

Bike Pump Park Era Begins at Beach Front Park

BY ROGER GITLIN
Country Media, Inc.

Despite the marginally dreary weather, hundreds of Pump bikers and skateboarders, families, friends and curious on-lookers attended the ribbon cutting ceremony of the Crescent City Pump track at Beach Front Park, last Saturday.

The excitement and energy for this event were palpable. Scores of kids, mostly on bikes, tested their skills on the new track.

The entire City Council and staff was on-hand to inaugurate the track.

Joe Gillespie of the Del Norte Trail Alliance welcomed a gathering estimated to be between 250-300 to the event.

In 2017, Gillespie was the initial impetus in bringing the idea to the Chamber of Commerce, Board of Supervisors and City Council in helping bring a track to Crescent City. State Prop. 68, the \$4 billion Parks and Water

Is Sunset High Graduate, Boxing Amateur Going Pro?

BY ROGER GITLIN
Country Media, Inc.

In the politically correct world of she/her and he/him, this conundrum can become a bit confusing in the sports world of traditional male competition, sometimes.

Sunset High 2018 graduate Kaylee-Ann Knight has the XX chromosome match that makes HER a female, the fairer sex gender and one who's flourishing in the world of pugilism; moreover, Kaylee is an aspiring boxing phenom. Kaylee-Ann is undefeated (10-0) in her amateur boxing career and she may soon enter the professional ranks of this traditional XY (Male) boxing sport.

Kaylee-Ann is a 2018 graduate from Sunset High who played basketball, volleyball and wrestled on the Del Norte High Boys team (before a girls team was established).

She began boxing training with Ron Otremba at Warrior Mixed Martial Arts (MMA) in 2018 and Bryan Sargent her

In 2020, Kaylee-Ann moved down to Sausalito where she admitted the new environment was

a bit of a culture shock coming from small town Crescent City. Kaylee found her team of trainers at the Lions Den, in Pittsburg

County Moves Forward on Fireworks Ordinance

BY ROGER GITLIN
Country Media, Inc.

Del Norte County is moving forward on adopting a Fireworks Ordinance.

After unanimously voting to adopt a first-ever Fireworks Ordinance, a public hearing was held at the October 22 meeting and the Ordinance, when passed, effectuates 30 days from yesterday's meeting.

In the wake of the tragic July 4th illegal fireworks explosions on South Beach critically injuring a four year old child and 14 others, the Fireworks Ordinance creates a mechanism for the County to enforce California's ban on "dangerous fireworks" through the administrative citation process.

The ordinance governs the imposition, enforcement, collection and administrative fines, related to possession, use, storage, sale

and or display of those fireworks classified as dangerous fireworks the California Health and Safety Code, with the exception of a pyrotechnic licensee.

The Ordinance bans ALL fireworks including Safe and Sane within Del Norte County campgrounds and Parks.

The eight page Ordinance may assess fines from \$1000-\$3000, with late charges from \$250 to \$1000, depending on the number of offenses committed in a one year period. All levied fines must be satisfied within 15 calendar days of the issuance of the citation.

School Bonds A,D,E,F and now H: The School District’s bouillabaisse Alphabet Soup?

By SAMUEL STRAIT

For those voters in Del Norte County who are not aware, the local school district has a budget each year that exceeds that of a small city. Soon to have shrunk to the Average Daily Attendance (ADA) school age of just 3,000, the Del Norte Unified School District (DNUSD) should re-think the Measure H tax. With all the high-powered geniuses employed by the District, the bunglers in the DNUSD office would be able to stay well within the constraints of a particularly generous budget. Disappointing !

Within that budget, as it exists with most functional adults who own property, the idea of maintaining said property including major projects is a significant part of that budget. All this should fall well within the budget that the District has to employ each and every year.

Considering over the last few years, administrators at the school district have had that generous budget, the \$25 million facilities bond, plus millions of additional COVID 19 money from both the State and the Federal government, and being able to gain further millions by virtue of allowing for State ADA based on 2019 enrollment, one would think that declining schools’ population would be the least of the District’s problems. Not True!

