Happy customer said "I have been going to Wing Wah since I was a kid. I have moved and traveled a lot and have been to so many different Chinese food restaurants, no one ever beats Wing Wah. The owners are hard-working wonderful people and the staff is accommodating and friendly. I have never had a bad experience. And I have only ever

been to one Chinese food restaurant that I thought their food was as good as Wing Wah. I will even make sure to stop there if I am traveling in the area and it is just as good and friendly as it has always been."

"During the time of crisis in California, The Chart Room has really stepped up for Crescent City. I called in 2 small orders of fish and chips and clam chowder. California Auto Image
215 W Washington Blvd

California Auto Image is a family-owned and operated business. Since January 2000, we have poured our love and hard work into each individual vehicle that has come through our shop. It all began at the age of 14 years old when I developed a passion for buying, restoring, and reselling old Volkswagen bugs. If you asked my wife she would tell you that she spent many of our early dating years in a grubby old shop watching me pound away at my latest project.

Our hard work, passion, commitment, and customer service will give you an experience you have never had with an auto body repair shop.

Cholwell, Benz and Hartwick has been helping Del Norte County residents with their finances for more than 50 years, according to Managing Partner Kevin Hartwick.

Over the years CBH has become a mainstay in the Triplicate's Readers Choice awards, as it took first place in the Financial Services category for the seventh year in a row in 2020. Cholwell, Benz and Hartwick, together with their affiliate CBH Financial Services, provide a wide range of services to various individuals and businesses in the community. "As the CPA firm part, we offer help in not only tax and accounting issues but we also help small to midsize companies in the role that maybe a Chief Financial Officer might normally play," Hartwick said. "We also advise our clients, from small to large, on solid accounting procedures

as well as giving financial advice on many real estate transactions. On the medical billing side, which is CBH Financial Services, we provide medical billing services to hospitals, doctors offices, and all kinds of medical specialties." No matter what brings customers into Cholwell, Benz and Hartwick, Hartwick said they can expect to be a priority. "I think customers appreciate that they are the most important part of this office when they come through the door," Hartwick said. "They are what makes our business go and grow, and we want to make sure we treat them with the utmost respect, and we want to make sure that we meet

or exceed their needs." After 50 years in the area, Cholwell, Benz and Hartwick are showing no signs of slowing down any time soon. "We really appreciate being a part of the business community in Del Norte County, and we look forward to many years to come of serving this area," Hartwick said.

The Enchanted Florist at En Vogue has become a mainstay in the Triplicate Readers Choice Award, earning the readers pick as the top florist in the county for the fourth straight year. It is the first time that co-owners Jack Heinsoo and Dean Valero have been recognized by the Triplicate readers, however, after taking over the store last June. Heinsoo and Valero have put a lot of work into the business, but have also worked to maintain the charm that has made Enchanted Florist one of the best in the area for years. "We have expanded the store and are just trying to continue the tradition that Diana had for 38 years," Heinsoo said. "We have done a lot of stuff online with Facebook, social media and all that." Heinsoo said he believes that the shop's personal attention to detail, as well as their attention to their customer's desires are what set Enchanted Florist at En Vogue apart. He said he appreciates all the support that they have gotten from their local customers. "Thanks for voting for us, we are here for you," Heinsoo said.
