

Little Did I Know

By: Kim Landrum & the UofL MTC

VERSE I

The parade goes on,
Hang on mama needs a minute
I'm down here in it,
and I'm stuck where you're not
We laid on the couch,
Holding one another
Mourning the loss of things to come

PRECHORUS

Little did I know the strength it'd take

CHORUS

I just keep tryin',
Don't know what's gonna happen 'round the bend
Days when I'm hanging on, days when it might fall apart
But I just, keep, tryin'

VERSE II

My mind stays strong,
But this body's failing on me,
There's poison's running through me
And I'm stuck here in this chair
Here in this hell
Oh, I'm glad that you're with me
I can be brave like you see me, when you're--
Holdin' my hand

PRECHORUS

Little did I know the toll it'd take

REPEAT CHORUS

BRIDGE

We've been left-- with the all these scars
I'm trying to make sense of who we are
I'd rebuild, but don't know where to start

PRECHORUS

Little did I know the time it'd take