I am waiting for the deluge of hysterical messages from Chicken Little, “ The

Sky is falling, the sky is falling” from the supporters of Measure H, a \$59 million general obligation bond to be voted on November 5th. We will hear non- that-stop until then little Johnny has a bucket on his desk to catch water from a leaking roof, Suzie has to wear three sweaters and a coat because the heater in her classroom doesn’t work or poor Billy can’t use the bathroom because the tank lid for the toilet is broken. Laughable!

It is unfortunate that the District has to resort to such deceit, when the reality is, according to a DNUSD report this past July, that of the eleven school sites, only two are listed not in good or fair condition. Not a word about consolidating is mentioned, moving its student population to fewer school sites in light of declining enrollment, only concern for the loss of control over its student population. Pathetic!

The stark reality facing the school district is that it is not facing the imminent collapse of any of the District’s eleven school sites, or anything beyond needing to set aside money from the District’s budget for regular routine maintenance. Little Johnny doesn’t have a bucket on his desk, nor Suzie has to wear three sweaters and a coat to keep warm nor Billy is deprived of utilizing functional plumbing. Ridiculous!

The District’s greatest problem for which these elitist community scions

place the blame on the parents of the children who are supposed to be educating their kiddos, the elitists have shifted focus for far too long from education to indoctrination and unwanted intervention.

Parents have become the “bad guys,” the guilty party for not feeding, housing and seeing to their kids mental health needs and sundry other failings, to obfuscate the District’s failure to educate. The knee-jerk response is to add another letter to the alphabet soup and go to the public and demand more money to correct some irrelevant issue with the school sites. In this case it is to point to district’s aging schools.

Kids who wish to be educated, could care less about modernization and renovation. The kids will tend to resist indoctrination and intervention making education all that more difficult. The district’s feeble attempt to shift the blame for its failings will not change the dynamic by granting them \$59 million from the beleaguered taxpayer, nor will it contribute to the real task that schools are mandated to accomplish: EDUCATE

The DNUSD will do what it did with the previous \$25 million general obligation bond: SQUANDER the funds with very little to show for it but a miserable performance record shown by its students will forever and chronically relegate these kids to the next wave of dependents at the County’s Department of Health and

Human Services.

Keep in mind, while adding hundreds of dollars to the tax bills for property owners, renters will also feel the bite in their wallets. A successful Bond passage will not change the dysfunction that was revealed during the COVID years. More money for the local school district to waste on mythical modernization and rehabilitation projects will not change the direction that the Del Norte Unified School district has embarked upon, which sadly excludes educating our children.

Furthermore, \$59 million does not equate to the total of what it will cost for repayment. A bond is but another word for loan and the interest alone will likely push the total to well over \$100 million. Couple that with the fact that for next thirteen years the repayment will run concurrently with the previous \$25 million dollar bond, making hundreds of dollars added to the already high cost on your property tax statement, impacting property owners hammered by inflation, particularly those that are poor, seniors, and the handicapped as well as their children.

The time has come to tell the school district and all other taxing authorities that the era of free spending agencies with huge budgets which do not accomplish their appointed tasks should not expect more money from the public with the same results: Failure!

I urge you to Vote NO on Measure H.

Support for Measure H School Bond

As any homeowner knows, the older a home gets, the more repair it needs. It’s not glamorous work to replace a roof or modernize the plumbing, but it must be done. Furthermore, building codes and standards have changed, so while some infrastructure might work still, it must be replaced because it is out of compliance.

Now imagine you have eleven homes and the average age of those homes over 60 years old. The oldest home is 95 years old and has never been truly brought up to modern standards.

This is the situation we find ourselves in the Del Norte County Unified School District. We have eleven schools across our county that are aging and no longer meet today’s educational, safety, or technological standards. But even as we consider major renovations, we need to pay attention to the learning environment for our students in our existing schools.

Students go to schools that lack proper

heating systems. Imagine yourself in a work environment or a home without an appropriate HVAC system. There are leaks in the roof. The plumbing gets backed up.

Our technology and science classrooms are decades out of date in most schools. We need to add or expand our career technical education classrooms to provide our students with the skills necessary to get good paying jobs.

