motion" or "answer". The "motion" or "answer" must be given to the court clerk or administrator within 30 days along with the required filing fee. It must be in proper form and have proof of service on the Plaintiffs' attorney or, if the Plaintiffs do not have an attorney, proof of service upon the Plaintiffs. If you have questions, you should see an attorney immediately. If you need help in finding an attorney, you may contact the Oregon State Bar's Lawyer Referral Service online at www.oregonstatebar.org or by calling 503-684-3763 (in the Portland metropolitan area) or toll-free elsewhere in Oregon at 800 452 7636.
SUMMARY STATEMENT OF COMPLAINT AND DEMAND FOR RELIEF
The action against you seeks declaratory judgment. Plaintiffs seek to quiet title via adverse possession on the above-noted property. DATED this 3rd day of June, 2022. HORNECKER COWLING LLP By: /s/ Charles E. Bolen, Attorney for Plaintiffs.

999 Public Notices

Public Notice and Notice of Public Hearing

Curry County is eligible to apply for a 2020 Community Development Block Grant from the Business Oregon. Community Development Block Grant funds from the U.S. Department of Housing and Urban Development Emergency Small Business and Micro-Enterprise Assistance Grant and COVID-19 Impact Assistance Program. The focus of this funding is to prevent, prepare, and respond to the impacts of COVID-19 pandemic.

The state expects to receive approximately $13 million in new federal funds during 2021 for grants to non- entitlement cities and counties for eligible projects. The maximum grant that a city or county can receive under the COVID-19 Impact Assistance Program for Emergency Small Business and Micro-Enterprise Assistance $500,000. Curry County is preparing an application for a 2022 Community Development Block CV Grant from Business Oregon for funding in response to the economic impact of the pandemic by providing assistance to low and moderate income households impacted by COVID-19.

The maximum grant that a city or county can receive under the COVID-19 Impact Assistance Program for Emergency Small Business and Micro-Enterprise Assistance Grant and COVID-19 Impact Assistance Program activities is $500,000. Curry County is preparing an application for a 2022 Community Development Block Grant from Business Oregon for Emergency Small Business and Micro-Enterprise Assistance Grant and COVID-19 Impact Assistance Program for Low-to-Moderate Income that would serve small businesses in Curry County. Curry County will be partnering with CCD Business Development Corp. for implementation of this project if approved. It is estimated that the proposed project will benefit up to 900 small businesses.

A public hearing will be held by the Curry County Board of Commissioners at 10am on June 15, 2022, at 94235 Moore Street, Gold Beach, OR 97444, Suite 122. The purpose of this hearing is for the Board of Commissioners to obtain citizen views and to respond to questions and comments about economic development and small business needs, especially the needs of low and moderate income persons, as well as other needs in the community that might be assisted with a Community Development Block Grant project; and the proposed project.

Written comments are also welcome and must be received by 5pm on June 14, 2022, at Curry County Board of Commissioners 94235 Moore Street, Gold Beach, OR 97444. Both oral and written comments will be considered by the board of commissioners in deciding whether to apply.

The location of the hearing is accessible to persons with disabilities. Please contact the Board of Commissioners at (541) 247-3296 if you will need any special accommodations to attend or participate in the meeting.

More information about Oregon Community Development Block Grants, the proposed project, and records about Curry County's past use of Community Development Block Grant funds is available for public review 94235 Moore Street, Gold Beach, OR 97444 during regular office hours. Advance notice is requested. If special accommodations are needed, please contact the Board of Commissioners at (541) 247-3296 so that appropriate assistance can be provided.

Permanent involuntary displacement of persons or businesses is not anticipated as a result from the proposed project. If displacement becomes necessary, alternatives will be examined to minimize the displacement and provide required/- reasonable benefits to those displaced. Any low- and moderate-income housing that is demolished or converted to another use will be replaced.

