DRAFT

Elementary Attendance Area Adjustments¹

March 2019

Sources: Dane County, Verona Area School District, MDROffers Consulting

¹ This map represents one of several potential alternatives for how the VASD's elementary attendance areas could be adjusted starting in the 2020-21 school year. It is a draft intended for discussion among the Attendance Area Advisory Committee. This map is NOT a final proposal for attendance area adjustments. This map also assumes no changes in current policies related to the District's charter schools or two-way immersion (TWI) program.

² Presented enrollment statistics represents total VASD resident enrollment for each neighborhood, including in charter schools and the TWI program.
