MILWAUKEE STRIKE TEAM

The Wisconsin State Patrol's 22-member "Milwaukee Strike Team" was formed on the request of the city of Milwaukee Police Department (MPD) in response to widespread protesting and civil disorder. Responding to civil disturbances requires a complex balance for law enforcement between protecting lives, property and individual liberties as guaranteed by law.

The Strike Team was deployed to the intersection of West Locust Street and Martin Luther King Drive, just south of the MPD District 5 station, in response to MPD's assessment that the gathering was an unlawful assembly.

While pressing forward to regain control of the area and care for the wounded, the Strike Team was fired on twice and endured clouds of CS gas without the benefit of their gas masks. Several protesters and a Milwaukee Police officer were injured after being struck by recklessly driven vehicles. The Strike Team held their ground, providing defense for Emergency Medical Service personnel who were caring for and transporting injured people, as they continued to be challenged by protesters and hit and run vehicles.

The Milwaukee Strike Team's exceptional performance throughout this highly volatile and violent situation clearly rises above and beyond the call of duty. Their brave actions reflect the highest level of commitment and are a credit to themselves, the division and the law enforcement profession.

FOR THEIR EXCEPTIONAL PERFORMANCE AND
TEAMWORK IN THE EFFORTS OF RESTORING CIVIL
ORDER AND PROTECTING THE INJURED, THE
MILWAUKEE STRIKE TEAM MEMBERS ARE
PRESENTED THE **UNIT CITATION AWARD**.

MOTOR CARRIER INVESTIGATION UNIT

In 2019, the MCIU also initiated the intra-state compliance review program and conducted 29 compliance reviews of Wisconsin based intra-state motor carriers. As a result of these reviews, both Federal and State enforcement actions have been taken for serious safety violations identified by the MCIU investigators. In recognition of the quality of work demonstrated by the MCIU investigators, the Federal Motor Carrier Safety Administration tasked the unit with more complex investigations of large carriers with demonstrated safety concerns and those at a high risk of causing a serious highway crash.

In addition to their strong enforcement efforts, the MCIU conducted countless hours of education through seminars at local technical colleges and onsite safety presentations at motor carrier facilities.

The MCIU is one of the most visible units in the division for motor carrier officials and the investigators are often the first point of contact industry has with the State Patrol. The Motor Carrier Investigative Unit's professionalism, growth and achievement reflects the highest level of commitment and credit upon themselves, the division and the law enforcement profession.

Sergeant James Sawyer

On the afternoon of May 30, 2020, while assigned as a strike team leader in response to civil unrest in Madison, Sergeant Sawyer commanded an 18-person strike team to preserve life and property near the Wisconsin State Capitol.

After successful deployment of all troops, State Patrol resources were released and advised they could go home. Soon after, chaos erupted near the Capitol. Sergeant Sawyer recalled all team members and requested additional troops. As troops began arriving back at the staging area they were deployed to the streets of Madison. Sergeant Sawyer kept a calm demeanor and was able to assemble State Patrol resources in formations to assist Madison Police as effectively as possible. As the State Patrol team was taking projectiles and deploying proper crowd control measures, Sergeant Sawyer was able to monitor for injuries and provide relief as needed.