NOTICE OF IMPENDING POWER TO SELL TAX-DEFAULTED PROPERTY (Rev. & Tax. Code 3361, 3362)Pursuant to Revenue and Taxation Code sections 3691 and 3692.4, the following conditions will, by operation of law, subject real property to the tax collector's power to sell: All property for which property taxes and assessments have been in default for five or more years. Any property the tax collector has received a request to bring the property to the next scheduled tax sale from a person or entity that has a nuisance abatement lien recorded against the property and for which property taxes and assessments have been in default for three or more years. Any property that has been identified and requested for purchase by a city, county, city and county, or nonprofit organization to serve the public benefit by providing housing or services directly related to low-income persons and for which property taxes and assessments have been in default for three or more years. The parcels listed herein meet one or more of the conditions listed above and thus, will become subject to the tax collector's power to sell on July 1, 2022, at 12:01 am, by operation of law. The tax collector's power to sell will arise unless the property is either redeemed or made subject to an installment plan of redemption initiated as provided by law prior to close of business on the last business day in June. The right to an installment plan terminates on the last business day in June, and after that date the entire balance due must be paid in full to prevent sale of the property at a tax sale. The right of redemption survives the property becoming subject to the power to sell, but it terminates at close of business on the last business day prior to the date of the tax sale by the tax collector. All information concerning redemption or the initiation of an installment plan of redemption will be furnished, upon request, by Barbara M. Lopez, Del Norte County Tax Collector, 981 H Street, Suite 150, Crescent City, CA 95531 or by calling (707) 464-7283. The amount to redeem, including all penalties and fees, as of June 2022, is shown opposite the assessment number and next to the address of the assessment. PARCEL (ASSESSMENT) NUMBERING SYSTEM EXPLANATION. The Assessor's assessment number, when used to describe property in this list, refers to the assessor's map book, the map page, the block on the map, if applicable, and the individual parcel on the map page or in the block. The assessor's maps and further explanation of the assessment numbering system are available in the assessor's office.

TRUSTEE'S NOTICE OF SALE
The Trustee, under the terms of the Trust Deed described herein, at the direction of the Beneficiary, hereby elects to sell the property described in said Trust Deed to satisfy the obligations secured thereby.
A. PARTIES TO THE TRUST DEED: GRANTOR: Michael Manning and Zjanett Manning. TRUSTEE: Keith Y. Boyd. MAILING ADDRESS OF TRUSTEE: 724 S. Central Ave., Suite 106, Medford, OR 97501. BENEFICIARY: Patricia A. Curry, trustee of the Curry Family Trust u.a.d. June 23, 2003.
B. DESCRIPTION OF PROPERTY: The Property is more particularly described as:
See attached legal description
Commonly known as: 17066 and 17200 Ferry Creek Heights Rd. Brookings, OR 97415
C. TRUST DEED INFORMATION: DATE: March 9, 2012. RECORDING DATE: March 16, 2012. RECORDING NUMBER: 2012-00869. RECORDING PLACE: Official records of the County of Curry, State of Oregon.
D. DEFAULT: The Grantor is in default and the Beneficiary elects to foreclose the Trust Deed for failure to pay the full balance due on the Maturity Date: March 15, 2020.
E. AMOUNT DUE: The Beneficiary has declared all sums owing on the obligation and Trust Deed immediately due and payable, in the following sums: $271,987.17 as of June 1, 2020.
F. ELECTION TO SELL: NOTICE HEREBY IS GIVEN that the Beneficiary and Trustee, by reason of described default have elected and do hereby elect to foreclose the Trust Deed by advertisement and sale pursuant to Oregon Revised Statutes Sections 86.750 et seq., and to cause to be sold at public auction to the highest bidder, for cash or certified funds, the interest in the described property which the Grantor had, or had the power to convey, at the time of the execution of the Trust Deed together with any interest the Grantor or successors in interest acquired after the execution of the Trust Deed, to satisfy the obligations secured by the Trust Deed together with the expenses of the sale, including the compensation of the Trustee as provided by law, and the reasonable fees of Trustee's Attorney.
G. TIME AND PLACE OF SALE: TIME: June 30, 2022 at 1:00 p.m. PLACE: FRONT DOOR OF THE CURRY COUNTY COURT HOUSE, 29821 Ellensburg Ave., Gold Beach, OR 97444.
H. RIGHT TO REINSTATE: NOTICE IS FURTHER GIVEN that at any time prior to five days before the sale, this foreclosure proceeding may be dismissed and the Trust Deed reinstated by payment to the Trustee of the entire amount then due (other than such portion of the principal as would not then be due had no default occurred) and by curing any other default complained of herein that is capable of being cured by tendering the performance required under the obligation or Trust Deed, and in addition to paying those sums or tendering the performance necessary to cure the default, by paying all costs and expenses to the Trustee actually incurred by Beneficiary and Trustee in enforcing the obligation and Trust Deed, together with Trustee's fees and Attorney's fees not exceeding the amount provided in ORS 86.778.
I. NOTICE REGARDING POTENTIAL HAZARDS. Without limiting the trustee's disclaimer of representations or warranties, Oregon law requires the trustee to state in this notice that some residential property sold at a trustee's sale may have been used in manufacturing methamphetamines, the chemical components of which are known to be toxic. Prospective purchasers of residential property should be aware of this potential danger before deciding to place a bid for this property at this trustee's sale.
FAIR DEBT COLLECTION PRACTICES ACT NOTICE. We are attempting to collect a debt on behalf of the beneficiary named above (also referred to as the creditor) and any information obtained will be used for that purpose. This debt is owed to the creditor in the amount described above. Under some circumstances, you may receive more than one copy of this notice. Unless you dispute the validity of this debt, or any portion thereof, within 30 days after your first receipt of the original or a copy of this notice, we will assume the debt to be valid. If you notify us in writing within 30 days after your first receipt of the original or a copy of this notice that the debt, or any portion thereof, is disputed, we will obtain verification of the debt or (if applicable) a copy of a judgment against you and a copy of the verification or (if applicable) the judgment will be mailed to you. We will provide you with the name and address of the original creditor, if different from the creditor named above, if you notify us in writing within 30 days after your first receipt of the original or a copy of this notice that you request such information.
In construing this Notice, the masculine gender includes the feminine and the neuter, the singular includes the plural, the word "grantor" includes any successor in interest to the grantor as well as any other persons owing an obligation, the performance of which is secured by the Deed of Trust, the words "trustee" and "beneficiary" include their respective successors in interest, if any.
Dated this 10th day of May, 2022.