The classrooms and school facilities were built at a time when safety and security were not even a consideration. Recent tragedies at schools throughout the country demand that we take steps to improve campus security to better protect our students.

It is not easy for our Board of Trustees and administration to go to the voters in our district and ask them to spend \$59 million on repairs, renovations, and construction projects. But there is no other way. If we take this approach, the state of

California will provide us with millions more in money to match what we are spending to help pay for these improvements. These funds will be significant – tens of millions of dollars in investment in our schools, economy, and community.

Some people have argued that maintenance repairs should come out of the current budget. Yes, that would be ideal. But school funding does not work that way. The per-pupil funding that the district receives from the state government is to be used for the day-to-day education of our children, not the bricks and mortar around them.

We have also heard from people who worry that the money they authorize will not be spent on the schools as promised. I would remind those folks that California law requires that funds from a local measure must be spent locally and cannot be grabbed by another government agency, including the State. None of the money

can be used for teacher or administrator salaries. It will not be used for the proposed Performing Arts Center. There is an independent citizens’ oversight committee made up of local residents – not friends or employees of the district – who act like consumer watchdogs to make sure the money is appropriately spent. There is an independent audit of the money and how it is spent.

We believe the time has now come to renovate and expand our schools, and we think that Measure H is the solution. We hope you’ll take the time to review Measure H on this upcoming November ballot. It is a well-considered, responsible program that deserves your consideration, and we hope you’ll join us in voting YES on H.

Measure H Committee, the lobbying arm of the Del Norte Unified School District.

LETTERS TO THE EDITOR

Dist. 2 State Assembly Candidates by Alicia Williams Crescent City resident, activist and community builder. October 14, 2024

I asked State Assembly candidates, Mike Greer & Chris Rogers for a public debate. Mike Greer personally was available but since Chris was not, I emailed questions regarding concerns in our rural area: Mental health, Drug/addiction, Homelessness crisis, School District failing students

Mike Greer’s reply “...I have offered you an opportunity to meet at

a public place and you refuse because why? You’re afraid people might hear what you say? Don’t blame me for not debating but Chris who won’t come back up “. Mike chose not to answer a single question and instead blamed both Chris Rogers and myself for “refusing to debate”. More disturbing is that he’s on DN County School Board but decided not to discuss policy at all, much less on education of which he claims to want to improve on his website, www.mikegreer-assembly2024.com, under “Issues” at top of page. I

was baffled by his website, “... I pledge to be a voice for you - to listen, engage, and advocate for your needs and concerns. Your participation is crucial, and I encourage you to join me in town hall meetings and other community events to make your voice heard.”

Chris Rogers team Beth Erotas-Steffy responded: “...I will not be able to respond to all of your questions, but I encourage you to view his web site...”. On www.chrisrogersforassembly.com note education isn’t addressed: Insurance, Climate Change, Hospitals/Healthcare, Rural

Economy, Homelessness, PG&E rate reduction.

I hope voters consider temperament and integrity in their vote for CA State Assembly to represent their communities at the Legislature, write & vote on bills, annual state budget, & serve on policy committees.

Alicia Williams, Crescent City

I urge fellow citizens to support Proposition 33, a necessary measure to address our growing housing crisis. Rent control is a critical tool in protecting tenants from the preda-

tory behaviors that have become all too common in today’s housing market, especially from large landlords and LLCs. These entities often prioritize profit over people, raising rents exorbitantly and displacing families, seniors, and hard-working individuals.

Prop 33 offers stability for renters, ensuring that rent increases are reasonable and predictable. In cities without rent control, we see the devastating impact of unchecked rent hikes, pushing many to the brink of homelessness or forcing them to leave communities they’ve called home for

years. It’s not just a tenant issue—it’s a public issue that affects us all.

Opponents argue that rent control stifles development, but the truth is, many large property owners and corporations exploit the current lack of regulation. Prop 33 is a necessary step to bring balance to the rental market and protect our most vulnerable populations.

Let’s stand together and vote YES on Prop 33.

