

On Tuesday, 10/24/23, I returned from our 4 day weekend with a message from Ms. [REDACTED] [REDACTED]'s mother, stating that there was an inappropriate action by Mr. Gipson on 10/19/23 at the end of the day that involved her son being hurt and that she wanted to call the police but wanted to speak with me first.

What happened last Thursday at the end of the day?

[REDACTED]

- At the end of the day Thursday, I went to basketball practice. Some of us were confused because thought we were supposed to get on bus 40 but that was for the middle school team. Mr. T asked me to go down to middle school and let the other basketball players know what to do. Me and [REDACTED] walked down and walked into Mr. Gipson's room. I walked in the door and walked up to [REDACTED] Mr. Gipson started yelling that this was not my class and I needed to get out. I couldnt even explain. He grabbed my jacket and threw it in the hallway. Then he grabbed me by my shirt and swung me out of the classroom. The whole class saw it so you can investigate the whole class. [REDACTED] was with me.

[REDACTED]

- Mr. T told us all to come down to practice. I was walking down with [REDACTED] Gipson pulled on [REDACTED]'s shirt and pushed him out of the classroom. He threw his coat out the classroom door. [REDACTED] saw it.

[REDACTED]

- [REDACTED] and [REDACTED] came in to talk to the team about what they are doing. Mr. Gipson came out of nowhere and grabbed [REDACTED] and pushed him in the hallway. He threatened [REDACTED] that he would give him a referral for being in the wrong classroom.

[REDACTED]

- Mr. Gipson screamed in his face "why are you in here. Get out of my class." He grabbed his shoulder and pushed him out and screamed.

[REDACTED]

- [REDACTED] came in to tell us about basketball. Gipson cut him off so I couldn't really hear what he was trying to say. He threw his stuff out the class. He grabbed [REDACTED] and threw him too. [REDACTED] almost fell. [REDACTED] was mad. He grabbed him by his upper arm (pointed to it).

[REDACTED]

- Gipson grabbed [REDACTED] by the shoulder and threw him out the class. Everybody said "Whoa. what are you doing? You're not supposed to do that to a student." Mr. Gipson just walked off to his desk. Mr. Gipson yelled at him and told him to get out of class.