Garrett Gronlund fabricates steel while creating yard art, below, at his shop in Crescent City.

Steel

From page A1

Laguna Beach to be placed along a seaside walkway. The bench looks like a cresting wave fabricated strips of laser cut stainless steel that have been shaped, smoothed and welded to form a comfortable and functional art piece.

Gronlund has an extensive welding background that began as a young teenager making roll bars and tube bumpers. While serving in the Marine Corps, Gronlund took advantage of a "Veterans in Piping" program that allowed him to transition into a union apprenticeship. He completed a two-year apprenticeship in "just a few months."

From there, Gronlund attended Palomar College in San Marcos and earned an associate's degree in welding technology. His instructors were so impressed with his knowledge that Gronlund was invited by Palomar College to teach welding to other students.

Thereafter, Gronlund became a Certified Welding Inspector, and took on aerospace inspection assignments. He is certified to AWS D1.1, a Certified Welding Inspector (CWI) passing API 1104 with D1.1 endorsement, and is OSHA 30 certified.

Gronlund admits that "it's not feasible to have every certification, as they cost some bucks to keep a current codebook around. But they can be achieved and maintained if they open doors to new contracts."

"I study every night after work and will continue to take courses from the American Welding Society to learn the most effective solutions to todays welding problems," he said. "As you learn more, you open doors to new questions and realize that welding encompasses so many disciplines. The learning never stops."

When evaluating a prospective job, Gronlund studies the reference manuals and codes to determine what welding standard must be met.

He often proposes an alternative approach that can maintain the quality, yet reduce the cost of the final product.

Of course, Gronlund has the skills, equipment and certification to take on the kinds of welding projects that are frequently found on ranches, in workshops, warehouses, construction sites and food grade applications.

And he knows how to keep project costs down.

"I plan out my days in advance and spend as much time welding as organizing and improving workflow, Gronlund said. "I am the person to call to solve your problem. I intend to leave my customers feeling fairly priced and treated great along the way."

Now comes the good part for us wannabe welders: Gronlund teaches welding to students and adults at his North Coast Metal Works LLC shop in Crescent City. He can be reached at 707-218-6500.

Wow! Maybe that 10-year quest to build a yard art masterpiece will actually happen.

Redwood track turns in superstar performances

By COACH SCOTT LINDSAY
Guest Article

Redwood School held more than 50 athletes on the track team for the entire year. We attended five meets and posted many great times and distances.

Our last meet was the Del Norte County Meet. At that meet we had 76 personal bests recorded, and several great performances, including four first place finishes by 7th grader Lillie Franklin in the 100 and 200 meter sprints, and the 4x100 and 4x400 meter relays. Avery Ritter also logged four first place finishes with the same two relays as Lillie, and in both the 100 and 200 meter hurdles races.

