AMERICAN HEARING  
**FREE** HEARING AID TRIAL 

There's that point in time we all reach. It's inevitable.

We have trouble hearing conversations in groups or loud environments; we often ask others to repeat themselves; we're told the TV volume is way too loud.

If this rings true to you, you're a perfect candidate to be a trial participant.

As a participant, you will be fit with newly released hearing instruments and asked to wear them in all your personal listening environments.

This new technology will provide you with an incomparable hearing experience so you can stay connected socially with clearer speech understanding, plus improve your overall well-being.

**Try hearing aids. At no cost to you. Find out if they're right for you.**
