Community Services, Inc. (CSI) has a vacancy on its Board of Director's in the Client Representative Class, to be filled from Ellis County. Client Representatives are elected by voters in their same county who have received or are eligible to receive a CSI Community Services Block Grant (CSBG) service.

CSI is seeking a customer who has received or is receiving a CSBG service within the past two years. The candidate should have some knowledge of community resources that provide support services to those in need. Ideally, although not required, the board candidate may have prior board experience or training.