Our 6 to 7th grade girls won their division of the meet by more than 130 points, which is incredible.

In the 8th grade competition, Hollyn Wakefield logged two individual first places in the shot and long jump.

On the boys side we had 7th grader Landed Balent log three first places, winning the 200, 400 meter races, and running a leg in the winning 4x100 meter relay. Sawyer Fry had arguably the best performance, logging an incredible five first place finishes in the 100 and 200 meter hurdles, the long jump, the 4x100 meter relay, and the high jump. His jump of 5 ft. 4-in. in the high jump tied the county record recorded in 1998 by Aaron Valley.

In 8th grade boys Deken Hanks chased the county records in the 100 and 200 meter sprints, falling just short of the records, but winning by long distances. He also won the long jump and ran a leg in the winning 4x100 meter relay. Jason Murphy also had four first place finishes with wins in the 100 and 200 meter hurdles, the high jump, and running a leg of the 4x100 meter relay.

Our 6-7th grade girls won their division of the meet by over 130 points which is incredible. Overall I was very happy with the kids' efforts and performances. I am excited to see what our 8th graders will accomplish at the high school next year. I am also excited for the bright future for track and field here at Redwood.

Natasha DeNicholas puts the shot. Below, Lillie Franklin leads three other Redwood girls. Lillie took first place in four events, including two relays with Avery Ritter.

'Tar balls' being cleaned up on Highway 199

The Triplicate

A cleanup contractor working under the guidance of a coalition of federal, state and local agencies has been successful in removing some of the asphalt-binding product that spilled into the Smith River from a truck incident last month.

Work conducted this week by Ancon Services focused on removing the tar-like material from the riverbank in the immediate spill area off Highway 199 near Gasquet.

Ancon Services also focused downstream cleanup efforts of tarballs within Jedediah Smith Redwoods State Park, part of Redwood National and State Parks. All reported tarballs within the park have been removed.

As of May 26, the threat of release from the source location has been mitigated and we anticipate there will be no additional product entering the river.

Work near the incident site will pause for the holiday weekend to reduce traffic congestion, since a single lane closure has been required for worker safety. In the meantime, recovery of product will be focused on other parts of the river where product has been observed.

Much of what's been observed downstream is small pieces of product. OSPR is investigating potential wildlife impacts. The Oiled Wildlife Care Network has been notified and is prepared to deploy if warranted.

Anyone who observes tarballs in the river or riverbank should not attempt to pick them up and report the sighting to tarballreports@wildlife.ca.gov.

Letters to the Editor

Masten will change Del Norte County

I don't believe I'm being overly dramatic when I say: on Tuesday, June 7th, we have a chance to change the trajectory of Del Norte County with a single vote.

That vote would be for 5th District Supervisor Susan Masten.

Here's why I will not leave this election up to chance...

1. She has served as Chair of the North Coast Small Business Development Center AND Commissioner and President of Klamath Chamber of Commerce. She KNOWS business in Del Norte.

2. She was the first person, running for public office, that did not hesitate to give me her personal phone number. She is not afraid of hearing what people have to say; good or bad.

3. She has powerful connections outside the Redwood curtain that can help get the support we need for our unaddressed economic and infrastructure issues.

4. And, most importantly for me personally, she cares about ALL of the people being born, growing up, working and living into elderhood in our county. She recognizes that all cultures, socio-economic groups and even visitors are a part of the big picture and ACTIVELY builds community with all of them.

If you haven't already voted, please do all of us a favor and bubble in Susan Masten, 5th District Supervisor.

Denise Doyle-Schnacker
Crescent City

Terri Colton is very dedicated to our community

I have had the pleasure of knowing Terri Colton in her role as a coach and with volunteer work with Jaycees. She is very dedicated to our community. Terri has been a strong role model for her family and community through her years of coaching and volunteering.

When she sets her mind on something she gives her all and leads by example to get things done. We are lucky to have a dedicated and supportive woman, such as Terri working for our community.

