SUBJECT: Ordinance Amending City Code Chapter 11-Economic and Community Development Department

SUMMARY RECOMMENDATION: It is recommended the attached ordinance amending the responsibilities assigned to the Economic and Community Development Department be approved.

BACKGROUND: The city's neighborhood revitalization objectives will require substantially more responsibilities being assigned to the Economic and Community Development Department for code enforcement, rehabilitation, housing and other services during the next several years. To enable the Economic and Community Development Department to focus on these added duties, I wish to reassign supervision of mass transit services and some economic development functions to others--likely the deputy city manager. The proposed ordinance will authorize this reassignment by the city manager.

POTENTIAL OBJECTIONS: None are known.

Resolution Authorizing the Execution of an Agreement with Clancy Coleman Excavating for the Demolition of Vacant Residential Dwellings at 1165 E. Clay; 1170 E. Condit; 114 S. Hilton; 432 S. Martin Luther King Jr.; 1315 E. Moore; 1532 E. Prairie; and 1598 N. Water

SUMMARY RECOMMENDATION:

Staff recommends approval of the attached resolution authorizing demolition of all seven (7) dwellings with Clancy Coleman Excavating for \$60,000.

BACKGROUND:

The seven subject dwellings are the first of approximately 50 additional dwellings that are to be demolished in the coming months. Bids were accepted on an individual property basis with a combined group discount for all seven properties. These 7 were the first ones to clear legal and environmental review. The combined group discount provided a savings of \$1,830 over individual bids. It is recommended that the low bidder be approved.

The resolution will authorize the demolition agreement between the City and Clancy Coleman Excavating.

It has taken several months for staff to resume a more aggressive pace of demolitions, in support of neighborhood revitalization objectives, now that additional funding has been secured to advance these efforts. While other demolitions have occurred earlier in 2019, they were in smaller quantities that did not trigger the spending threshold for City Council action. Now that staff is grouping demolitions in bid bundles of no less than 5, it is likely that more of the contract approvals will come to the City Council for approval. Additional demolitions authorizations are scheduled for council action in October.

POTENTIAL OBJECTIONS: No known objections to this resolution.

**PUBLIC WORKS MEMORANDUM
NO. 2019-147**

DATE: September 6, 2019

TO: Honorable Mayor Julie Moore Wolfe and City Council Members

FROM: Scot Wrighton, City Manager
Matthew C. Newell, P.E., Public Works Director

SUBJECT: Resolution Accepting the Bid and Authorizing the Execution of a Contract with Reyhan Bros, Inc. DBA Sangamo Construction Company, for the Main Street Bridge Over Stevens Creek Bridge Repair
City Project 2018-02
Section No. 18-00802-00-BR

SUMMARY RECOMMENDATION:

It is recommended that the City Council approve the attached Resolutions authorizing the Mayor to sign and the City Clerk to attest to the following items:

1. Resolution awarding the contract for the Main Street Bridge Over Stevens Creek Bridge Repair, City Project 2018-02, to Reyhan Bros, Inc. DBA Sangamo Construction Company as the lowest, responsible bidder in the amount of \$140,000 and that the Mayor be authorized to execute the contract and the City Clerk to attest. The resolution represents an expenditure of \$130,351.38 as the low bid plus \$9,648.62 for project contingencies.
2. Resolution appropriating \$140,000 in State Motor Fuel Tax (MFT) funds for the improvement of the Main Street Bridge over Stevens Creek.

PRIOR COUNCIL ACTION:

June 18, 2018 – Council approved Resolution R2018-77 authorizing an agreement with WHKS & Co. for Engineering Services in the amount of \$230,825.74 to provide design services to Improve the Taylor Road / Ward Branch and West Main Street / Stevens Creek Bridges.

June 18, 2018 – Council approved Resolution R2018-78 approving a Preliminary Engineering Services Agreement with WHKS & Co. and appropriating \$230,825.74 in motor fuel tax funds for the Taylor Road / Ward Branch and West Main Street / Stevens Creek Bridges Improvement.

