PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1. INTENT OF THE PARTIES. Subject to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the District shall, in accordance with the provisions of TEXAS TAX CODE § 313.027(f)(1), be compensated by the Applicant for any loss that the District incurs in its Maintenance and Operations Revenue as a result of, or on account of, the Parties' entering into this Agreement. Such compensation shall be independent of, and in addition to, all such other payments as are set forth in Article V and Article VI. Subject only to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the risk of any negative financial consequence to the District as a result of Applicant's location of Applicant's Qualified Investment and Applicant's Qualified Property in the District and the Parties' entering into this Agreement will be borne by the Applicant and not by the District and be paid by the Applicant to the District in addition to any and all payments due under Article V and Article VI.

The Parties expressly understand and agree that, for any Tax Year to which this Agreement may apply, the calculation of negative financial consequences will be defined for such Tax Year in accordance with Applicable School Finance Law, as defined in Section 1.2 above, and that such definition specifically contemplates that calculations made under this Agreement may periodically change in accordance with changes in Applicable School Finance Law. The Parties further agree that printouts and projections produced during the negotiations and approval of this Agreement are: (i) for illustrative purposes only, are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party; (ii) based upon current Applicable School Finance Law which is subject to change by statute, by administrative regulation (or interpretation thereof), or by judicial decision at any time; and (iii) may change in future years to reflect changes in Applicable School Finance Law.

Section 4.2. CALCULATING THE AMOUNT OF LOSS OF MAINTENANCE AND OPERATIONS REVENUES BY THE DISTRICT. Subject to the provisions of Section 6.4, the amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year during the term of this Agreement (the “**Revenue Protection Amount**”) shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula. The Parties agree that, notwithstanding any other provision in this Article IV, such payments shall satisfy Applicant’s obligation to the District for loss of M&O Revenue pursuant to this Article IV.

A. The Revenue Protection Amount owed by the Applicant to the District means the Original M&O Revenue minus the New M&O Revenue;

Where:

(i) “Original M&O Revenue” means the total State and local Maintenance & Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Applicant’s Qualified Property and/or the Applicant’s Qualified Investment been subject to the District’s adopted ad valorem Maintenance and Operations tax rate actually levied for the applicable year, calculated in accordance with TEXAS EDUCATION CODE Section 48.256(d).

(ii) “New M&O Revenue” means the total State and local Maintenance and Operations Revenue that District would have received for such school year, calculated in accordance with TEXAS EDUCATION CODE Section 48.256(d), with the Limitation Amount specified in Section 2.4 applied to Applicant’s Qualified Property and/or the Applicant’s Qualified Investment been subject to the District’s adopted ad valorem Maintenance and Operations tax rate actually levied for the applicable year, and the tax collection rate for all tax accounts in the District presumed to be one hundred percent (100%).

B. In making the calculations required by this Section 4.2:

(i) The Taxable Value of property for each school year will be determined under the Applicable School Finance Law as that law exists for each year for which the calculation is made.

(ii) For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%).

(iii) If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.

(iv) For all calculations made for any year during the tax Limitation Period under this Section 4.2, the New M&O Revenue will reflect the Tax Limitation Amount stated in Section 2.4 for such year.

(v) All calculations made under this Section 4.2 shall be made by a methodology which isolates the full M&O Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or any other factors not contained in this Agreement.

Section 4.3. COMPENSATION FOR OTHER DISTRICT FEES. Applicant shall reimburse District for any other costs to the District (including costs under Section 8.6(C) below), subject to the limitation set forth in Section 4.4 below, which are directly and solely attributable to compliance with State-imposed requirements relating to this Agreement.

Section 4.4. CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Article IV shall be made annually by an independent third party (the "Consultant") selected each year by the District, subject to written approval by Applicant. Applicant shall be solely responsible for payment of the Consultant's fees and other District fees and expenses up to a total of (i) TWELVE THOUSAND DOLLARS (\$12,000.00) for any Tax Year during the Tax Limitation Period and (ii) SIX THOUSAND DOLLARS (\$6,000) for any Tax Year not included in the Tax Limitation Period and for which Comptroller Biennial reports are not required. This fee may be increased each year of this Agreement by not more than FIVE PERCENT (5%).

Section 4.5. DATA USED FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified tax rolls submitted to the District pursuant to TEXAS TAX CODE § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Consultant selected under Section 4.4. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Consultant to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data

utilized by the Consultant shall be adjusted from time to time by the Consultant to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax rolls or any other changes in student counts, tax collections, or other data.

Section 4.6. DELIVERY OF CALCULATIONS. On or before December 1 of each year for which this Agreement is effective, the Consultant appointed pursuant to Section 4.4 of this Agreement shall forward to the Parties a certification containing the calculations required under Section 4.2, Section 4.3, and Article V, VI and 7.1 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Consultant shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Consultant's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Consultant shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Consultant shall preserve all documents pertaining to the calculation and fee for a period of five (5) years after final payment hereunder. The Applicant shall not be liable for any of the Consultant's costs resulting from an audit of the Consultant's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement.

Section 4.7. PAYMENT BY APPLICANT. The Applicant shall pay, any amount determined to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Consultant for all calculations under this Agreement under Section 4.6, above, plus reimbursement for any other District fees due under Section 4.3.

