- it cost you nothing to learn how EcoSource can keep your employees healthy & your facility clean!
- A company with 100 employees can reducing absenteeism and save about \$4,600 a year by using EcoSource for their janitorial needs

## EcoSource has over a 98% Renewal Rate

EcoSource and its partners have pledged to use only products, techniques and systems which reduce or eliminate any negative environmental impact. Experience allows us to immediately reduce your facility's carbon footprint and decrease airborne toxins, dust and allergens.

## Good News, Everyone

EcoSource works with green-certified standards to make your staff safer, healthier and happier. Over time this saves you money and helps your business help the world.

450

EcoSource services over 450 commercial properties in Massachusetts and New Hampshire

## Clean Facilities are Healthier Facilities

At EcoSource, we don't just use safe chemicals and clean, new cleaning equipment – we bring the most professional and well trained staff to your facility as well. To that end, we are constantly looking at how to improve our services to improve our clients' overall experience of convenience, savings, health and environmentally sound systems.

The EcoSource facility cleaning service is the heart of our business. From the way we treat our employees, train our cleaners, the environmentally friendly products use and the care we put into thoroughness and communication with all our clients. See how we can make a difference in the quality of your cleaning.