BACKGROUND:

City staff conducts routine bridge inspections of 29 bridges throughout the City. During the 2017 inspection of the West Main Street Bridge over Steven’s Creek, erosion had exposed some of the steel piles that support the east and west ends of the bridge. An inspection of the exposed piles revealed that at least one of the piles had rusted through (see photo sheet in Appendix A) and some of the piles had significant rusting. While the overall condition of the West Main Bridge is good and the bridge is safe for traffic, it is necessary to repair the damaged piles and keep them from further corrosion insofar as possible.

The project will reinforce the damaged pile and encase with concrete all the remaining piles to assure their continued safety from exposure.

Project Letting

The project scope and specifications were prepared by WHKS & Co. and approved by the Illinois Department of Transportation (IDOT) for the use of Motor Fuel Tax funds. The project was advertised on August 21, 2019, and bids were opened on September 5, 2019. The results of the letting are as follows (bid tabulation attached):

<u>Bidder</u>	<u>Bid Price</u>	<u>Compared to Engineer's Estimate Over (-Under)</u>
Reyhan Bros, Inc. dba Sangamo Construction Company	\$130,351.38	(4.38%)
Halverson Construction Co., Inc.	\$167,961.20	23.21%
Otto Baum Co., Inc.	\$181,848.16	33.40%
Engineer's Estimate	\$136,317.90	--

Sangamo Construction Company provided the lowest responsible bid at 4.38% under the engineer's estimate. Sangamo is currently performing the reconstruction work on the Mound Road bridges. They are a well-respected bridge construction firm in Illinois. Following approval by the Mayor and City Council, the contracts and bid tabulation will be forwarded to the Illinois Department of Transportation for final approval in accordance with the rules governing the disbursement of State Motor Fuel Tax funds.

MINORITY PARTICIPATION GOALS ON STATE MOTOR FUEL TAX FUNDED PROJECTS:

The City receives State Motor Fuel Tax funds which are used to perform contract maintenance on streets and bridges on a regular basis. Section Number	<u>18-00802-00-BR</u>
Route	<u>FAU 7386 (MAIN ST.)</u>

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.

2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.

4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

RE: City of Decatur
Main St. Bridge Repairs
Bid Analysis and Recommendations

Dear Mr. Caswell:

Three Construction bids were received for the Main Street Bridge Repair project on September 5, 2019. The bids received are shown below in increasing order.

Construction Company	Total Bid
Sangamo Construction Company	\$ 130,351.38
Halverson Construction Company	\$ 167,961.20
Otto Baum Company	\$ 181,848.16
Contractor Average	\$ 160,053.58
Engineer's Final Opinion of Probable Cost	\$136,317.90

The Opinion of Probable Cost prepared by WHKS was \$136,317.90. Repair work of this nature is hard to quantify and variability in unit prices and total bid prices is common. This explains why the Engineer's Opinion of Probable Cost is about 20% lower than the average of the bids received.

Since the lowest bid is within 5% of Engineer's Opinion of Probable Cost, the low bid appears to be acceptable. In addition, the two lowest bids are from local, reputable bridge contractors familiar with this type of work. Based on this information, we have no reservation in awarding the contract based on the bid numbers received.

Please feel free to contact me at your convenience if you wish to discuss the bid analysis in more detail.

Sincerely,

WHKS & co.

SUBJECT: Resolution Accepting the Bid Price of Bob Ridings Ford Inc. for the Purchase of One (1) 2020 Ford Interceptor Hybrid Utility Vehicle

SUMMARY RECOMMENDATION: Staff recommends awarding a contract in the amount of \$52,465 to Bob Ridings Ford, Inc. for one (1) 2020 Ford Interceptor Hybrid Utility Vehicle. The listed cost includes the cost of the vehicle and Police Department required upfitting.

BACKGROUND:

The City of Decatur Police Department has requested one (1) new vehicle to replace one (1) 2017 Ford Interceptor Utility that was totaled in a vehicle accident.

The vehicle being replaced is:

One 2017 Ford Interceptor Utility with 23,659 miles.