Honoring those who gave their all

Photos by Daniel J. Schmidt/The Triplicate

In Flanders Field is recited by Scott Rogers at the Veterans Cemetery. Holding the VFW Post 1381 flag is James Burgess. Top below, the Point of Honor, at the corner of Front Street and Highway 101 South honors those Del Norte County residents who gave their lives in armed conflict to preserve America's rights and freedoms. Second below, "Remember, Reflect, Respect." Crescent City Councilman Blake Inscore reminds those assembled at the City's Point of Honor that, while Memorial Day is a holiday, and for many, a day off work, for veterans who served during a time of war, it brings back sad memories of their fellow Soldiers, Sailors, Airmen and Marines who did not return home. Very bottom, Honor guard members Captain Phil Penner, Walt Fletcher, James O'Shaughnessey and Ted Harber salute the fallen service men and women and other veterans buried at the Veterans Cemetery in Crescent City.

Letters to the Editor

Terri Colton: deep roots, business background

I made the choice to run for District 5 supervisor because I care about this community. I am a proud graduate of Del Norte High School and have been volunteering for this community for decades.

My family and my community are extremely important to me. I'm proud of my two daughters, who live locally. Courtney is an escrow officer, soon to be married to Rick Candela a correctional officer. Caitlyn is an OB nurse and married to Richard Griffin, the Crescent City Police Chief. My father Ace Hartwick passed away in 1996, but my wonderful mother Jan Hartwick also lives locally.

Business Recruitment and Retention is key to creating a viable community. As a previous business owner, I understand how hard it is to thrive in a small community. Local support is just as important as leadership from our elected officials.

The experience that I bring to the table includes owning the Pacific Motor Hotel & Bottle Shop, managing restaurants and working in small business. Most recently, I served as the deputy director of the Yurok Tribe's Economic Development Corporation. In this capacity, I managed many businesses and employees successfully.

My strengths are in business development, finance, and tourism. My focus will include supporting our current businesses, and partnering with other entities to recruit new business, resulting in new jobs.

We have a housing crisis on our hands and I will work diligently to find new solutions for more affordable housing.

I will bring the same work ethic to the Board of Supervisors and will strive to create more opportunities for our families to thrive.

Terri Colton
Candidate, District 5

Susan Masten is the strongest candidate

It makes me hopeful see so many candidates running for Del Norte County District 5 Supervisor. However, there is no doubt that I will be voting for the strongest candidate, Susan Masten.

I'm voting for Susan Masten because no one else running for this seat has the political experience that Susan brings to the table. She created a tribal council, negotiated for Yurok Tribal fishing rights, and has been in the room with intertribal, local, state, national, and international leaders. She has the political will and experience to get the job done for District 5.

I'm also voting for Susan Masten because she is the only candidate that is in support of undamming the Klamath River. Since the 2002 fish kill, local river tribes, as well as river activists and environmentalists, have been fighting for dam removal.

We know what the science says: those dams have caused incredible damage to the Klamath watershed and continue to impact the health of our river and our fish.

Just last summer, 97 percent of our juvenile fish died because of the conditions in the Klamath. We do not have time to mess around with dam removal. We do not have time to stall. Negotiations about the science of dam removal have been going on for decades, and none of the other district supervisors have ever been a part of that process.

Susan Masten isn't scared to stand up for the river or the fish. She isn't afraid to put this issue, which is undeniably a Del Norte issue, to our county leadership.

Lastly, a vote for Susan Masten is a vote for all of us because she believes in a future that includes the voices of the people. I want a Supervisor who empowers, listens to, and works for the people. That candidate is Susan Masten.

Chrystal Helton
Klamath

Susan Masten is accessible to all county residents

My name is Mary Jackson. I was born and raised in Crescent City. My husband, Sherman Jackson and I have committed ourselves to serve as employees of Sutter Coast Hospital, coaching soccer, and were flight nurses to help transport our neighbors safely to other hospitals.

We believe our community is the best place to raise children. We all benefit from enjoying our beaches, rivers, redwoods.

I believe Susan Masten is the best candidate for 5th District Supervisor. This is because of her experience at bringing diverse groups together to solve problems and get things done. Susan Masten has already demonstrated she can create partnerships to benefit our community.

Susan held 3 "Town Hall Meetings" where, with the input of Community members, identified five issues of concern. These issues are Public Safety, Youth and Education, Mental Health, Economic Development, and Housing.

If you would like to get your voice heard, give your input at email: MastenForSupervisor@gmail.com

Susan Masten has made herself accessible to all of Del Norte County residents and wants to hear your concerns, ideas and solutions. She is the most qualified candidate, and if elected, all of Del Norte County will benefit.