-Terry Dean Brooks, Crescent City

Crescent City was among the 100 parks to receive the funds to attract, (American Ramp Company) design and construct Crescent City’s unique million dollar pump track.” Plans include adding sanctioned timing devices and categorizing age group competitions in the different modes of self-propulsion: bicycles, skateboards and online roller skates in an effort to stage multiple annual events which would include commercial opportunities. Gillespie

continued, “Pump Tracks are a huge economic driver. It’s up to you kids to create a culture of caring, sharing and helping one another.” After Gillespie’s presentation, groups of 20 “pumpsters” took to the track. Ten GT bikes were given away. Wal-Mart Crescent City donated other bikes. 80 helmets and other gear were also given away. Redwood Medical Office, Cholwell, Benz and Hartwick, Sea Quake Brewery and Coast Central Credit Union each donated \$1,000. Large donations were also made by Crescent Ace Hardware and previously mentioned Wal-Mart.

Consent Agenda Record: a Verifiable Rubber Stamp

BY ROGER GITLIN
Country Media, Inc.

At the most recent Del Norte County Board of Supervisors Meeting, Public speaker Samuel Strait addressed supervisors in the public comments

section during the opaque Consent Agenda with some arguably disturbing information.

Strait disclosed the following:

In the 18 Regularly Scheduled meetings from

January through October 7, 2024, 457 different agenda items were discussed.

- 282 Consent Agenda items were passed (all unanimously).
- 111 of those items were presented by the County’s largest department. Dept. of

Health and Human Services.

- 61 of those Consent items were submitted by Administration.
 - 14 originated from Community Development.
 - 4 items were submitted by the Del Norte Sheriff.
- Strait lamented his concern to the five member Board, almost 62 percent

of Del Norte government is conducted by un-elected bureaucrats. He asked for more disclosure and transparency during these “rubber stamp” votes. Upon completion of his public comments, supervisors voted unanimously for another dozen items, with no discussion by any of the elected.

Her next tournament is a biggie.

Kaylee and team are heading down to Mexico for the “Guerra en la Frontera” Tournament this week-end (10/25-10/27) which has a rule for no headgear and 10 ounce gloves for the elite female division. Kaylee admits it’s a risky move sans headgear and lighter gloves but her goal is to become a professional which competes with no headgear and light-weight gloves.

Kaylee plans to compete

in the 2024 USA Boxing Nationals in December in Richmond, Virginia. If Kaylee prevails in Richmond, she’ll be ranked in the Top 10 in her 132 pound weight division. Her plan is to turn pro in 2025 or whenever her team feels she’s ready. Her coaches are Wali Herawi, Joseph Peres and Cordell Pearson.

Kaylee-Ann Knight has a Go Fund Me Page entitled, “Donate to Support Youth Boxers Chase their

PET OF THE WEEK

Rolly

Rolly is a friendly boy, who was around young kids at his foster home, and he did very well with them and other dogs. He’s a curious & loving boy, seems to be potty trained, and is just a great puppy! Please do research on Dalmations if you have no experience with them.

street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call or (888) 902-3989 or visit these internet websites or www.nestortrustee.com, using the file number assigned to this case 2024-08820-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANTS: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and

highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call or (888) 902-3989 or visit these internet websites or www.nestortrustee.com, using the file number assigned to this case 2024-08820-CA to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. WHY THE FIRST FIVE FEET?

Embers from a wildfire will often settle in the five feet around structures. Removing combustible material is key to reducing ignitions.

The facts on five feet

How five feet of space could save your home during a wildfire.

TIPS FOR DEFENSIBLE SPACE

Defensible Space is an area around your home (out 100 feet or to your property line) which is free from flammable material or vegetation. A 2019 CAL FIRE study found that structures were five times more likely to be destroyed by wildfire if they didn't follow defensible space guidelines. Additional research shows that the area immediately surrounding the home is the most critical for preventing ignition from embers.*

Here are a few simple steps to create five feet of defensible space around your home:

1 Remove bushes, trees, and plants within five feet of your home

2 Clear out pine needles and debris from your gutters and roof

3 Move BBQ grills, patio furniture, and anything combustible from the sides of your home