The replacement vehicle is estimated to be delivered in 120 days.

Upfitting

This vehicle will be used as a command vehicle by the Police Department. The upfitting is reduced from that of a normal police interceptor by not including the prisoner cage. The upfit includes all emergency lights and siren/speaker, weapon mounting rack, equipment connections for the computer and camera systems, communication antennas, battery chargers for wireless microphone and necessary wiring and hardware as required for installation.

Proposed Hybrid Vehicle

The trend in fleet vehicles is moving toward more environmentally friendly with a reduced reliance on fossil fuels and also reduced operating costs.

Some options being put into use are Compressed Natural Gas, Propane, Electric and Hybrid vehicles. A Hybrid is primarily a standard gasoline powered vehicle with an electric motor assist as part of the powertrain and battery power for accessory operation without the engine

running. The Hybrid does not require being plugged in to recharge the battery, the vehicle recharges itself.

The added cost of a hybrid vehicle over a standard police interceptor is about \$3,475 (the hybrid bid is cheaper than the interceptor bid due to the reduced upfitting charges noted earlier). Using the calculated benefits provided by Ford, there will be an estimated annual savings in fuel and maintenance of \$2,400 and an annual 15,700 lb. reduction in CO2 emissions.

Should the Hybrid system prove feasible and be expanded to police interceptor vehicles the annual cost savings would be greater considering the patrol vehicles are driven more miles annually than the Command vehicles.

Computer Components

The City will need to acquire computers and cameras for the police vehicles around the time of the expected delivery in 3-4 months. It is estimated that these future costs will be about \$12,000 per vehicle and will be presented to Council at a future meeting.

DISPOSAL OF REPLACED UNITS: The totaled vehicle will be sold as salvage.

PRIOR COUNCIL ACTION:

None.

POTENTIAL OBJECTIONS: There are no known objections.

INPUT FROM OTHER SOURCES:

Fleet Maintenance wrote bid specifications based on Police Department requirements.

LEGAL REVIEW: There are no contracts for Legal to review.

RE: Disposition of Surplus Properties via Land Banking

One of the neighborhood revitalization strategies recently approved by the City Council is the use of a land bank, or an alternative land trust, to manage the hundreds of small tracks the city has acquired through foreclosure, demolition and tax sales, and the properties the city is about to acquire from Macon County—known as the Macon County Trustee lots. In total, these properties number more than 800 parcels. If the city forecloses on additional demolition liens, and/or accepts additional properties from Macon County, the total will increase further.

There are several options for managing such a large volume of miscellaneous lots spread all over the city: 1) internally manage a land trust with city staff or coordinate parcel disposition through outsourced land agents acting on behalf of the city; 2) create a land bank as anticipated by Illinois law and transfer most of the lots to this new entity for disposition; or 3) join with an existing regional land bank.

Because several cities in Illinois have become the owners of derelict and/or abandoned land, the State of Illinois has sought to incentivize the creation of land banks (especially regional land banks) with grant funds administered by IHDA. Land banks possess most of the real estate-related powers of local governments, including the ability maintain land, demolish structures, and to buy and sell improved and unimproved land. The city of Springfield was unsuccessful in their efforts to create a viable land bank, and had to return grant funds. They are using other strategies to manage their land inventory. Some other cities have tried to manage their own land banks with different levels of success. The most successful land banks in Illinois are regional consortiums that spread their administrative and overhead costs over multiple jurisdictions. One of these land banks is the South Suburban Land Bank & Development Authority, headquartered in Tinley Park. It is a 7-year old consortium of more than 30 local governments using the services of a common staff. Their mission and statement of purpose is:

The South Suburban Land Bank and Development Authority will facilitate the redevelopment of acquired properties through strategic partnerships with developers, community organizations, lenders, and local governments to improve quality of life, stabilize the tax base, and enhance economic activities that promote sustainable, healthy, and stable communities in a manner consistent with local government plans and priorities.

