## B.O.L.O. ALL OFFICERS

It has come to our attention through the New Hampshire Gun-Line in Concord that Ian Macpherson [REDACTED] formerly of Bean Rd. now in Nashua at 23 Temple St. has attempted to purchase a firearm from a gun shop in Chester NH. As most of us know, he has serious mental health issues which may include [REDACTED] The reason he is trying to procure a firearm are unclear but certainly should raise some concern. I have sent a letter to the Gun-Line outlining the dealings we have had with him over the years. They have no plans on authorizing any retail purchase of a firearm but that would certainly not prevent him from obtaining one privately. Use a great deal of caution should you have contact with him.

IAN MACPHERSON
