

PRESS RELEASES & NEWS

Q. Do I have to pay to put my campaign news in The Valley Breeze?

A. No. We are happy to include three press releases of no more than 150 words in the three weeks before your contested election race concludes on voting day. These will be edited for length, so you might as well hit the mark on your own. If you want your message to appear in exact form, that would have to go to advertising.

Q. Why The Breeze?

A. We have worked long and hard to build a reputation for integrity and honest reporting, and local voters have come to rely on our experienced staff to tell them what's happening in local races, good or bad. Some 81 percent of our readers tell our independent auditor that they vote. Breeze readers are engaged in their communities, and they will vote.

Q. How do I get my information to you?

A. Email news@valleybreeze.com This is the best way to send your news.