After examining the advantages and disadvantages of each of the three options listed above, staff believes that the best option for Decatur is to join an existing regional land bank. We have spoken with a newer regional land bank, the Vermilion County Land Bank Authority (VCLBA, that includes governments in Vermilion and Champaign Counties) and they are willing to add Decatur. They are also willing to change the name of the entity to the “Central Illinois Land Bank” to reflect the additional of more cities in the central Illinois region. Another factor arguing for a regional solution is IHDA’s preference for regional land banks. They have told the city of Decatur that they are more likely to fund regional land banks, and to fund them at higher levels. To advance a grant application for enlarging the Central Illinois Land Bank, we have been asked to enter-in to a Memorandum that is essentially a formal expression of our intention to join the Central Illinois Land Bank, if all of the governance and intergovernmental agreements can be successfully concluded with all parties. Action by the City Council does not contractually commit Decatur to join the Central Illinois Land Bank at this time; rather, it expresses our intention to do so at a future date, and it authorizes the city manager to negotiate the terms and conditions that would be included in a future intergovernmental agreement that would also be approved by the City Council in the future.

The current leadership of the VCLBA has agreed that the city of Decatur can join without paying any fees for the joint management of the land bank—for now. The enlarged land bank would support its staff, lot maintenance and overhead costs from the proceeds of the grant, and through the sale and development of property transferred to the land bank {the city of Danville splits the proceeds from land sales with the land bank}. The city of Decatur will have at least 2 seats on the board of the land bank. As the land bank grows and its governing board evaluates its administrative and operational costs, it is possible that the land bank board could elect to ask member local governments to contribute funds to the organization. This would likely occur only if the land bank assumes more responsibility for demolition, clearing, mowing and maintenance of properties transferred—in which case the city can examine whether it is cheaper to pay the land bank for these services or to pay them directly as they do now.

Under the regional land bank’s rules, the development of a project inside the corporate limits of a member local government by the land bank would have to be approved by that local government. Because the city will sit on the governing board of the regional land bank, and because the City Council will have effective veto power over projects advanced by the regional land bank in Decatur, I see no real advantage to attempting the launch of a stand-alone Decatur/Macon County Land Bank. Furthermore, our overhead costs would be higher and we would have a harder time securing grant funds from the State. The city of Decatur may transfer as many or as few parcels to the Central Illinois Land Bank as they wish.

It is recommended that the resolution be approved.

ARTICLE X

INDEMNITY AND INSURANCE

Section 10.01. General. Notwithstanding any provision in this Agreement to the contrary, individuals who serve as Directors, officers, employees and agents shall have all rights of indemnification and defense provided under law.

Section 10.02. Third Party Actions. The Land Bank shall hold harmless, defend and indemnify any person or Member, who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Land Bank) by reason of the fact that he, she or it is or was a Director, officer, member, employee or agent of the Land Bank, or who is or was serving at the request of the Land Bank as a Director, officer, employee, or agent of another Land Bank, partnership, joint venture, trust or other enterprise, against any amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Land Bank, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order,

settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, the best interests of the Land Bank, with respect to any criminal action or proceeding, that the person had reasonable cause to believe that his or her conduct was unlawful.

Section 10.03. Insurance. The Land Bank shall purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Land Bank, or who is or was serving at the request of the Land Bank as a Director, officer, employee or agent of another Land Bank, partnership, joint venture, trust or other enterprise, against any liability asserted against him/her and incurred by him/her in any such capacity, or arising out of his or her status as such.

Section 10.04. No Waiver of Governmental Immunity. The Members agree that no provision of the Agreement is intended, nor shall it be construed, as a waiver by any Member of any governmental immunity provided under any applicable law.

ARTICLE XI

COMMENCEMENT ADDITIONAL MEMBERS AND WITHDRAWALS

Section 11.01. Commencement. The Land Bank shall commence its existence as an intergovernmental entity when two (2) or more of the Members, whose names are set forth on Exhibit “A,” attached to and made a part of this Agreement have, by acts of their Corporate Authorities, approved this Intergovernmental Agreement and By-Laws document. Once in existence, the initial term of the Land Bank shall be for the remainder of that portion of the fiscal year to come, which shall end December 31.

