

Sacred Heart

MODEL SCHOOL

Learners to Leaders

August 29, 2019

Dear Sacred Heart Model School Families,

Today around 3:00 p.m., a woman approached a Sacred Heart Model School student while the student was walking enroute to Sacred Heart Academy. The student was in front of the Sacred Heart Model School gym when the woman pulled up in her car and asked if the student wanted a ride. The woman was older with short gray hair, no glasses and driving a black four-door smaller SUV. It is reported that she had a dog in the car.

All students are safe. We made a report to the 5th division so that a record would be on file. The officer stated they would increase their patrol of our campus throughout the day. We will speak with students tomorrow around morning and afternoon protocols and safety on campus.

Sincerely,

Dr. Michael Bratcher

Principal