Section 4.8. RESOLUTION OF DISPUTES. Should the Applicant disagree with the certification prepared pursuant to Sections 4.2, 4.3, or Articles V and VI, the Applicant may appeal the findings, in writing, to the Consultant within thirty (30) days of receipt of the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Consultant will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of certification containing the calculations to the District's Board of Trustees, in writing, within thirty (30) days of the final determination of certification containing the calculations. This section does not limit any other recourse available to the Applicant.

Section 4.9. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Consultant selected under Section 4.4 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and such appeal remains unresolved, the Consultant shall base its calculations upon the values placed upon the Applicant's Qualified Property by the Appraisal District. The calculations shall be readjusted, if necessary, based on the outcome of the appeal as set forth below.

If as a result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination

of the new Taxable Value becomes final, the Parties shall immediately notify the Consultant who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Consultant.

Section 4.10. EFFECT OF STATUTORY CHANGES. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Sections 6.4 and 7.1, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State or another school district, because of its participation in this Agreement, the Applicant shall make payments to the District, up to the Revenue Protection Amount limit set forth in Section 7.1, that are necessary to offset any negative impact on the District’s Maintenance and Operations Revenue as a result of its participation in this Agreement—but, for the avoidance of doubt, only to the extent such negative impact exceeds the Revenue Protection Amounts calculated under Section 4.2. Section 6.3. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS

A. All calculations required by this Article shall be calculated by the Consultant.

B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator’s fees and expenses and the Applicant shall bear one-half of such mediator’s fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys’ fees) incurred in connection with such mediation.

C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Section 9.5. LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant,

the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make TEN MILLION DOLLARS (\$10,000,000) of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS. Pursuant to Section 313.0276 of the TEXAS TAX CODE, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1.C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of TEXAS TAX CODE, and that determination is final.

Section 9.8. REMEDY FOR FAILURE TO CREATE AND MAINTAIN COMMITTED NEW QUALIFYING JOBS.

A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.

B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the market value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.

C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.

D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

EXHIBIT 3

APPLICANT'S QUALIFIED INVESTMENT

Applicant is requesting an appraised value limitation for all property constructed or placed upon real property located in Bloomington ISD in Victoria County that would be used for a proposed full-conversion crude refinery development (the "Project").

The proposed Project consists of dual 125,000 bpd crude processing trains (with total capacity of 250,000 bpd); 4 million barrels of storage capacity; electrical supply, generation, and distribution assets; a hydrogen production complex with carbon capture technology; a carbon sequestration complex; improvements to house operations, administrative offices, supply, and maintenance; and equipment warehouses.

The Project's major components would include:

- Crude distillation towers
 - This equipment operates to separate the various components of crude oil by size, weight, and boiling point.
- Naphtha and Diesel Hydrotreaters
 - This equipment removes sulfur and other contaminants from intermediate streams before blending into a finished refined product or before the stream is fed into another refinery process unit.
- Isomerization Units
 - This equipment converts light naphtha into a higher-value gasoline blendstock by changing its molecular shape and raising its octane. The primary product of isomerization is called isomerate.
- Continuous Catalytic Reformers (CCR)
 - This equipment performs a chemical process that converts petroleum refinery naphtha distilled from low-octane oil into high-octane liquid product called reformates, which are premium blending stocks for high-octane gasoline.
- Hydrocrackers
 - This equipment uses hydrogen and a catalyst to break down heavy crude oil molecules into various distillates and gasoline.
- Hydrogen Complex with Carbon Capture
 - This equipment performs autothermal reforming, electrolysis, and carbon capture processes. Autothermal reforming is a process used for producing syngas, composed of hydrogen and carbon monoxide, by partially oxidizing hydrocarbon feed with oxygen and steam and subsequent catalytic reforming. Electrolysis uses electricity to cause the decomposition of water into hydrogen gas and oxygen gas. Carbon capture is the process of capturing carbon dioxide before it enters the atmosphere, transporting it, and then storing it (carbon sequestration).
- Renewable Diesel Unit
 - This equipment produces fuel from non-fossil renewable resources, including agricultural or silvicultural plants, animal fats, residue, and waste generated from the production, processing, and marketing of agricultural products, silvicultural products, and other renewable resources.

In addition, the Project would include the following improvements:

- Process, Operation, Laboratory, and Office Buildings
- Electricity generation (solar, waste heat, and peaking plant) complex
- Water and Wastewater production and recycling complex
- Carbon sequestration complex
- Warehouse for parts and equipment

- Warehouse for Maintenance
- Warehouse for Hazardous Materials
- Battery Storage
- Control Room
- Crude Oil Loading and Unloading Headers
- Rail Spur and Sidings
- Piperack
- Manifolds and Pumps
- Unfinished and Finished Gasoline and Diesel Storage Tanks
- Low Sulfur and Zero Sulfur Storage Tanks
- Crude Oil Storage Tanks
- Ethanol Storage Tanks
- Liquid Petroleum Gas Storage Tanks

100% of the proposed Project would be located in the reinvestment zone and Project boundary within Bloomington ISD and will be considered qualified investment for this application. Battery storage will only store energy generated by the qualified property in this application.