Section 11.02. Additional Members. The Board of Directors may admit Members as members of the Land Bank upon a concurrence of at least two-thirds (2/3) of all voting members of the Board of Directors, appointed and serving. The Member may be admitted to membership under whatever terms and conditions the Board of Directors shall establish, but such new Members shall be subject to at least the minimum requirements, which apply to all other Members. By a unanimous vote of the Board of Directors, the power to admit new Members may be assigned to the Executive Committee under whatever terms and conditions are included within the authorizing motion. Additional “Members” shall be limited to units of local government in the State of Illinois.

Section 11.03. Withdrawal as a Party. Any Member to this Agreement shall have the right to withdraw as a party to this Agreement, and thereby terminate its participation in the Land Bank at the expiration of the first term and thereafter at any subsequent one-year term by giving sixty (60) calendar days advance written notice to all other parties to this Agreement. Upon the effective withdrawal of any Member to this Agreement, the Member so withdrawing will forfeit any and all rights to whatever funds or other assets the Member has contributed to the Land Bank. To the extent that any withdrawing Member incurs an obligation to the Land Bank prior to withdrawal, said Member shall remain legally and financially responsible for

that obligation after withdrawal.

Section 11.04. Expulsion of Members. By the concurring vote of at least two-thirds (2/3) of the Local Government Directors and also at least two-thirds (2/3) of the entire voting members of the Board of Directors, in each case appointed and serving, any Member may be expelled. Such expulsion may be carried out for one or more of the following reasons: (a) Failure to make payments due to the Land Bank; (b) Failure to transfer property to the Land Bank which it had previously agreed in writing to do; (c) Failure to maintain or clear property, prior to transfer to the Land Bank or at any time for which it had made a written pledge to carry out such activities;

(d) Failure to carry out any obligation of a Member which impairs the ability of the Land Bank to carry out its purpose or powers. No Member may be expelled except after notice from the Chairman of the alleged failure, along with a reasonable opportunity of not less than thirty (30) days to cure the alleged failure. The Member may request a hearing before the Board of Directors before any decision is made as to whether the expulsion shall take place. The Board shall set the date for hearing which shall not be less than fifteen (15) days after the expiration of the time to cure has passed. The decision by the Board to expel a Member after notice and hearing and a failure to cure the alleged defect shall be final in the absence of fraud or a gross abuse of discretion. The Board of Directors shall select the date at which the expulsion of the Member shall be effective. If the motion to expel the Member, made by the Board of Directors or a subsequent motion does not state the time at which the expulsion shall take place, such expulsion shall take place thirty (30) days after the date of the vote of the Board of Directors expelling the Members. A motion to expel a Member for the reasons set forth in Subsection (a) or Subsection (d) or more than one failure to cure may be made and be effective immediately after the vote of the Board of Directors expelling the Member. After expulsion, the former Member shall continue to be fully obligated for its portion of any payments due to the Land Bank or other obligations which were created during the time of its membership.

ARTICLE XII

ARTICLE XIII

DURATION, TERMINATION AND DISSOLUTION OF AGREEMENT

Section 13.01. Duration of Agreement. Except for the initial period of the Land Bank's existence, which extends until the beginning of the first complete fiscal year on January 1st, this Agreement shall remain in full force and effect for periods of one (1) fiscal year. At the beginning of each fiscal year, the Agreement shall be renewed automatically unless terminated in accordance with the provisions of this Agreement.

Section 13.02. Decision to Dissolve. A decision to dissolve the Land Bank and to distribute the Land Bank's assets in a particular manner in accordance with this Agreement shall require

a concurring vote of at least two-thirds (2/3) of all voting members of the Board of Directors, appointed and serving, and provided that written notice of such meeting has included a full description of the plan of dissolution.

