

WHO WE ARE

RESULTS DRIVEN: FAMILY & EMPLOYEE OWNED

Our family of radio stations took root in 1963, when we were one of the first radio groups to ignite the airwaves in Minnesota.

Al and Jean Leighton's insight and dedication to the art

of broadcasting remain the foundation of Leighton Broadcasting, a company led by CEO Bob Leighton, son of Al and Jean, with partial ownership by it's employees through an Employee Stock Ownership Program (ESOP).

Our company has stations throughout Minnesota, as well as North Dakota and divisions that transcend our radio signals in the digital, events

and promotional products arena making Leighton Broadcasting an innovative and powerful force in the marketing industry.