Section 13.03. Dissolution and Distribution of Assets. In the event this Agreement is terminated, the Land Bank shall dissolve and conclude its affairs, first paying all of the Authorities' debts, liabilities, and obligations to its creditors and then paying any expenses incurred in connection with the termination of the Land Bank. If any assets remain, they shall be distributed to any successor entity, subject to a concurring vote of at least two-thirds (2/3) of the Local Government Directors and also at least two-thirds (2/3) of the entire voting members of the Board of Directors in each case appointing and serving. In the event that no successor entity exists, the remaining assets shall be distributed to the Members or in a manner as otherwise agreed upon by them.

Agreement Between the City of Decatur and Mueller Water Products, Inc. Regarding Grant Administration	Resolution Letter

September 12, 2019

TO: Mayor & City Council Members

FROM: Scot Wrighton, City Manager 

RE: Mueller Grant Agreement

Earlier this year the city received a grant in the amount of \$500,000 from the State of Illinois to assist the Mueller Water Products Company with their planned capital improvements on West Eldorado Street. The funds have already been received by the city. The grant, secured with the assistance of Senator Andy Manar, is routed through the Illinois Secretary of State's Office. The city has already adopted an agreement with the State governing how the funds will be distributed, but we have not adopted an agreement between Mueller and the city.

The attached resolution and grant agreement will meet this requirement and it will authorize the city to make reimbursements directly to Mueller in accordance with grant terms and conditions.

This grant, along with other incentives provided by the city of Decatur to Mueller, is just one part of the package of assistance the city is making available so that capital improvements and eventual job expansion can occur at both of Mueller's Decatur sites. It is recommended that the resolution and agreement be approved.

DECATUR FIRE DEPARTMENT
MEMORANDUM
 19-10

September 4, 2019

TO: Scot Wrighton, City Manager

FROM: Jeff Abbott, Fire Chief

RE: Monthly Report – August 2019

The fire department responded to 966 alarms in August. To date, the department has responded to 7291 alarms. The alarm total is 391 alarms less than the same period in 2018. Construction of the new Station 5 is progressing, with the estimated completion date of late October or November. Sites for the next two fire stations will be presented to the council soon. One new firefighter was hired and starts his training at the fire academy beginning September 9th. He will be in training for 8 weeks before he is assigned to a shift. The department is at full staff at this point. However, several retirements are going to occur in the upcoming months.

Training Division:

The Department's training for August 2019 focused on proficiently deploying and establishing effective hand line fire streams. This evolution required the apparatus operator to provide the correct pressures to different sized lines at different elevations. To increase the complexity of this evolution, the 2nd crew deployed a 1 ¾" & a 2 ½" hose line as the 1st crew advanced a 1 ¾" hose line to the 2nd floor of the training tower. The pump operator then had to quickly establish adequate flows from each line. The evolution was timed so members could see how their performance measured up with peers. The on-line components of this month's firefighter training consisted of a policy and procedure review, an Emergency Response to Terrorism refresher (part 1 of 4), and a video on utilizing a NY Roof Hook.

EMS training focused on Airway Emergencies with emphasis on anaphylaxis and the appropriate treatment for persons experiencing the inability to maintain their airway. Members reviewed protocols and management of such emergencies as assigned in Target Solutions and demonstrated proper techniques for utilizing airway adjuncts (Nasal, Oral, Endotracheal intubation, Combitube) and administering IV, IM and SQ medications.

Companies worked on pre-plans inspections throughout their territories and attended familiarization tours at Tate & Lyle. The tours focused primarily on the locations of high-hazard products stored on-site and best practices for management of an unexpected release. Additionally, the department provided fire protection & EMS support for the Farm Progress Show.

Fire Prevention Division:

The Fire Prevention Division investigated (4) fires; (2) ruled as Incendiary, (1) ruled as Accidental, (1) ruled as Undetermined and (1) fire scene reinspection. They also completed (19) key box installations & removals; (21) Smoke and Carbon Monoxide detector installations; (11) plan reviews.

Fire Prevention conducted (1) Fire Safety class; (23) business inspections and over (100) tent inspections for the Farm Progress Show. They also provided (7) consultations to the public; (1) juvenile fire-setter class; (5) Millikin Greek House inspections and attended Traffic and Parking Commission, Technical Review Committee and National Night Out planning meetings.
